

PLANNING FOR THE  
**FUTURE**

I-70 PLANNING AND ENVIRONMENTAL LINKAGES (I-70 PEL) STUDY

## **EWG's Board of Directors Meeting**

JUNE 27, 2018

# I-70 PEL Study

## Vision Statement

*The vision for the I-70 Corridor between Wentzville and the Mississippi River is for a safe, well-maintained, interstate facility offering reliable mobility for all users into the distant future.*

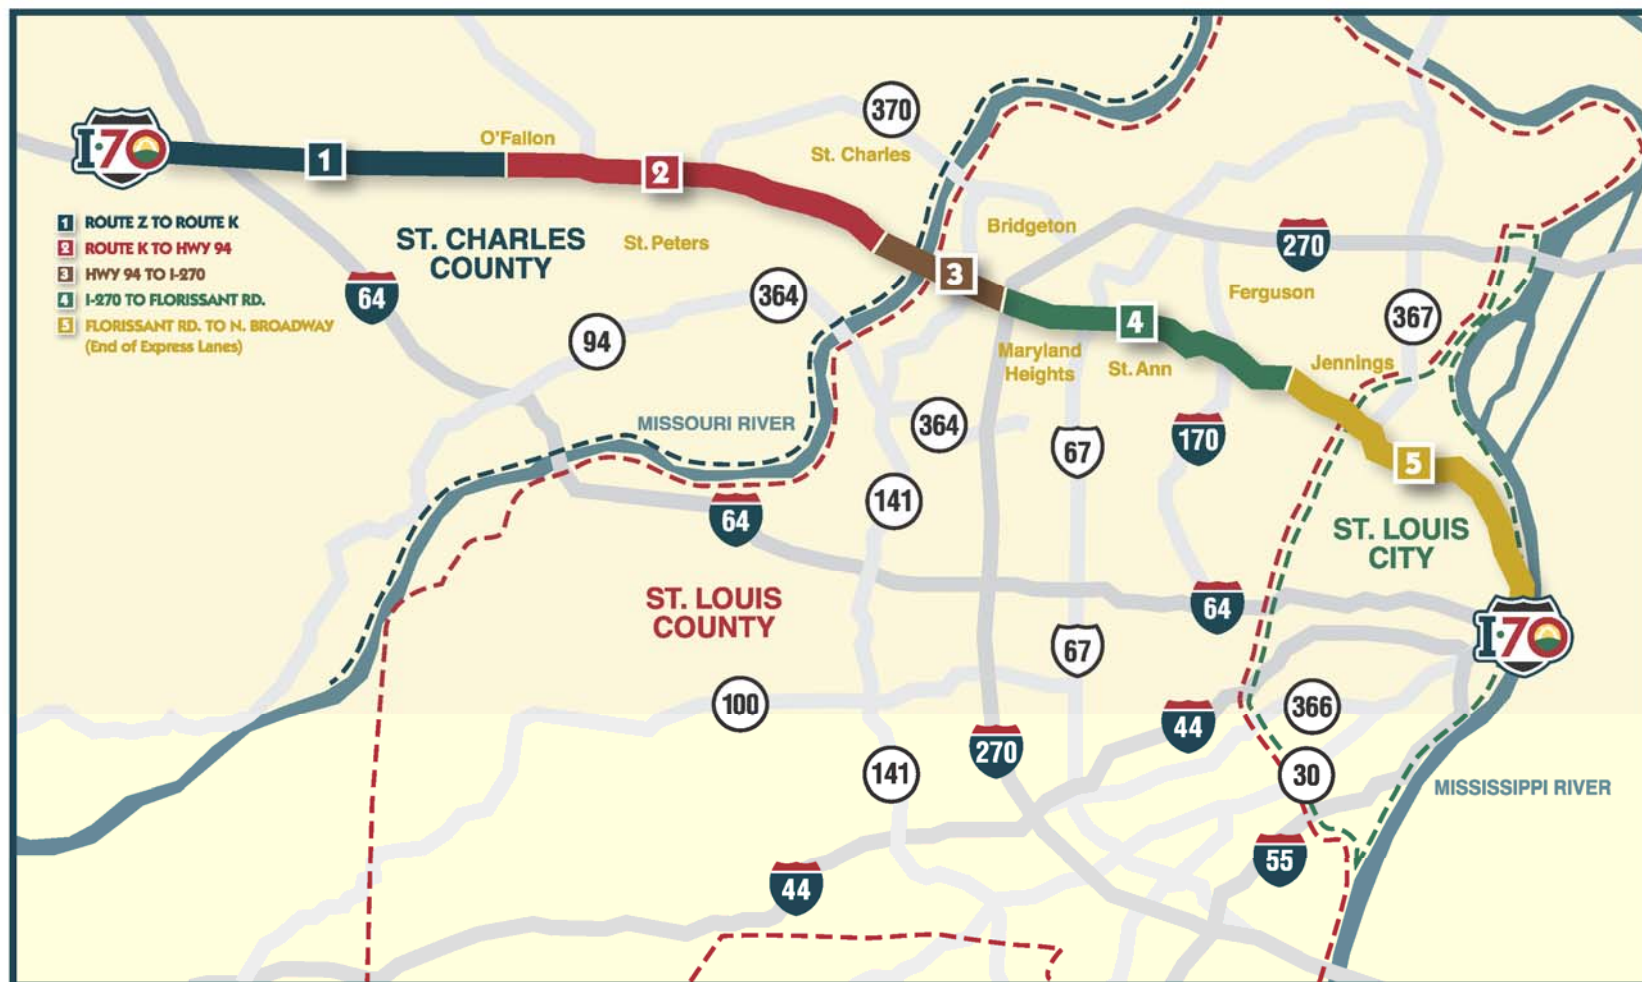

- By year 2045, the corridor will afford multi-modal transportation options, foster vibrant communities, lessen the highway's impact on neighborhoods that pre-date the interstate, and be a catalyst for economic development opportunities.*
- The corridor will be made efficient through enhanced public transportation; and modernized and made smart to accommodate an array of new and emerging technologies, including connected vehicles (CV) and autonomous vehicles (AV).*
- Communities along the corridor will thereby be effectively connected to the much larger intra- and interstate roadway.*
- At the regional level, commerce will be bolstered by efficient access to businesses, employment centers, and freight hubs, such as the St. Louis Lambert International Airport.*

*In conjunction with transportation improvements in the corridor, governments and private ventures will partner to coordinate investments that complement the I-70 transportation system and improve the economic vitality of the corridor.*

# I-70 PEL Study

## Corridor Segments

# I-70 PEL – Key Steps

## Final PEL Report

- 🌅 PEL Questionnaire
- 🌅 Letter of Acceptance from FHWA
- 🌅 Study Website will include all related documents

# I-70 PEL Study

## Final Public Meetings

- July 18 – O’Fallon City Hall
- July 19 – UMSL JC Penney Bldg., Rm. 202

**THANK YOU!**
