E. Sealed Bid Contents & Instructions

All bid packages must include the information listed below. Bid packages that do not contain the required information may be deemed non-responsive and may not be considered. The Council reserves the right to waive minor errors, omissions, or technicalities as determined to be in the best interest of the Council and that do not impede the Council's ability to determine if the bidder best responds in quality, fitness, and capacity to the requirements for the project.

Bidders may bid on a single item or on multiple items contained in this solicitation. If a firm wishes to bid on multiple items, then the firm should submit one bid package (i.e. one sealed envelope) that contains the required information for all of the bids, as follows:

1. For **each item** on which the firm is bidding, the firm must submit:
 - a. One printed original marked "Original" **and** one printed duplicate marked "Copy" of Attachment 1. This form must be signed **and** completed in ink or typed, and any mistakes must be crossed out, corrections typed adjacent, and must be initialed by the person signing the bid. The form must be signed by a representative of the company/person submitting the bid. An *.xlsx version of Attachment 1 can be found on the Council's website at www.ewgateway.org.

2. For **each bid package*** submitted by the firm, the firm must submit:
 - a. Signed Conflict of Interest Disclosure Statement (see Attachment 2).

*Bid package refers to a single, sealed package (i.e. envelope or other parcel) that contains all the bids from the bidder for this bid number, whether the package includes one bid for a single item or several bids for multiple items listed in this solicitation.

Please note that submitting the required forms, certifications, and other information as part of this IFB does not alleviate a firm from having to submit these items for future solicitations. For example, if a firm submits a Conflict of Interest Disclosure Statement for this IFB, it will be required to submit a new statement for any future solicitation documents that are issued by the Council.

F. Disadvantaged & Small Business Participation and Equal Opportunity Provisions

The Council has adopted a Disadvantaged Business Enterprise (“DBEs”) Program to insure that DBEs shall have an equal opportunity to participate in Council projects; this program also includes Small Business Enterprises (“SBEs”). DBEs and SBEs are encouraged to submit proposals as prime contractors for this project. Non-disadvantaged firms are encouraged to use DBEs and SBEs as subcontractors and/or form joint ventures on this project.

The term "Disadvantaged Business" means a small business concern: (a) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals, or, in the case of any publicly owned business, at least 51 percent of the stock is owned by one or more socially and economically disadvantaged individuals; and (b) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

Members of the following named groups (Black Americans, Hispanic Americans, Native Americans, Asian Pacific Americans, Asian Indian Americans and women regardless of race, ethnicity or origin) and persons certified as socially and economically disadvantaged by the Small Business Administration (“SBA”) under the SBA Section 8(a) program will be presumed to be both socially and economically disadvantaged by the Council.

The term “Small Business Enterprise” is defined in accordance with the SBA’s definition, as follows: “... a small business concern is one that is independently owned and operated, is organized for profit, and is not dominant in its field. Depending on the industry, size standard eligibility is based on the average number of employees for the preceding twelve months or on sales volume averaged over a three-year period.” The Council will use the SBE size standards provided in 13 CFR Part 121 (as it may be amended from time-to-time) to determine a small business enterprise’s eligibility.

In order to be considered a DBE, a firm must be certified and registered as a DBE with the Missouri Department of Transportation. Please refer to the MRCC DBE Directory at:

http://www.modot.mo.gov/business/contractor_resources/external_civil_rights/mrcc.htm

In order to be considered an SBE, a firm must certify that it meets the definition of a small business, as indicated above.

A bidder may enclose with its bid package a copy of the relevant MoDOT or SBA DBE and/or SBE certification(s).

G. Funding Source

The U.S. Department of Homeland Security through the Missouri Office of Homeland Security is providing 100 percent of the funding for this project.

H. Conflict of Interest and Unauthorized Communications

After the release of this bid invitation, a responding firm's contact regarding this bid or the subject of this bid must be limited to the person identified in Section IX, Part A. Unless the person contacted is the person identified in Section I, Part C, any communication (whether oral or written) about this bid invitation or the subject of this bid with any person or organization listed below is prohibited and may result in the responding firm's disqualification from the procurement process.

