

**REQUEST FOR PROPOSALS
FOR A CONSULTANT TO DEVELOP A DETAILED PLAN FOR THE HIGHWAY 50
CORRIDOR IN O'FALLON, ILLINOIS**

Solicitation # 2022RFP10-ILGRTSTREETS

**EAST-WEST GATEWAY
Council of Governments**

Creating Solutions Across Jurisdictional Boundaries

***1 S. Memorial Drive, Suite 1600
St. Louis, MO 63102***

December 9, 2022

**Request for Proposals
for
A Consultant to Develop Detailed Plan**

East-West Gateway Council of Governments (the Council) is seeking proposals from a consultant or a team of consultants to develop a detailed plan for the O'Fallon, Illinois Great Streets project.

Submittals are due no later than 1:00 p.m. local time on January 10, 2022 to the following address:

"Solicitation # 2022RFP10-ILGRTSTREETS"
c/o Mr. Cameron DeWitt
Contracts & Grants Coordinator
East-West Gateway Council of Governments
1 S. Memorial Drive, Suite 1600
St. Louis, MO 63102-2451

Section III contains the formatting, content, and other requirements for a submittal. ***Unless otherwise due to extenuating circumstances and approved by the Council in advance, any submittals received after the date and time listed above will be rejected and returned unopened.***

Pre-Submittal Meeting – A mandatory pre-submittal meeting is scheduled at the Council's offices. Please refer to Section IX of this RFP for more information regarding this meeting.

5 FAQs – Submittal Requirements

***Appendices are available on the Council's website at www.ewgateway.org/about-us/what-we-do/doing-business-with-ewg/contracting-opportunities/*

The Council is seeking submittals from a consultant or team of consultants (the Consultant) to develop a Great Streets detailed plan for the Highway 50 corridor in O’Fallon, Illinois. In 2006, the Council launched the Great Streets Initiative (the Initiative) to challenge communities to envision streets as more than spaces for automotive travel, but as integrated conduits for moving people, improving connectivity, enhancing local economies, and creating attractive, interesting places – in brief, building stronger communities. Further, the Initiative focused on providing communities with tools and relevant examples to assist them in rethinking the relationships between streets and their social and economic objectives.

The Council has selected a project in the city of O’Fallon, Illinois for Great Streets Initiative planning assistance. The Council, the city, and community leadership have identified several key issues that this planning project is intended to address; however, this project will necessarily require an analysis and a community discussion to fully identify the context, challenges, opportunities, and options before the detailed plan document can be developed. More information regarding the project can be found in Part (b) below.

Additional information about the project and the Council’s Great Streets Initiative will be presented at a mandatory pre-submittal meeting and will be placed on the Council’s website as it becomes available.

(a) The project area in O’Fallon, Illinois

O’Fallon, Illinois is a suburban community located in St. Clair County, just 18 miles east of Downtown St. Louis. Initially founded in 1854, the town gained its name from Colonel John O’Fallon, president of the Ohio and Mississippi Railroad. The surrounding area flourished with the railroad station’s presence and became incorporated as a village in 1874, fully forming the City of O’Fallon in 1905. Mining was a key component of growth in O’Fallon and the surrounding area through the early 1900s. The city of O’Fallon has evolved from being a rural railroad and mining town to its present state as a growing suburban community. The development of Interstate 64 and Scott Air Force Base have been the catalyst for the growth of O’Fallon.

Highway 50 was the main thoroughfare through town, until Interstate 64 was built in 1975. It runs along the southern edge of the city limits, providing residents quick access to St. Louis and Scott Air Force Base. According to the 2020 census, O’Fallon’s population is 32,289. The recent development of St. Elizabeth’s Hospital, the expansion of Scott Air Force Base, and the creation of regional Class-A office space have all created opportunities for the city’s continuous growth.

Highway 50 through O’Fallon, previously on the federal highway system, was historically the route that connected neighborhoods, institutions, community space, and businesses within the community and provided connections to nearby and regional communities. Interstate 64 was constructed parallel to the south of Route 50 in the 1970’s, taking through traffic off of the corridor and fundamentally changing the function and nature of the roadway. Route 50 is no longer a federal highway, though some aspects of it are still built to favor regional access over community mobility. It is currently owned by the state of Illinois.

The community has undertaken planning efforts and investments to improve O’Fallon, including bicycle and pedestrian facilities and, most recently, an update to the comprehensive plan, inspired by “15-

minute city” concepts. The city has begun the process of implementing the comprehensive plan with neighborhood commercial design guidelines, a neighborhood matrix and an updated bicycle/pedestrian plan. Also, the city has been addressing some of the numerous gaps in the sidewalk network in the area.

The Route 50 corridor factors significantly into the quality of the neighborhoods that flank it and is due for focused planning attention of its own, within the context of the city’s other goals. The western segment of the corridor abuts an interstate interchange and includes office and retail spaces oriented for automobile access. Green Mount Road, a critical intersection in the city which crosses Route 50, includes a segment of shared use path that will connect the hospital with the sports complex and the greater planned bike path network. A multitude of access driveways and automobile oriented property configurations complicate pedestrianism and foster an unremarkable entry into the city from the highway. There is also a long term opportunity to create a new front door for the regional hospital and transition intentionally from the interstate to the neighborhoods and the historic downtown.

