July 2019

The East-West Gateway Council of Governments (EWG) is pleased to provide the 2019 Public Officials Directory (POD). The directory is available online at www.ewgateway.org. The website also contains additional local government resources and publications.

This bi-state reference guide contains contact information for key municipal and county elected officials and personnel for the eight counties in the St. Louis metropolitan area as well as state elected officials, fire/ambulance districts, school districts and resource organizations. We are also now providing email addresses for mayors/village presidents, city managers/administrators and city clerks.

We strive to keep the directory as current as possible, and your ongoing input helps us to ensure the accuracy of the information provided. Throughout the directory you will find a convenient PODupdate email link at the bottom of each page that you can use to provide updates and corrections or please feel free to give us a call.

The POD is easy to navigate. Once you have opened the POD file, you can browse through its’ 200 pages or you can open bookmarks (if it did not open automatically) to find a table of contents from which you can easily select the specific section in which you are interested. Use the search/find function on your computer to locate specific cities, specific people, meeting times or other details for which you may be looking. Any changes/corrections that we receive, during the year, will be noted with an indication of the date the change was made.

The POD is organized by state (Missouri and Illinois). The state sections include information for each county and city in that county. We have also included a listing of cities by county in the introduction to assist you in finding the jurisdiction for which you may be looking. Fire/ambulance and school district information is also listed by county. At the end of each state section, are the contacts for all state and federal legislative officials serving the region. Finally, we have included a listing of key regional, policy and resource organizations.

We hope you will find the directory helpful and informative and welcome any suggestions or comments.

Sincerely,

Roz Rodgers
Manager of Community Engagement and Local Government Services