1. Members of the evaluation team or selection committee.

 - (a) Fire Services / Hazmat

Section II Standard Terms And Conditions (Invitation for Bids)

The bidding firm agrees and understands that the solicitation is governed by these terms and conditions and that, as a condition of being selected for this project, it must adhere to the terms and conditions provided below. The bidding firm agrees and understands that its failure to adhere to the terms and conditions and/or any misrepresentation with regard to the solicitation may result in East-West Gateway Council of Governments ("East-West Gateway" or the "Council") disqualifying the firm from this procurement and/or rescinding a contract / purchase order if one is authorized as a result of the solicitation.

2.0 DEVIATIONS AND EXCEPTIONS: Deviations and exceptions from original text, terms, conditions, or specifications expressed in the solicitation shall be described fully, on the vendor's letterhead, signed, and attached to the bid package. In the absence of such statement, the bid shall be accepted as in strict compliance with all terms, conditions, and specifications and the bidders shall be held liable.

3.0 ALL BIDS CONSIDERED FINAL: All bid packages submitted in response to the solicitation are considered final. Unless otherwise due to extenuating circumstances and approved by the Council in advance, no additions, deletions, corrections, or adjustments will be accepted after the date and time specified in Part A of the solicitation.

Moreover, the Council is committed to ensuring a fair, competitive procurement process. The Council's policy is to award contracts / purchase orders to only those firms whose objectivity is not impaired because of any related, past, present, or planned interest, financial or otherwise, in organizations that are currently working with or are members of the Council and/or the St. Louis Area Regional Response System ("STARRS") or in organizations whose interests may be substantially affected by the Council's and/or STARRS's activities. If no Attachment 4 or Attachment 5 is included in the solicitation documents, then the bidder is not required to submit these certifications with its bid package.

Notwithstanding the paragraph above, the selected vendor must not be presently debarred or suspended by any Federal or State agency. A. Policy & Purpose

Actual and perceived objectivity will be an important part of successfully completing any project for East-West Gateway Council of Governments (the Council) including the St. Louis Area Regional Response System (STARRS). Moreover, the Council is committed to ensuring a fair, competitive procurement process. The Council's policy is to award contracts to only those firms whose objectivity or ability to perform the project work is not impaired because of any prior, present, or planned activities, relationships, contracts, or financial interests. Additionally, the Council must ensure that a firm competing for a contract award does not have or will not gain an unfair competitive advantage due to the firm's prior, present, or planned activities, relationships, contracts, or financial interests.

B. Organizational Conflicts of Interest

1. General

The Council is concerned about organizational conflicts of interest that exist, appear to exist, or may arise in the future with respect to the firms responding to a solicitation (i.e. invitation for bids or a request for proposals or qualifications).

2. Conflicts, Occur When

An organizational conflict of interest can occur when a contractor has activities, relationships, contracts, or financial interests that:

- (a) render the contractor unable to provide impartial assistance or advice to the Council,
- (b) limit the contractor's ability to perform its work objectively,
- (c) provide the contractor with an unfair competitive advantage, or
- (d) appear to do (a), (b), or (c).

3. Prior, Present, or Planned

An organizational conflict of interest can arise due to the contractor's prior, present, or planned activities, relationships, contracts, or financial interests that are directly related to the Council's project. In the context of organizational conflicts of interest, the terms prior, present, or planned have the following meanings:

- (a) *Prior* - Refers to one of two situations:
 - (i) those activities, relationships, or contracts that the contractor undertook or financial interests that the firm had within one year preceding the date the solicitation was issued, or
 - (ii) those activities, relationships, contracts, or financial interests that were conducted / engaged in as a prior part or phase of the Council's project no matter when it occurred (i.e. the contractor, under a prior and separate contract, developed specifications for the current project).
- (b) *Present* - Refers to those activities, relationships, or contracts that the contractor is engaged in / committed to or financial interests that the firm had at the time the solicitation was issued or at any time during the procurement / contracting process.
- (c) *Planned* - Refers to those activities, relationships, contracts, or financial interests that the contractor has taken steps towards undertaking / engaging in or intends to undertake / engage in but had not yet initiated at the time the solicitation was issued.

4. Bias and Unfair Competitive Advantage

Organizational conflicts of interest create two issues for the Council: bias and unfair competitive advantage. These terms have the definitions provided in Part B, #4(a).

- (a) *Definitions.*
 - (i) *Bias* - Occurs when a contractor's prior, present, or planned activities, relationships, contracts, or financial interests:
 - (1) render the firm unable to provide impartial advice,
 - (2) prevent the firm from objectively performing work for the Council, or
 - (3) appear to do either of (1) or (2).

Conflicts of Interest Policy Procurement Process

- (i) ***Unfair Competitive Advantage*** - Occurs when a contractor has gained access to information that meets both of the following criteria:
 - (1) the information is non-public, meaning it is information to which other firms competing for the contract award did not have access and it could not have been obtained during the course of the contractor's normal course of business, and
 - (2) the information would unfairly disadvantage other firms during the competitive procurement process.
- (b) ***Bias, Can Arise When*** - The potential for bias usually arises when a contractor has, or appears to have, substantial obligations to both the Council and another organization that may have interests that are different from or compete with the Council's interests. In these situations, a contractor may have an incentive to distort its advice or recommendations to the Council in order to benefit a competing interest of the firm's other client(s). The firm may also perform its work for the Council in such a way that it would benefit the firm's other client rather than in a way that best achieves the Council's goals for the project.
- (c) ***Unfair Competitive Advantage, Can Arise When*** - A contractor may gain access to non-public information in several ways including, but not limited to:
 - (i) The contractor's current or past relationship with the Council / STARRS or with organizations that are expected to benefit from the Council's project.
 - (1) ***Relationships*** - The relationships referred to in Part B, #4(c)(i) are most likely formed through prior contract work that the contractor has completed for the Council / STARRS or the organizations that are expected to benefit from the Council's project, but can also arise through the non-paid activities of the contractor.
 - (ii) The contractor has employees that serve / have served on any one of the Council's / STARRS' committees or sub-committees.
 - (1) ***Committees & Sub-Committees*** - The Council and STARRS have many committees and sub-committees, some of which make decisions regarding the approval of projects, expenditure of funds, and other matters that may directly affect the project that is the subject of the solicitation. A contractor may gain an unfair competitive advantage if a contractor participates in non-public meetings or has an employee that serves in any capacity on one of these committees or sub-committees. Through the committees or sub-committees the contractor may gain access to not only information regarding the project but also the Council's preferences and other information that may not be publicly available.

5. ***Real, Apparent, or Potential***

The Council's policy regarding conflicts of interest applies to those conflicts that are real, apparent, or potential. Each of these terms is defined below.

- (a) ***Real*** - Refers to a conflict that exists in fact.
- (b) ***Apparent*** - Refers to a conflict that appears to exist based on the circumstances when examined under a reasonable person standard.
 - (i) ***Reasonable Person Standard*** - Under the reasonable person standard, the Council will consider how the situation will appear if covered by the news media, how it will appear to the Council's Board of Directors, stakeholders, members, or funding agencies, or how it will appear to the general public.
- (c) ***Potential*** - Refers to a conflict that may not currently exist, but that could arise if the Council does not take steps to mitigate or eliminate the circumstances that may lead to a conflict of interest.
- (d) ***Examples*** - Examples of the various conflicts are provided in Part E.

C. **Disclosing Conflicts of Interest**

1. ***Questionnaire & Disclosure Statement***

Based on the Council's Conflict of Interest Policy, each firm responding to the Council's solicitation must include in its submittal a signed Conflict of Interest Questionnaire & Disclosure Statement that provides the Council with sufficient information to determine if a conflict of interest exists, appears to exist, or could arise with regard to the responding firm.

2. ***Council Review***

The Council will review the information provided by the responding firm on its Conflict of Interest Questionnaire & Disclosure Statement and may seek additional information from the firm. All such information, and any other relevant information, will be used to determine whether a contract award to the responding firm constitutes a real, apparent, or potential conflict of interest.

Conflicts of Interest Policy Procurement Process

3. Conflict Found

If any such a conflict is found to exist during the procurement process, the Council may:

- (a) disqualify the responding firm from the procurement process, or
- (b) determine that it is otherwise in the Council's best interest to continue with the procurement process and award a contract to the responding firm and will include, in the awarded contract, appropriate provisions to mitigate or avoid the conflict.

4. After Discovered Conflicts

- (a) *Definition* - An after discovered conflict of interest is one that a responding firm / contractor discovers either after the Council receives the firm's submittal or after the contract has been awarded.
- (b) *Process* - If an after discovered conflict arises, the responding firm / contractor must make an immediate, written, full disclosure to the Council. This disclosure must include a full description of the conflict and a description of the action that the responding firm / contractor has taken, or proposes to take, to avoid or mitigate such conflict. The disclosure must be sent to the person listed in Part D.
- (c) *Council Review* - In the event of an after-discovered conflict, the Council will review the information provided and, if a conflict is found to exist, will undertake a course of action that is in the best interest of the Council, this may include, but is not limited to:
 - (i) disqualifying the responding firm from the procurement process,
 - (ii) terminating the contract without penalty to the Council, or
 - (iii) continue with the procurement or contracting process and will include, in the awarded contract, appropriate provisions to mitigate or avoid the conflict.

5. Subcontractors

The requirements in this policy apply equally to a responding firm's subcontractors. This means that if the responding firm has hired a subcontractor or proposes to hire a subcontractor for the project then the responding firm is obligated to disclose the information required by this Part C.

6. Failure to Disclose

A firm that is competing for a Council contract has an obligation to disclose a conflict of interest (as it is described in this policy).

- (a) *Definition* - A firm's failure to disclose a conflict can occur when the firm:
 - (i) does not provide the required Conflict of Interest Questionnaire & Disclosure Statement,
 - (ii) refuses to provide additional information the Council has requested, or
 - (iii) misrepresents the information disclosed in the Conflict of Interest Questionnaire & Disclosure Statement.
- (b) *Disqualification / Contract Termination* - A firm's failure to disclose may result in the firm being disqualified from the procurement process. If the failure to disclose is discovered after the contract is awarded, the Council may immediately terminate the contract without penalty to the Council.

Procurement Process

E. Examples of Conflicts of Interest

The Council has provided the examples below to illustrate various situations in which an organizational conflict of interest may exist, appear to exist, or could arise. In each situation, the responding firm must disclose its activities, relationships, contracts, or financial interests. The examples below are not exhaustive; there are many situations that may create a real, apparent, or potential conflict of interest.

#1 - The Council is seeking a consultant to perform engineering / architecture work for one of its transportation projects. The transportation project will focus on making bicycle / pedestrian improvements to Street A. Street A is owned and maintained by the City of Z. The Responding Firm has a current contractual relationship with City of Z to perform certain architecture / engineering services with respect to Street A roadway improvements and the intersecting Street B. In this situation Responding Firm may have a conflict of interest which may cause or appear to cause the Responding Firm to be biased. Responding Firm may be put in the position to choose between the competing obligations it has to the Council and its other client, City of Z. Responding Firm may have an incentive to provide the Council biased recommendations or may be unable to objectively perform its work for the Council. On its Conflict of Interest Questionnaire & Disclosure Statement, Responding Firm must disclose its contractual relationship with City of Z.

#2 - The Council is seeking a consultant to perform planning services for Project X. The planning services are related to improving the walkability of Corridor N in R-City. Corridor N is owned and maintained by R-City. R-City is planning to hire a consultant to complete architecture / engineering services as part of a major construction project at a location along Corridor N and within the Project X planning area. R-City is planning to issue a solicitation for these services sometime after Project X has begun. Responding Firm is aware of R-City's construction project and plans to compete for the architecture / engineering contract. In this situation, Responding Firm's planned activities may create a conflict of interest which may cause or appear to cause Responding Firm to be biased. Responding Firm's planned activities with regard to the architecture / engineering project may affect its ability to objectively perform services for Project X and to provide impartial recommendations for improvements to Corridor N. Responding Firm may have also an incentive to perform its services in such a way as to put itself in a better competitive position for the construction project. Moreover, a potential conflict may arise if Responding Firm is selected for the future project and will have competing obligations to the Council and R-City. On its Conflict of Interest Questionnaire & Disclosure Statement, Responding Firm must disclose its plan to compete for the R-City contract.

#3 - The Council is seeking a vendor to build and deliver Truck B. Truck B is being purchased by the Council / STARRS for City of Q Police Department ("QPD"). Prior to the Council issuing the solicitation, a QPD employee contacts Responding Firm and asks for assistance in preparing specifications for Truck B. Responding Firm complies and helps QPD put together the specifications for Truck B. In addition, Responding Firm's personnel attends a couple of meetings of the STARRS Sub-Committee D to discuss the Truck B project and provide the subcommittee with information about Responding Firm's products. The subcommittee meeting is not a public meeting and the information provided to Responding Firm about the project is not publicly available. In this situation, Responding Firm may have a conflict of interest which may or appears to provide Responding Firm with an unfair competitive advantage. First, Responding Firm helped write the specifications for the solicitation which enhances Responding Firm's position during the procurement process. Second, Responding Firm gained access to non-public information by communicating with QPD personnel and attending the Sub-Committee D meetings and this information could not have been obtained during the normal course of Responding Firm's business. Responding Firm must disclose each of the following on its Conflict of Interest Questionnaire & Disclosure Statement: (A) its role in developing the specifications for Truck B, (B) its communications with the QPD employee, and (C) its participation in the Sub-Committee D meetings.

#4 - STARRS Sub-Committee C decided at its last meeting to allocate a portion of its budget to fund a professional services contract to provide training for local first responders. Sub-Committee C's meeting is not a public meeting and the information shared at the meeting is not publically available. Responding Firm provides this type of training as part of its business and it decides to submit a proposal in response to the solicitation. Responding Firm proposes to hire Individual F as a subconsultant for the project. Individual F will serve as the lead trainer in the event that the contract is awarded to Responding Firm. Individual F does not assist Responding Firm with the preparation of Responding Firm's proposal; however, Individual F is a member of Sub-Committee C and attends the sub-committee meetings, including the meeting at which the decision was made regarding the professional services contract. In this situation Responding Firm may have a conflict of interest which may or appears to provide Responding Firm with an unfair competitive advantage. Individual F, and by extension, Responding Firm, had access to non-public information regarding the project and the solicitation and this information could not have been obtained during the normal course of Responding Firm's business. Responding Firm must disclose, on its Conflict of Interest Questionnaire & Disclosure Statement, Individual F's membership on Sub-Committee C and Individual F's participation in Sub-Committee C meetings.

EAST-WEST GATEWAY COUNCIL OF GOVERNMENTS
PURCHASE ORDER
ATTACHMENT 1: STANDARD TERMS & CONDITIONS

Seller understands and agrees that the following terms and conditions apply to the purchase order that was issued by East-West Gateway Council of Governments (the "Council"). These Standard Terms & Conditions ("Attachment 1") may be supplemented by the language included on the face of the purchase order form itself or the terms expressed in certain attachments as indicated below (with a check mark or "X"):

- Attachment 2: Special Terms & Conditions ("Attachment 2")
- Attachment 3: Specifications ("Attachment 3")
- Attachment 4: ("Attachment 4")

Seller further understands and agrees that failure to adhere to these terms and conditions constitutes a material breach of its contract with the Council and that the Council may take appropriate action against Seller to ensure compliance with these provisions, up to and including, ordering a stoppage of work, suspending payments, or cancelling or rescinding the purchase order.

1.0 ACCEPTANCE: The purchase order issued by the Council includes the purchase order form, Attachment 1, or, as applicable: Attachment 2, Attachment 3, and Attachment 4 and, unless otherwise noted, these documents are hereinafter referred to collectively as the "Purchase Order." The Purchase Order is an offer to buy the goods or services described in the Purchase Order, and becomes a binding contract on the terms and conditions contained in the Purchase Order when the Purchase Order is accepted by Seller by acknowledgement either by: (1) submitting a quote/bid/proposal/response in response to the Council's procurement request (i.e. request for quotes; invitation for bids; or request for proposals/qualifications); (2) shipment of the goods; or (3) by other commencement of work. Any acceptance of the Purchase Order is limited to acceptance of the express terms of the offer contained in the Purchase Order. No revisions of the Purchase Order shall be valid unless agreed to in writing by the Council and signed by an authorized representative of the Council. No condition stated by Seller in acceptance of or acknowledging the Purchase Order shall be binding upon the Council if it conflicts with, is inconsistent with, or is in addition to the terms and conditions contained in the Purchase Order, unless such condition is expressly accepted by the Council in writing and signed by an authorized representative of the Council.

2.0 QUANTITIES & SPECIFICATIONS: By accepting the Purchase Order, Seller shall be deemed to have inspected and approved all plans, drawings, and specifications applicable to the goods or services ordered by the Council. Seller shall not deliver, and the Council shall not have any obligation or liability with respect to, any quantity of goods or services in excess of the quantity specified in the Purchase Order, unless the Council otherwise directs Seller in writing. The specifications for the goods or services, if applicable, are attached to the Purchase Order in Attachment 3. If Attachment 3 is inapplicable, then the specifications that apply to the Purchase Order are those contained in the procurement documents or on the face of the purchase order form.

3.0 WARRANTIES: Seller expressly warrants that it will convey title to all goods furnished under the Purchase Order and that all goods or services furnished under the Purchase Order will conform to all specifications and appropriate standards, will be free from defects in material workmanship, will be merchantable, and will be safe and appropriate for the purpose for which the goods of that kind are normally used. Seller knows and has reason to know the particular purpose for which the Council intends to use the goods, Seller warrants that such goods will be fit for such particular purpose. The warranties of Seller run to the Council and the Council's successors, assigns, sub-grantees, sub-recipients, customers, or the intended users of the goods or services. Seller hereby assigns to the Council any warranties or guaranties provided by manufacturers or suppliers of products incorporated into goods or services provided by Seller under the Purchase Order and shall, upon request, enforce any such warranty or guaranty on behalf of the Council. In addition to the warranties described in this Paragraph 3.0, Seller agrees to the warranty provisions included in the procurement documents on the face of the purchase order form, as applicable. **NO ATTEMPT BY SELLER TO DISCLAIM, EXCLUDE, LIMIT, OR MODIFY ANY WARRANTY OR SELLER'S LIABILITY OR INCIDENTAL OR CONSEQUENTIAL DAMAGES SHALL BE OF ANY FORCE OR EFFECT.**

4.0 DEFECTIVE OR NONCONFORMING GOODS OR SERVICES: No goods or services received by the Council pursuant to the Purchase Order shall be deemed accepted until the Council or the Council's authorized representative has had a reasonable opportunity to inspect or observe performance on such goods or services. The Council or the Council's authorized representative shall have access to the right to inspect all work prior to its completion. Notwithstanding any such inspection, Seller shall be solely responsible for the conformance of the work to the specifications provided by the Council. Seller shall promptly correct defects or replace any goods or services not conforming to any of Seller's warranties or the specifications, as described in the Purchase Order, without expense to the Council and provided that the Council chooses to provide Seller with an opportunity to do so. The Council is not obligated to provide Seller an opportunity to correct defects or replace any goods or services. Irrespective of whether a defect or nonconformity was discovered upon initial inspection (or at a later time if not readily ascertainable upon initial inspection), in the event that Seller fails to correct defects or replace nonconforming goods promptly, the Council, after providing reasonable notice to Seller, may make such corrections or replace such goods and charge Seller for the costs incurred by the Council in doing so. Such remedies shall not affect the Council's discount privilege and shall not include, without limitation, other legal, equitable, or contractual remedies of the Council as a result of Seller's delivery of defective or nonconforming goods or services.