Continuing east, the character transitions from convenience commercial and office to neighborhoods at the Cambridge Boulevard intersection. A mix of homes, schools (Marie Shaefer Elementary and O’Fallon Township High School), Community Park, churches, and businesses flank the road, though it is often difficult to walk from place to place. A commercial node at the Lincoln Avenue intersection is the center of the study area with direct access to the thriving historic downtown to the north and the library and post office to the south. At this point Route 50 returns to a 3 lane section.

Continuing east across Weber Road, the urban quality quickly erodes. The right of way narrows as Route 50 crosses Rock Spring Creek, and the development pattern is defined by large expansive lots dotted with occasional commercial buildings set back from the roadway. The McKendree Metro Rec Plex is located in this portion of the study area but lacks connectivity and accessibility for pedestrians or cyclists. The Scott Troy Road intersection is the eastern end of the study area. Regional investments in the area include the Metro East Parks and Recreation District greenway network and a Metrolink extension between Scott Air Base and Mid America Saint Louis Airport.

The city of O’Fallon has made significant investments in their historic downtown. The city is developing better connections for their residents to walk and bike throughout their community. The intent of this effort is to develop a plan for the Route 50 corridor that integrates with the other plans and goals of the city and makes the roadway a refreshing, vibrant, and attractive asset for the neighborhoods that flank it.

There are several facets to this project that the Consultant is expected to consider. The following draft list was developed to help clarify expectations, though it is not intended to limit a Consultant’s insights for the project. In fact, the project sponsors welcome well considered revisions or additions consistent with Great Streets planning principles. The planning process and resulting plan must build upon and integrate with recent planning efforts and investments in the community. O’Fallon residents and the business community are accustomed to participating in planning efforts. The engagement process shall build upon previous successful practices and accommodate desired adjustments. The resulting plan document should coordinate recommendations within the context and schedule of related documents and plans as a single, coordinated resource.

- The Illinois Department of Transportation owns Route 50. Some maintenance agreements with the city are in place, particularly in areas with curbing and piped stormwater drainage.

Discussions with the state DOT should account for the state's Complete Streets Policy and clarify treatments and design elements that the state will allow and/or maintain. Furthermore, this planning process should explore if, when, and under what conditions the city might take ownership of Route 50 in the project area.

- O'Fallon has focused recent investments on their historic downtown, just north of the central segment of our project area. This study will include Lincoln Avenue, extending from Pierce Boulevard north to the historic downtown. Land uses, the urban form, and improved wayfinding and access shall support, not compete with the unique character of the historic downtown area.
- Particularly in the central segment of the project area, commercial uses and traffic complicate the need to better connect neighborhoods to assets such as schools, Community Park, and the historic downtown. Multiple high quality pedestrian / bike crossings will need to be incorporated along the roadway. The existing crossing at Community Park, connecting to parking and businesses on the south side of the road, has been the location of multiple accidents and a fatality in recent years. The current configuration needs improvement.
- Placemaking is paramount to a successful corridor. Recommendations need to embrace practical function, longevity, and ecological best practices to create an inviting and enduring public space. Furthermore, Route 50 extends completely through the community, presenting the opportunity for "gateway" features as people transition into O'Fallon from the interstate on the west and the more open, rural setting to the east.
- The city is planning to update its bike/pedestrian network plan. An existing plan from 2005 has been partially implemented, though subsequent developments, updated industry guidelines, and a refreshed comprehensive plan make an updated bike plan necessary. Also, there may be the possibility to convert the existing unused CSX line in the city to a greenway trail. In the eastern third of the corridor, at the Rock Spring Branch Creek crossing, right of way is constrained, complicating the feasibility of building a planned greenway segment. This planning process needs to explore solutions. In general, the Consultant must clarify the city's current bike/ped plan goals in and related to the project area and fully incorporate the planning and concept design of the bike/ped facilities and wayfinding into the final plan recommendations.
- The hospital owns property on the north side of its current buildings, including a connection to Route 50 near the State Street intersection. With plans for campus expansion on this property, their intent is to create a new entrance at the State Street intersection. This intersection needs to be reconceived to account for the planned entry, the acute geometry of the intersection, the planned greenway extension across Route 50 (to connect to the sports park), and the proximity of Talon Drive.
- Stormwater occasionally floods Green Mount Road between Route 50 and the sports park and along Highway 50 near Lawn Avenue and Marie Schaefer Elementary School. The Consultant must consider strategies to address this for both the road and planned greenway extension. Additionally, stormwater and other natural system best practices (heat island mitigation, sound level reduction, air quality, urban flora and fauna, etc.) need to be explored and integrated throughout the plan recommendations.

- The Consultant shall coordinate with the transit operator about its long-term plans for service in the area and the possibility of Route 50 becoming a spine in their system. Potential and recommended stop locations, with appropriate access, shall be incorporated into the plan recommendations and bike/ped facilities in the project area. Several transit stops along the corridor lack adequate facilities. The Consultant must coordinate with the transit operator and recommend appropriate improvements.
- Existing land use, zoning, code, and management/governance practices need to be assessed within the context of market analysis and the community's vision (to be defined in this planning effort). The Consultant must recommend specific strategies to align development and municipal tools with the community vision and to provide stable long-term stewardship of the desired development patterns and land uses.
- Multiple mode shift functions need to be considered as part of an overall system, including:
 - Parking location, capacity and use
 - Transit stop facilities and access (there is a need for transit stations)
 - Bike parking
 - Delivery and servicing for commercial and business properties

The relevant reference documents described below have been made available online at the following URL: www.ofallon.org/planning-zoning-division/pages/master-plans-and-studies.

- 2040 Master Plan
- 2040 Future Land Use Map
- Strategic Plan
- Parks Master Plan
- Environment/Landscape Framework Plan
- Bicycle Facilities Plan

The Consultant will develop a visual and clearly readable plan document. The various aspects of the study will be planned at their appropriate levels of depth and detail. The anticipated project “study area” is shown in Exhibit 1 – Project Area Map. It may be refined during contract negotiation with the Consultant to account for consultant input. The project “context areas” include a broader footprint related to the various components of the project scope. For instance, the market study area will be defined to assess the appropriate market data and context related to the market identity, function, and capacity of the study area. Likewise with the transportation networks, environmental and utility infrastructure, and so on.

The plan document will clarify the scope, budget, responsible parties, and strategies for implementing its recommendations. The range of recommendations will likely include physical capital projects, management / governance practices, phasing, and priorities. The plan recommendations should be tied to anticipated or recommended funding sources.

The planning process must rely on extensive and repeated communication with and input from the local community, its leaders, patrons, and staff. The Consultant's team must include appropriate staff to facilitate the community collaboration.

The scope of work for this RFP is divided into two (2) sections. The first section, Part A addresses the General Scope of Work for the project. The second section, Part B, addresses Great Streets principles in general. Each response submitted for the project must include Part A and Part B. For more information regarding submittal requirements please refer to Section III of this RFP.

A. General Scope of Work

The tasks described below provide a generalized scope of work for the project. A responding firm's submittal must, at a minimum, address the tasks described below. The proposed approach must also reflect the practices described in the Council's digital design guide, which can be found on the Council's website at: www.greatstreets-stl.org. Please note that the tasks described below reflect the minimum number of broad elements that will be included in the detailed plan that is created for the project. It is possible that the plan developed for the project will include more detail or other more specific sub-elements. Each responding firm is encouraged to identify other key elements that it expects may be an important part of the project, and describe its approach to addressing those elements.

Task #1 – Project Management / Administration

The Consultant must oversee all aspects of the project. The Consultant must meet regularly with the Council and project sponsor throughout the project period. At the beginning of the project, the Consultant, project sponsor, and the Council will hold an in-person kick-off meeting to discuss the Consultant's approach to the project, recommendations for the project, and to finalize the project schedule. The Consultant must hold regular conference calls with the Council staff and the local project sponsor and must conduct periodic in-person meetings with the Council and the local project sponsor at key points throughout the project period.

Each submittal must include a proposed project schedule. The final project schedule will be approved by the Council, and the Consultant must adhere to the approved schedule. Please refer to Part C of this Section II for more information regarding the time constraints associated with the project and the requirements for the project schedule that must be submitted.

The Consultant must also submit regular invoices and progress reports to the Council and provide the Council with the information that it needs to complete its reports to the funding agencies. The Consultant will need to be available to answer any follow-up questions regarding its work or the information provided in its reports.

Task 1 Deliverables:

- ❖ *Project schedule, in agreed upon format*
- ❖ *Invoices, in approved format¹*
- ❖ *Progress reports, in approved format²*
- ❖ *Other information, as needed*

¹ A sample invoice format is provided in Appendix 2, Attachment 1

² A sample of the progress reporting format is provided in Appendix 2, Attachment 2

Task #2 – Community Engagement & Collaboration

It is essential that this project include significant community engagement and collaboration; both of which are essential to inform the planning process. The Consultant shall clarify the intent of each point of engagement, the type of information to be shared with the community, as well as the input needed from the community. The Consultant must, in coordination with the Council and the local project sponsor, develop a community engagement plan, as well as a mechanism to capture the public feedback received for this project. This mechanism must capture all the relevant details of the public meetings, including time, date, and location of the meetings, level of attendance, as well as comments and feedback from the public. The Consultant's submittal should clearly describe its proposed community engagement method.

The Consultant must provide the logistics and preparation required for all project meetings, including the kick-off meeting (see Task 1), advisory committee meetings, community outreach / public meetings, any on-line engagement, and plan hand-off workshop (see Task 6). Logistics and preparations include, but are not limited to, securing meeting facilities, preparing and distributing public notices regarding the meeting, any web based or virtual tools, and preparation of materials to be used (i.e. agendas, presentations, informational hand-outs, surveys, etc.). The Consultant must also prepare public meeting reports, in the format specified by the Council. Currently, the public meeting reports are in an on-line / web-based format. Much of the information that the Consultant captures with its public feedback mechanism can be used to complete the Council's public meeting reports.

All public outreach must comply with the Council's Title VI Program and be consistent with the Council's Public Involvement Plan.³

Task 2 Deliverables:

- ❖ *Community engagement plan*
- ❖ *Meetings and related minutes/records*
- ❖ *Community outreach activities and related feedback*
- ❖ *Presentation materials*
- ❖ *Public meeting reports*

Task #3 – Examination / Analysis of Existing Conditions

The goal of this project is to reinforce local identity, strengthen the local economy, support the multiple functions in the project area, develop effective multi-modal transportation networks, land uses, and policy or management practices that will support the community and connect it well with the surrounding neighborhoods. To that end, the Consultant must complete an examination or analysis of the existing conditions in the project area.

³ The Council's Title VI Program and Public Involvement Plan are available at: www.ewgateway.org/titlevi. The Title VI requirements for public meetings / events is provided in Appendix 2, Title VI Requirements for Public Meetings.

This examination must include, but is not limited to:

- an understanding of the neighborhood and business community’s management structure;
- review of recent planning/study documents and development proposals;
- assessment of development patterns and land-use/parking conditions;
- examination of roadway and traffic conditions and behaviors, as well as safety conditions;
- study of transit, pedestrian, and bicycle facilities and access points;
- assessment of mobility by mode;
- identification of potential ecological challenges and assets;
- identification of community assets and their access by residents and visitors baseline market analysis and capacity report; and
- identification of any existing physical, policy, or other challenges to likely or potential plan options.

The baseline market analysis will inform specific land-use recommendations, as well as identify the character type of commercial activity centers. The Consultant must analyze current land-use, by type, in the project area, identify potential barriers to plan implementation, and provide recommendations regarding land-use changes that will aid in plan implementation. This baseline market analysis should consider regional context, regional tourism activities / potential within the project area, nearby commercial and entertainment areas, neighborhood / resident demographic trends and capacity, and visitor demographics.

The Consultant must produce an existing conditions report that describes the results of its analysis. It is expected that the existing conditions report will consist of a proportionately balanced representation of key findings of the various planning disciplines supported by more detailed appendices to support the conclusions.

Task 3 Deliverables:

- ❖ *Draft existing conditions report*
- ❖ *Final existing conditions report*

Task #4 – Goals, Objectives, Measures, and Strategies Statement

The Consultant must, in coordination with the Council and local project sponsor, record and clarify the project vision, goals, measures, and objectives, based on existing conditions and community input. The project vision, goals, measures, and objectives will inform the range of specific strategies and how they are scrutinized and refined throughout the project. In this way, the plan recommendations are based on strategies specifically focused on achieving the community’s vision and goals.

- The Vision Statement establishes high level aspirational expectations to guide the planning process (i.e. create a vibrant community space)

- The Goals clarify the issues that need to be addressed to support the Vision (i.e. increase safety)
- The Objectives are the desired outcomes related to the Goals (i.e. calm traffic)
- The Performance Measures clarify how the Strategy options are to be assessed (i.e. reduce traffic speeds)
- Performance Targets state the desired or logical result of specific Strategies (i.e. 85 percentile observed traffic at 32 mph)
- Strategies are the specific means to achieve Objectives (i.e. narrow lanes, install curb extensions, etc.)

Armed with specific predicted outcomes for various plan options and strategies, the community is well-prepared to give efficient informed input throughout the planning process.

Task 4 Deliverables:

- ❖ *Vision statement*
- ❖ *Draft goals, objectives, measures, and strategies statement*
- ❖ *Final goals, objectives, measures, and strategies statement*

Task #5 – Plan Options Assessment

The Consultant must, in coordination with the Council and the local project sponsor, develop preliminary conceptual options to address the physical, operational, policy, technological and market aspects defined through the planning process. As plan options are developed and refined, all aspects of the existing conditions analysis and established community goals must inform the planning process. The Consultant must present options in an objective, logical, organized manner related to the performance targets that highlight each option's strengths, challenges, overall integration potential, and phasing / sequence recommendations or constraints. The Consultant must also identify subsequent steps necessary for implementation of each option, including preliminary costing, timing, and immediate / short- and long-term strategies where relevant.

The Consultant will present the preliminary plan options to the public using the engagement process developed during Task 2. During this process the Consultant must collect public feedback, record the decisions made during the process, and clarify which option is selected as the preferred plan option.

Task 5 Deliverables:

- ❖ *Preliminary plan options*
- ❖ *Record of option selection*
- ❖ *Preferred plan option*

Task #6 – Detailed Plan

Based on community input and technical analysis the Consultant shall refine the preferred plan option and any related recommendations. The Consultant must also create a market / land-use and business community management recommendations memo that guides potential business

development in the project area, informs management of regional tourism in the community, and lays the groundwork for the potential recommended ordinance modifications covering all or sections of the corridor. The process of developing the latter memo must be integrated with the work performed in Tasks 4 and 5 and used to inform the Detail Plan.

The Consultant must, in coordination with the Council and local project sponsor, develop a detailed plan document that:

- Incorporates the results of the community engagement, existing conditions examination/analysis, market/land-use analysis, and transportation analysis,
- Supports the vision, goals, and objectives expressed by the community for this project, and
- Includes each of the following:
 - Implementation strategies that address a prescribed multi-modal transportation and mode shift network, market and land-use recommendations (including conceptual plans for development areas), environmental infrastructure and best practices, and policy / management recommendations,
 - Immediate, short- and long-term recommendations for advancing and implementing the plan,
 - A scope for the eventual final design and implementation of the plan,
 - Identification of any needed phasing for the project, and
 - The budget and potential revenue sources for plan implementation.

The Consultant shall also host a “Plan Hand-Off Workshop” of the final plan and recommendations. At this workshop the Consultant shall present the final plan content and implementation recommendations to those who will be tasked with plan implementation and long-term maintenance / stewardship.

Task 6 Deliverables:

- ❖ *Draft detailed plan document and appendices (digital pdf format)*
- ❖ *Market / Land-use and business / community management recommendations memo*
- ❖ *Plan Hand-Off Workshop*
- ❖ *Final detailed plan document (7 printed & bound copies of the plan document, 3 printed copies of the appendices, and digital high resolution and compressed *.pdf versions of both the plan document and the appendices)*

B. Statement of Great Streets Principles

Each responding firm’s submittal must also include an original Statement of Great Streets Principles that expresses the firm’s understanding and view of the Great Streets movement, its potential value to community, and how the proposed planning process incorporates the Principles.

