Illinois Department of Transportation Amendments to the FY 2023-2026 Transportation Improvement Program

Draft - Program Summary and Projects Listing

For Public Comment:

September 16, 2022 - October 17, 2022

Introduction

Each year the East-West Gateway Council of Governments Board of Directors adopts a Transportation Improvement Program (TIP) that allocates federal funds to transportation projects. The TIP is developed using priorities and procedures approved by the Board of Directors through the adoption of *Connected2045*. Throughout the year the documents are modified to include new projects or significant changes to projects as additional funding becomes available. Before a project is eligible to receive federal funds it must be included in the TIP.

Proposed Modifications to FY 2023-2026 TIP

The FY 2023-2026 TIP was approved by the East-West Gateway Board of Directors on August 31, 2022. Since the Governor of Illinois released the Illinois Department of Transportation (IDOT) program on August 12, 2022. Twenty-one (21) IDOT projects with lettings scheduled through March 2023 were included in the FY 2023-2026 TIP.

IDOT is requesting to amend the remainder of its program to the FY 2023-2026 TIP which includes 64 projects at a total cost of $947.2 million. The description, project limits and costs for these projects by phase of work are summarized in **Attachment A**. The table below shows the breakdown of total funds by project type and geographic entity.