5.0 PRICE WARRANTY: Seller warrants that the prices for the goods sold to the Council under the Purchase Order are not less favorable than those currently extended to any other customer of Seller for the same or similar goods in similar quantities. If Seller reduces its prices for such goods during the term of the Purchase Order, Seller agrees to reduce the prices offered under the Purchase Order correspondingly. Seller warrants that the prices shown on the Purchase Order are complete and that no additional charges or charges of any type shall be added without the Council's express written consent. Such additional charges include, but are not limited to: shipping, packaging, labeling, customer duties, taxes, insurance, storage, boxing, and crating. Delay in receiving invoices and errors and omissions on statements or invoices will be considered just cause for withholding settlement without the Council losing its discount privileges.

6.0 DELIVERY: Time is of the essence for providing the goods or services governed by the Purchase Order. The Council and Seller have agreed to a delivery schedule as indicated in Paragraph 2.0 of Attachment 3 or on the face of the purchase order form, as applicable. Seller understands and agrees that strict adherence to the delivery schedule is a material component of the Purchase Order and that Seller's failure to adhere to the schedule will be considered a material breach of the contract and the Council may cancel or rescind the Purchase Order or seek other legal or equitable remedies available to the Council. Failure of Seller to adhere to the delivery schedule shall render Seller liable for any and all expenses and costs incurred by the Council as a result of such failure, including but not limited to reasonable attorney's fees and administrative costs. Seller shall immediately notify the Council of any delays or threatened delays in the performance of the Purchase Order. No acceptance of the goods or services after the scheduled delivery date will waive the Council's rights with respect to such late delivery nor shall it be deemed a waiver of future compliance with the terms of the Purchase Order. All deliveries shall be F.O.B. destination freight prepaid.

7.0 PAYMENT TERMS AND INVOICING: The Council will pay properly submitted vendor invoices within thirty (30) calendar days of receipt, provided that the goods or services have been delivered, installed (if required), and accepted prior to the Seller issuing an invoice to the Council. Pre-payment of costs is not permitted, unless the Council provides its express written pre-approval. Invoices presented for payment must be submitted in accordance with instructions contained in the Purchase Order including reference to Purchase Order number and submitted to the correct address for processing. **Unless specifically requested or authorized by the Council, faxed or e-mailed invoices will not be accepted.** A good faith dispute creates an exception to these payment terms. Seller understands and agrees that its failure to adhere to these payment and invoicing requirements or its failure to respond timely to the Council's requests for additional information may result in a delay in the invoice review / payment process without any penalty to the Council.

8.0 TAXES: The Council is exempt from payment of state, county, and city sales taxes in the state of Missouri on its purchases. A tax exempt letter will be provided to Seller upon request. The Council may be subject to other states' taxes on its purchases in that state depending on the laws of that state.

9.0 RISK OF LOSS: All risk of loss shall be upon Seller from the time the goods first come under Seller's control until such time as the goods shall be delivered to the destination specified in Paragraph 3.0 of Attachment 3 or on the face of the purchase order form, as applicable, and accepted by the Council. Seller agrees to indemnify and hold the Council harmless for any and all losses, costs, damages, and expenses (including reasonable attorney's fees) which the Council may sustain as a result or in consequence of the loss of or damage to the goods during such period of time.