C. Project Schedule

It is anticipated that the work for this project will begin in the spring of 2023 and must be completed no later than June 30, 2024.

Each firm responding to this RFP must include in its submittal a recommended project schedule that, at a minimum, shows the estimated completion date for each of the tasks and sub-tasks and dates when the work products will be delivered to the Council. **Submittals that do not contain a project schedule may be deemed non-responsive and rejected.**

A. Formatting & Other Requirements

Submittals must conform to the following parameters*:

Page #	No more than 25 pages, exclusive of the required attachments
Page Size	8.5" X 11"
Page Orientation	Portrait, Landscape, or Both
Margins	1"
Font Size	Not less than 11 point font
Font Type	No requirement

*The submittal requirements listed above **do not** apply to work samples OR to the Attachments (forms).

Each responding firm must provide both printed and electronic copies of its submittal, including attachments and work samples. In addition to the parameters noted above, the submittal must adhere to the requirements described below for both the print and electronic versions.

Print Version – Submittal w/ Attachments A through G included*

# of Copies	8
Tabbing	Divide with tabs, organized in accordance with the outline provided in Part B below
Binding	No binder clips, paper clips, etc. (can use spiral binding, comb binding, etc.)

*Note that the work samples may **NOT** be included as part of the printed submittal but must be submitted as separate documents. **Attachments A through G are required in BOTH printed and electronic format.**

Print Version – Work Samples – Not Applicable, Submit Work Samples in Electronic Format Only*

# of Copies	None – printed versions of work samples not required
Tabbing	Not required
Binding	Not required

*Note that the work samples may **NOT** be included as part of the printed submittal but must be submitted as separate documents.

Electronic Versions

Submittal + Attachments	1 copy in *.pdf format
Attachment A	1 copy in *.xls or *.xlsx format
Work Samples	1 copy of each sample (3 total) in *.pdf format, unless URL is provided in lieu of a *.pdf
Storage Format	1 external storage device (e.g. USB flash drive)

Several attachments require a signature and **both** the print and electronic versions of these attachments **must include a signature**. A list of these attachments is provided below.

B	Form #2 – Statement of Past Performance AND Form #3 – Firm Responsibility Certification
D	Contract Terms & Conditions Comments
E	RFP Minimum Requirements Checklist
F	D/S/W/MBE Participation Form
G	Letter of Intent to Perform as a D/S/W/MBE

Additional information about the submittal requirements can be found in *Appendix 5 – FAQs – Submittal Requirements*.

B. Content

All of the items listed below must be addressed and included in each submittal. ***If all of these items are not provided in a firm’s submittal, then the Council may deem the firm’s submittal non-responsive and may not evaluate the submittal.***

The Council reserves the right to waive minor errors, omissions, or technicalities as determined to be in the best interest of the Council and that do not impede the Council’s ability to evaluate a responding firm’s quality of work, experience, or capability to perform the requested work.

In addition to the items noted below, each firm should ensure that its submittal provides any information that will be relevant to the evaluation process (see Section IV and *Appendix 1 – Evaluation Criteria & Factors (“Appendix 1”)*).

Sub-Part 1 – Approach & Qualifications

1. Letter of Interest. This letter must summarize the firm’s approach to the project and describe how the firm is particularly qualified to complete the work described in Section II. The letter must:
 - (a) commit the submittal for a minimum of 90 calendar days,
 - (b) include the name, phone number, and e-mail address of the person who the Council should contact in the event that questions arise regarding the firm’s submittal, and
 - (c) be signed by a firm principal.

2. Project Approach. The general scope of work for the project has been developed by the Council's staff and is provided in Section II. Each firm's submittal must include further detail about the specific methodology or approach that the firm intends to use to complete the project. Specifically, the description should, at a minimum, address each task listed in Section II and the following:
 - (a) The firm's approach, including project management, and how this approach will benefit the Council and allow the Council to accomplish its goals for the project.
 - (b) Any unique methods that the firm may employ to complete the project and why these methods are particularly well-suited to the project.
 - (c) A proposed project schedule (see Section II, Part C).

3. Qualifications. Each submittal must indicate the qualifications of the responding firm as it relates to the services requested in this RFP. The qualifications should be described in a brief narrative regarding the firm's capabilities to carry out the project, including special assets, areas of expertise, analytical tools, or data sources to which the firm has access. The qualification summary must also include the following:
 - (a) *Experience Summaries* – For each key person that will be assigned to the project, the submittal must include an experience summary. The summary should clearly identify the key person's prior experience on similar projects, in similar roles, and outline the responsibilities the person will have in the context of the Council's project. An experience summary must be provided for the following key personnel, as applicable:
 - ❖ Account management personnel
 - ❖ Project management
 - ❖ Personnel with specialized experience needed to complete the work*Full resumes should be included as an attachment to the submittal.*
 - (b) *Team Organization Chart* – A graphic representation of the team members that will be assigned to the project. The chart must show:
 - (i) the hierarchy of the team structure (i.e. who reports to who for purposes of the project);
 - (ii) the name and title of each individual show in the organization chart;
 - (iii) the firm for which each key person works; and
 - (iv) the role the key person will have during the project (e.g. Project Manager).
 - (c) *Addresses* – The address of the office in which each key person currently works.

Changes to Key Personnel – By responding to this RFP, a firm agrees that the key personnel that the firm identifies in its submittal will be available for the entirety of the project, throughout the term of the contract, as long as that individual is employed by the responding firm or unless the Council agrees to a change in key personnel.

