Re: FHWA/FTA Approval of Amendment to
Missouri FY 2016-2020 State Transportation
Improvement Program (STIP) for the St. Louis
Metropolitan Area Amendment #5 of the FY 2016-
2019 Transportation Improvement Program (TIP) and
Connected 2045 Long Range Transportation Plan

Dear Mr. McKenna:

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) have reviewed Missouri Department of Transportation's (MoDOT) request to incorporate the East West Gateway Council of Government's (EWGCOG) modification of their Fiscal Year (FY) 2016-2019 Transportation Improvement Program (TIP), as further described in your letter of June 29, 2016, as an amendment to the FY 2016-2020 Missouri Statewide Transportation Improvement Program (STIP). The TIP modification to be amended into the STIP includes the addition of one local public agency sponsored highway projects, nine new MoDOT scoping and design highway projects and 18 new transit projects. The amendment also modifies two currently programmed MoDOT scoping and design highway projects. These projects are exempt with regard to air quality.

The EWGCOG's Board of Directors approved this TIP amendment on May 25, 2016. The Missouri Governor approved the subject TIP amendment on June 28, 2016.

In accordance with 23 CFR 450.218(b), and 450.328(a) and (b), we have determined that this STIP amendment is based on a transportation planning process that substantially meets the requirements of 23 U.S.C 134 and 135, 49 U.S.C. 5303 and 5304 and 23 CFR 450 Subparts A, B, and C. Based on our review, this STIP amendment request is approved.

If you have any questions or need additional information, please contact Brad McMahon, FHWA, at (573) 638-2609 or Jeremiah Shuler at FTA (816) 329-3940.

Dear Mr. McKenna:

At its May 25, 2016 meeting, the East-West Gateway Council of Governments' Board of Directors modified the Council's FY 2016-2019 Transportation Improvement Program (TIP). The Board approved the addition of 19 projects, and nine scoping projects as well as the modification of two scoping projects currently in the TIP.

The enclosed memos and project summary detail the approved modifications. With this Board action, fiscal constraint is maintained. No public comments were received. These projects are exempt with regard to air quality (40 CFR 93.126) and regionally significant. The regionally significant project is included in the current Air Quality Conformity Determination. At your request, minutes confirming the action will be forwarded to your offices.

We request that the State Transportation Improvement Program be adjusted to reflect this change so that this project can move toward implementation. If you have any questions concerning the modification, please contact us.

Subject: Modification of the FY 2016-2019 Transportation Improvement Program (TIP), the Metropolitan Transportation Plan, *Connected2045*, and the Related Air Quality Conformity Determination - Requested by Missouri and Illinois Project Sponsors

Date: May 11, 2016

The Missouri Department of Transportation (MoDOT), the Illinois Department of Transportation (IDOT), and the City of Pacific are requesting to revise the FY 2016-2019 TIP, *Connected2045*, and related Air Quality Conformity Determination to add three new projects, nine new scoping projects, and modify two scoping projects.

New Projects

IDOT is requesting to add two new safety projects. The first project is Guardrail Terminal Replacement, at a total cost of \$1,500,000. The second project is Reflective Sign Strips, at a total cost of \$20,000. Projects are funded by IDOT's safety set-aside (TIP#5037-09).

Additionally, the City of Pacific is requesting to add a project that includes concrete slab replacement and ADA improvements to existing sidewalks on Candlewick Lane / Industrial Drive from Congress to Denton Road. The total cost is \$202,650. The federal funding comes from the Surface Transportation Program – Small Urban (STP-N). STP-N funds are allocated to cities that are not within the urbanized area, but have a population greater than 5,000.

The new projects are summarized on the following page:

Scoping Projects

MoDOT is requesting to add nine new scoping projects. MoDOT's project scoping policy is intended to ensure that projects have defined scopes and construction cost estimates before they are committed to the TIP. At this time, there is no construction funding committed to these projects and the cost ranges for construction shown below are estimates only. State revenues were higher than anticipated and MoDOT is requesting to begin scoping work for these projects.

The new scoping projects are summarized below:
