Dear Mr. McKenna:

The Federal Highway Administration (FHWA) has reviewed Missouri Department of Transportation's (MoDOT) request to incorporate the East West Gateway Council of Government's (EWGCOG) modification of their FY 2020-2023 Transportation Improvement Program (TIP), as further described in your letter of May 14, 2020, as an amendment to the FY 2020-2024 Missouri Statewide Transportation Improvement Program (STIP).

The EWGCOG's Board of Directors approved this TIP amendment on April 28, 2020. The Missouri Governor approved the subject TIP amendment on May 5, 2020.

In accordance with 23 CFR 450.218(b), and 450.328(a) and (b), we have determined that this STIP amendment is based on a transportation planning process that substantially meets the requirements of 23 U.S.C 134 and 135, 49 U.S.C. 5303 and 5304 and 23 CFR 450 Subparts A, B, and C. Based on our review, this STIP amendment request is approved.

SUBJECT: St. Louis Metropolitan Area
FY 2020-2023 Transportation Improvement Program
East-West Gateway Council of Governments (EWG)
Approval to Incorporate TIP Amendment six into the FY 2020-2024 STIP

As required by the 2015 Fixing America's Surface Transportation (FAST) Act, MoDOT received approval from Governor Parson for a "highway project only" TIP amendment for the St. Louis metropolitan area, which includes the addition of seven MoDOT construction projects and three MoDOT scoping projects. These projects are exempt with regard to air quality conformity requirements.

Enclosed is a copy of the Governor's approval letter and supporting documentation. The EWG Board of Directors approved the TIP amendments on April 29, 2020. All public involvement considerations have been met, no comments were received and fiscal constraint has been ensured with the exception of three projects that will necessarily need to be removed from this request. Those projects are **6S3545**, **6P3555** and **6P3518**.

We request approval of incorporating this TIP amendment, with the three listed exceptions, into the FY 2020-2024 State Transportation Improvement Program (STIP) at your earliest convenience.

Missouri New Projects

MoDOT has requested to add seven new projects to the TIP. MoDOT intends to use advance construction[1] for TIP# 6891A-20, 6992A-20, and 6992L-20 meaning that these projects initially will be funded with 100 percent state funds from MoDOT's operations budget until federal funds become available.

These projects are summarized on the next page:

[1] Advance construction is a mechanism that enables a sponsor to start construction using non-federal funds, with the understanding that it may later convert the project to federal-aid funding and receive federal reimbursement. To be eligible for conversion, the project must qualify for federal funds.

New Projects - Missouri					
Sponsor / TIP #	**Title – Limits**	**Description of Work**	**County**	**Federal Cost**	**Total Cost**

			TOTAL:	**$3,504,500**	**$6,324,000**

Missouri Scoping Projects

MoDOT has requested to add three scoping projects. MoDOT intends to use advance construction for TIP# 6992N-20 and 6992P-20. MoDOT's scoping policy is intended to ensure that projects have defined scopes and construction cost estimates before they are committed to the TIP. At this time, there is no construction funding committed to these projects and the projects entail preliminary engineering only (30 percent engineering).

These scoping projects are summarized on the next page:

Scoping Projects - Missouri					
Sponsor / TIP #	**Project Title - Limits**	**Description of Work**	**County**	**Fed / Total Cost for Design**	**Est. Cost Range for Construction**
MoDOT / 6992N-20	Various Routes – Various routes in the St. Louis District	Pavement preservation	Multi-County-Missouri	$0 / $50,000	$500,000 – $1 million

MoDOT / 6992P-20	MO 79 – At TR Hughes Boulevard	Intersection improvements	St. Charles	$0 / $50,000	$1 million – $2 million

Staff Recommendation: Staff recommends that the FY 2020-2023 TIP, *Connected2045*, and related Air Quality Conformity Determination be revised to add 11 new projects, modify four existing projects, and add three scoping projects as summarized above and detailed in the attachment. These projects are exempt with respect to air quality in accordance with federal regulations (40 CFR 93.126, 93.127) or are not regionally significant.