- (d) *Time Availability for Key Personnel* – Each submittal must include the *Time Availability for Key Personnel Form* that is included in this solicitation.
- (e) *Prior Work Experience and Past Performance* – Each submittal must include information about the responding firm’s / consultant team’s prior work experience / past performance. The firm must provide information about **no less than 3 projects**. The projects that the firm uses to document its prior work experience / past performance must:
- ❖ demonstrate that the responding firm has completed a project similar in type, scope, and magnitude to the project described in this RFP,
 - ❖ demonstrate that the responding firm’s proposed key staff persons have performed work for / played roles in the firm’s prior projects that are similar to the work / roles that the firm is proposing for these key persons for the Council’s project, and
 - ❖ have been undertaken by the firm within the previous 5 years.

Additionally, for **each** project that the firm uses as an example of its prior work experience / past performance, the firm must submit **both** of the following:

- (i) *Prior Work Experience / Past Performance Form* – the responding firm’s submittal must include a *Prior Work Experience / Past Performance Form* for each project that the firm is using as an example of its prior work experience / past performance (**minimum of 3**). This form provides information about the firm’s prior project, client information that the Council may use during Step 3 of the evaluation and selection process, and information about the firm’s work sample.
- (ii) *Work Sample(s)* – the responding firm must provide 1 electronic copy of a work sample for each project (**minimum of 3**).

Sub-Part 2 – Project Price

The Council intends to award a single, firm fixed price contract for the services described in this RFP. Each firm responding to this RFP must provide **both** a printed and an electronic version of its price proposal. Each firm must submit its price proposal using *Attachment A – Price Proposal* (Attachment A). Attachment A is available in *.xlsx format on the Council’s website at www.ewgateway.org/about-us/what-we-do/doing-business-with-ewg/contracting-opportunities/. This spreadsheet may only be modified as noted in the file.

*The Council reserves the right to reject, as non-responsive, a firm that does **not** submit:*

- ❖ *Attachment A in the required format*
- ❖ *All of the information requested in Attachment A*
- ❖ *The assumptions that form the basis of the price proposal*
- ❖ *A price for each component of the project, including any optional services (if applicable)*
- ❖ *Pricing information for subcontractors*

The Council reserves the right to select any portion of the proposed services, only the optional services, or any combination of the offered / optional services and the final project costs will be determined based upon the services selected. In order to ensure that the project costs are reasonable and necessary for the performance of the project work, the Council also reserves the right to: (1) question elements of cost and request additional information regarding the basis for the costs; (2) negotiate, and accept or reject, costs or elements of costs; (3) negotiate fixed fee; and (4) require additional documentation regarding the fully burdened hourly rates or overhead rate that the responding firm / its subcontractors propose to use for this project. A firm that refuses to provide information regarding its proposed fixed fee rate or documentation regarding its proposed fully burdened hourly rates or overhead rate may be deemed ineligible for a contract award.

Sub-Part 3 – Firm Information

*****A signed version of this Attachment should be provided in electronic format (*.pdf format) on your firm's external storage device. A printed version is required.***

Each responding firm must provide in its submittal *Attachment B – Firm Information* (Attachment B). This information will be used during Step 1 of the evaluation process and may be provided to the selection committee during other stages of the evaluation process. ***A submittal that does not include a completed and properly signed Attachment B may result in the Council determining that the responding firm is not responsible and, therefore, ineligible to move on to other steps of the procurement process or be awarded a contract for the project.***

Attachment B includes the following forms:

- #1 – Corporate Profile
- #2 – Statement of Past Performance
- #3 – Firm Responsibility Certification

Each form in Attachment B must be completed in its entirety. A responding firm is **not** permitted to substitute its own format or information for the forms included in Attachment B.

Responding firms should be aware that the Council may deem a firm's submittal non-responsive and reject the submittal for: (1) failure to sign Attachment B, Forms #2 and #3; (2) failure to provide all of the information requested in Attachment B; or (3) failure to provide sufficient information for the Council to make an initial responsibility determination. The Council reserves the right to waive minor errors, omissions, or technicalities in Attachment B as determined to be in the best interest of the Council.

Additional instructions are provided in Attachment B.

Sub-Part 4 – Other Forms & Certifications

****These Attachments should be provided in electronic format (*.pdf format) on your firm's external storage device. A printed version is required. The electronic version must include a signature where required.**

1. Affirmative Action Checklist. Each responding firm must complete and submit *Attachment C – Affirmative Action Checklist*.
2. Contract Terms & Conditions. The draft contract terms and conditions are provided in Appendix 2. These terms will govern the project and may change if circumstances warrant it; however, any terms required by state or federal rules, regulations, or statutes or by the Council's agreement with a funding agency, are non-negotiable and are not subject to change. Each responding firm must review the terms and complete, sign, and submit *Attachment D – Contract Terms & Conditions Comments*, which will notify the Council of the firm's questions or concerns about the contract terms and conditions.

Please note that certain appendices referred to in Appendix 2 (e.g. Appendix I (Scope of Work) and Appendix II (Milestone Payment Schedule)) will not be included in Appendix 2 because these appendices are developed by the Council and the Consultant during contract negotiations.

3. RFP Checklist. Each responding firm must complete, sign, and submit *Attachment E – RFP Minimum Requirements Checklist*.
4. D/S/W/MBE Participation. The Council encourages D/S/W/MBE participation. D/S/W/MBE includes: disadvantaged, small, women-owned, and minority business enterprises. Please refer to Section VII for more information about what constitutes a certified D/S/W/MBE. **A DBE goal has been established for the project; please refer to Section VII for more information.** In order to document the D/S/W/MBE participation for the project, each responding firm must submit **ONE** of the following, as applicable:
 - (a) *No D/S/W/MBE Participation* – If the D/S/W/MBE participation for the project is 0%, the submittal must include a statement that there is no D/S/W/MBE participation for the project.

