Air Quality Conformity Determination

- Projects must be analyzed to determine conformity with air quality plans and budgets
- All projects must be included in the analysis - - significant projects are “called out” and scrutinized
- Projects not included in the analysis can not progress toward implementation
- Analysis complete-projects passed

Public Engagement

Public comment period – July 1-August 4

- TIP, Air Quality documents, and a short summary presentation will be posted to East-West Gateway website starting July 1

Comment form will be available on the website

Five open houses throughout the region in July

Comments will be summarized and presented at August meeting