FEDERAL DEBT STATUS CERTIFICATION: In order to be eligible to receive payments under the Purchase Order, Seller must be non-delinquent in its repayment of any Federal debt, including but not limited to, delinquent payroll and other taxes, audit disallowances, and benefits overpayments. Seller covenants that it will at its own expense defend every suit which shall be brought against the Council (provided that such vendor is promptly notified of such suit, and all papers therein are delivered to it) for any alleged infringement of any patent by reason of the sale or use of such articles, goods, or materials, and agrees that it will pay all costs (including reasonable attorney's fees), damages, and profits recoverable in any such suit.

The records retention period may be extended if Seller is notified in writing by the Council that the records retention period has been extended. The Council's written notice will specify the time frame for the extended records retention period.

Upon acceptance of the Purchase Order, Seller certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the Purchase Order or the federally assisted project for which its work is being performed. In addition to other penalties that may be applicable, Seller further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 and other related federal statutes on Seller to the extent the Federal Government deems appropriate. Seller also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under an agreement connected with a project that is financed in whole or in part with Federal assistance originally awarded by the Federal funding agency, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001, implementing federal regulations, and any other applicable federal statute on Seller, to the extent the Federal Government deems appropriate. Seller agrees to include this provision in each subcontract financed in whole or in part with the Federal assistance provided by Federal funding agency noted in Paragraph 20.0 of Attachment 1. It is further agreed that this Paragraph 7.2 shall not be modified, except to identify the subcontractor who will be subject to the provisions.
- 7.3 DRUG-FREE WORKPLACE:** Seller certifies that it will comply with the requirements of the federal Drug-Free Workplace Act, 41 U.S.C. § 701 *et seq.*, as amended, and implemented in the Federal funding agency's regulations contained in the CFR.
- 7.4 COMPLIANCE WITH ENERGY CONSERVATION PLANS:** Seller shall comply with mandatory standards and policies relating to energy efficiency that are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act, 42 U.S.C. § 6321 *et seq.*
- 7.5 RECOVERED MATERIALS:** Seller agrees to comply with all the requirements of Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act (42 U.S.C. § 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.
- 7.6 FEDERAL WATER POLLUTION CONTROL ACT AND CLEAN AIR ACT:** Seller agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. §§ 1251 *et seq.* the Clean Air Act, as amended, 42 U.S.C. §§ 7401 *et seq.*, Executive Order 11738, and Environmental Protection Agency regulations located at 40 CFR Part 15. Seller agrees to include these requirements in each subcontract made under the Purchase Order that exceeds \$100,000.
- 7.7 FREEDOM OF INFORMATION AND MISSOURI SUNSHINE ACT:** Seller understands and agrees that the Missouri Sunshine Act ("Sunshine Act"), Section 610.010, RSMo, may apply to the information and documents, both paper and electronic, submitted to the Council regarding the goods or services provided under the Purchase Order. All materials submitted to the Council that are related to the goods or services will become agency records and are or may be subject to the Sunshine Act and to public release through individual Sunshine Act requests, unless the Council determines that a valid exemption under the Sunshine Act applies. The Council has adopted a presumption of disclosure; therefore, the Council does not consent to honor any "routine" confidentiality statements that may appear on documents or correspondence (i.e. e-mails, letters, etc.) in paper or electronic that accompany the submission of project information, absent a requirement under federal or state law or regulation that the information must be kept confidential. Seller shall clearly and specifically mark genuinely confidential or privileged information and shall justify the information as confidential or privileged. The Council will review documents and information that are the subject of each Sunshine Act request, as permitted by federal or state law or regulation, and determine the extent to which the Council must or should exercise its discretion and withhold those documents. Further, Seller understands and acknowledges that the applicability of the Sunshine Act or the Council's exercise of discretion to withhold a document does not affect the State or Federal funding agency's right to make a separate determination about the disclosure of a document related to a project under the Sunshine Act or the federal Freedom of Information Act ("FOIA"), 5 U.S.C. § 552; however, if the State or Federal funding agency make the determination that a document may be disclosed under the Sunshine Act or FOIA, the Council will presume that the document is subject to disclosure under the Sunshine Act unless Seller demonstrates otherwise.