OR

 - (b) *Some D/S/W/MBE Participation* – If the responding firm is a D/S/W/MBE or intends to hire / has hired a D/S/W/MBE to perform work for the project, then the submittal must include **each** of the following:
 - (i) *Attachment F – D/S/W/MBE Participation Form.*
 - (ii) *Attachment G – Letter of Intent to Perform as a D/S/W/MBE for each certified D/S/W/MBE.*

Pursuant to 49 CFR Part 26 § 26.53, a contract cannot be awarded to a firm that has not or cannot demonstrate good faith efforts to obtain DBE participation on the project. Prior to any contract award, the selected consultant will be required to submit evidence of its good faith efforts to meet the DBE goal. Please refer to Section VII to find more information about what constitutes good faith efforts.

The Council's selection of a firm to provide the services described in this RFP will be conducted in accordance with the Council's purchasing policies and procedures. Unless otherwise noted in this RFP, the Council will open and review each submittal that the Council received by the deadline described in Section IX, Part C. Each submittal will be evaluated according to the steps and criteria listed in this Section IV.

Upon successful selection approval, the Council will make the contract award to a responsible firm which provided a submittal that is most advantageous to the Council. The Council reserves the right to select a firm other than the one that offered the lowest proposed price or to select a firm other than the one with the highest rank (i.e. #1) if doing so would be in the best interest of the Council. The Council also reserves the right to make a selection for the project based solely on the information contained in the submittal and without conducting any discussions with any firm. If the Council decides to conduct discussions, it will proceed as described below. The Council reserves the right to select any consultant team, individual consultant, or combination of consultants that it determines is in its best interest.

Discussions and Clarifications

At its option, and if the Council determines that it is in its best interest, the Council may conduct additional discussions with any firm at any time prior to making a final selection. These discussions may pertain, but are not limited to: clarifying information contained in the firm's submittal or provided by the firm to the Council, clarifying information contained in the solicitation documents, obtaining additional information from the firm, negotiating the scope of work / submittal, permitting a firm to modify its submittal, etc. As part of this process, the Council may elect to conduct oral discussions, request more information, and request presentations concerning the firm's project approach and its ability to meet the project's requirements, including the budget. In general, the Council will conduct these discussions with a firm that is in the "competitive range." Competitive range means that the firm has a reasonable chance of being selected for the contract award, when relevant factors are considered (e.g. price, other evaluation / selection factors); however, the Council may choose to conduct these discussions with all firms that provided a submittal or only those firms that were deemed responsible and that provided a responsive submittal.

If these discussions lead the Council to determine that the solicitation documents were unclear or otherwise deficient and need to be modified, then the Council will follow the procedures described in Section V, Part I.

A. Step 1 – Responsiveness / Firm Responsibility

During Step 1 of the evaluation process, the Council will review a submittal to ensure that it meets all of the minimum RFP requirements and will make an initial determination regarding the responding firm’s responsibility. Each factor is described in more detail below.

Sub-Part 1 – Responsiveness

A submittal that does not meet the minimum RFP requirements may be rejected as non-responsive and may not continue to future steps of the evaluation and selection process.

The Council’s procurement staff will review each submittal that is received by the required due date and time in order to determine if the submittal meets the minimum requirements described in the solicitation documents.

Firms are not assigned points during this stage of the evaluation process; rather this stage of the process is based on the assignment of “yes/no/ waived” for each minimum requirement. A submittal that does not meet the minimum requirements described in Section III and does not receive a waiver for not providing the required information, may be rejected as non-responsive and the firm may be deemed ineligible to move on to other stages of the evaluation process or be considered for a contract award. *The Council reserves the right to waive minor errors, omissions, or technicalities as determined to be in the best interest of the Council and that do not impede the Council’s ability to evaluate a responding firm’s quality of work, experience, or capability to perform the requested work.*

Sub-Part 2 – Firm Responsibility

The Council will not award a contract for the project to a firm that the Council’s determines is not responsible. The Council’s responsibility review will be conducted as described below. The definition of a “responsible” firm is provided in Sub-Part 2, #2. The factors that the Council may consider when making its determination are provided in *Appendix 1 – Evaluation Criteria & Factors (“Appendix 1”)*.

1. Initial Responsibility Review.

For each responsive submittal, the Council will conduct an initial review of the firm’s responsibility. The Council will make this initial determination based upon the responding firm’s submittal, Attachment B, Forms #2 and #3, and any other information the Council requests or determines is relevant to its determination. During the initial responsibility determination, no points are assigned, rather, the Council reviews the submittal and assigns either a “yes” or a “no” to indicate whether the firm has been deemed initially responsible and eligible to move on to the next step of the evaluation process.

The Council will notify the selection committee about any issues or areas of concern that are found during the initial responsibility review.

A submittal that does not include the information necessary for the Council to make its initial determination regarding firm responsibility may result in the Council determining that the responding firm is not responsible and, therefore, ineligible to move on to other steps of the procurement process or be awarded a contract for the project.

