The Honorable Jeremiah W. (Jay) Nixon
Governor of Missouri
State Capitol
Jefferson City, MO 65101

Dear Governor Nixon:

At its May 25, 2016 meeting, the East-West Gateway Council of Governments' Board of Directors approved an amendment to the FY 2016-2019 Transportation Improvement Plan (TIP) for the St. Louis, Missouri, metropolitan area. The TIP amendment covers the modification of two existing MoDOT scoping projects and the addition of nine new MoDOT scoping projects. It also covers the addition of 19 new Section 5310 transit projects. MoDOT is satisfied the federal requirements have been met in the development of this TIP amendment, including the opportunity for the public to comment on projects. No comments were received.

Enclosed is a copy of the TIP amendment for your review. We request approval of this action at your earliest convenience, so project authorization can proceed in the St. Louis metropolitan area.

Sincerely,

Roberta Broeker, CPA
Chief Financial Officer

RE: FY 2016-2019 Transportation Improvement Program Modifications

Dear Mr. McKenna:

At its May 25, 2016 meeting, the East-West Gateway Council of Governments' Board of Directors modified the Council's FY 2016-2019 Transportation Improvement Program (TIP). The Board approved the addition of 19 projects, and nine scoping projects as well as the modification of two scoping projects currently in the TIP.

The enclosed memos and project summary detail the approved modifications. With this Board action, fiscal constraint is maintained. No public comments were received. These projects are exempt with regard to air quality (40 CFR 93.126) and regionally significant. The regionally significant project is included in the current Air Quality Conformity Determination. At your request, minutes confirming the action will be forwarded to your offices.

We request that the State Transportation Improvement Program be adjusted to reflect this change so that this project can move toward implementation. If you have any questions concerning the modification, please contact us.

Sincerely,

Larry Grither
Division Manager

Subject: Modification of the FY 2016-2019 Transportation Improvement Program (TIP), the Metropolitan Transportation Plan, *Connected2045*, and the Related Air Quality Conformity Determination - Requested by Missouri and Illinois Project Sponsors

Date: May 11, 2016

The Missouri Department of Transportation (MoDOT), the Illinois Department of Transportation (IDOT), and the City of Pacific are requesting to revise the FY 2016-2019 TIP, *Connected2045*, and related Air Quality Conformity Determination to add three new projects, nine new scoping projects, and modify two scoping projects.

New Projects

IDOT is requesting to add two new safety projects. The first project is Guardrail Terminal Replacement, at a total cost of \$1,500,000. The second project is Reflective Sign Strips, at a total cost of \$20,000. Projects are funded by IDOT's safety set-aside (TIP#5037-09).

Additionally, the City of Pacific is requesting to add a project that includes concrete slab replacement and ADA improvements to existing sidewalks on Candlewick Lane / Industrial Drive from Congress to Denton Road. The total cost is \$202,650. The federal funding comes from the Surface Transportation Program – Small Urban (STP-N). STP-N funds are allocated to cities that are not within the urbanized area, but have a population greater than 5,000.

The new projects are summarized on the following page:

Scoping Projects

MoDOT is requesting to add nine new scoping projects. MoDOT's project scoping policy is intended to ensure that projects have defined scopes and construction cost estimates before they are committed to the TIP. At this time, there is no construction funding committed to these projects and the cost ranges for construction shown below are estimates only. State revenues were higher than anticipated and MoDOT is requesting to begin scoping work for these projects.

The new scoping projects are summarized below:

New Scoping Projects				
TIP#/ Sponsor/ Sponsor #/ County	Route/Limits	Description of Work	Fed/Total Cost for Design	Est. Cost Range for Construction