2. Definition. A “responsible” firm is one that:
- (a) does not have any corporate, legal, or financial barriers to successful performance,
 - (b) has, or has the ability to obtain, the financial and resource capacity to successfully complete the work described in this RFP within the estimated performance period,
 - (c) has a satisfactory performance record, and
 - (d) is not currently suspended or debarred or is not currently being considered for suspension or debarment.

B. Step 2 – Submittal Evaluation

The Council will evaluate each submittal that is deemed to be responsive and that was submitted by a firm that the Council deemed initially responsible. The Step 2 evaluation will be conducted using the process described below.

Sub-Part 1 – Screening Process (Optional)

The Council may determine that it will conduct a screening process for the submittals received for this solicitation. If the Council conducts a screening process, then each submittal that was deemed eligible to proceed beyond Step 1 of the evaluation process will be evaluated by a screening committee. Each firm will be assigned either a “Pass” or a “Fail” rating for the criteria described in Appendix 1.

If the Council chooses **not** to conduct a screening process, then the submittal evaluation process will begin with Sub-Part 2.

- 1. Rating. The evaluators that are members of the screening committee will review each submittal and assign a Pass or Fail rating based on the criteria described in Appendix 1.
- 2. Committee Rating. After each evaluator has independently evaluated each submittal, the evaluators will discuss each firm’s submittal, any additional information obtained by the Council, and the individual evaluator “Pass” / “Fail” ratings. The screening committee will determine, by consensus, whether each firm is assigned a “Pass” rating or a “Fail” rating. A firm must receive a “Pass” for each evaluation factor in order to receive a “Pass” for the evaluation criterion. A firm must receive a “Pass” rating for each of the criterion in order to receive an overall “Pass” rating for the screening process and move on to the scoring process described in Sub-Part 2. A firm that receives a “Fail” rating for any factor / criterion must be assigned an overall “Fail” rating, will not move on to other steps of the evaluation process, and will not be selected for contract award. In the event that the screening committee, cannot reach a decision about the “Pass” / “Fail” rating for each firm, the Council’s procurement staff will assign a “Pass” / “Fail” rating to each firm based upon an examination of the evaluators’ individual ratings.

Sub-Part 2 – Scoring & Ranking Process

If the Council conducted a screening process, then each submittal that received an overall “Pass” rating during the screening process described in Sub-Part 1 will be evaluated and scored based on the criteria described in Appendix 1.

If the Council did **not** conduct a screening process, then each submittal that was deemed eligible to proceed beyond Step 1 will be evaluated and scored based on the criteria described in Appendix 1. The submittal evaluation will be conducted as follows:

1. **Scoring.** The evaluators that are members of the selection committee will review each submittal and award points based on the evaluation criteria described in Appendix 1.
2. **Ranking.** After each evaluator has independently scored each submittal, the selection committee will determine, by consensus, the firm ranking (e.g. 1, 2, 3) using one of the methods described below.
 - (a) **Interviews Conducted (Optional).** If interviews are to be conducted, then, at the conclusion of the Step 2 scoring, the evaluators will complete the price proposal review and create the firm ranking and interview short-list as follows:
 - (i) **Price Proposal Review.** The evaluators, along with the Council’s procurement staff, will review the information contained in the firm’s submittal and price proposals. Points will not be assigned during the price proposal review. Rather a firm’s proposed price will be compared to its technical proposal to determine which proposal is potentially the best value to the Council. During this review, price will be given equal weight to the technical evaluation (i.e. criteria (a) – (e)). Note that a price proposal review will be conducted for only those firms that are being seriously considered for the contract award, which, in general, are those firms that received high marks on the technical and D/S/W/MBE evaluation.
 - (ii) **Short-Listing.** The evaluators will discuss each firm’s submittal, price proposal (as applicable), any additional information obtained by the Council, and the individual evaluator scores. Based on this assessment, the selection committee will determine, by consensus, the firm ranking (e.g. 1, 2, 3). In the event that the selection committee, cannot reach a decision about the rank for each firm, the Council’s procurement staff will assign an overall rank to each firm based upon an examination of the evaluators’ individual scores and the firms’ price proposals. The Council will create the interview short-list from the highest ranked firms.

The short-listed firms will continue to Step 4 of the evaluation process. Those firms that are not short-listed will not be invited for interviews or selected for contract award. The Council is in no way required to create a short-list or to select a certain minimum or maximum number of firms for a short-list.

(b) *No Interviews Conducted.* If interviews are not to be conducted, then, at the conclusion of the Step 2 scoring, the evaluators will complete the price proposal review and the final firm ranking as follows:

- (i) **Price Proposal Review.** The evaluators, along with the Council’s procurement staff, will review the information contained in the firm’s submittal, price proposal, and any information obtained by the Council during other steps of the evaluation process. Points will not be assigned during the price proposal review. Rather a firm’s proposed price will be compared to its technical proposal to determine which proposal represents the best value to the Council. During this review, price will be given equal weight to the technical evaluation (i.e. criteria (a) – (e)). Note that a price proposal review will be conducted for only those firms that are being seriously considered for the contract award, which, in general, are those firms that received high marks on the technical and D/S/W/MBE evaluation.
- (ii) **Final Firm Ranking.** The evaluators will discuss each firm’s submittal, price proposal, any additional information obtained by the Council, and the individual evaluator scores. Based on this assessment, the selection committee will determine, by consensus, the final firm ranking (e.g. 1, 2, 3). This firm ranking will indicate the firms that will be considered for a contract award.

In the event that the selection committee, cannot reach a decision about the final rank for each firm, the Council’s procurement staff will assign an overall rank to each firm based upon an examination of the evaluators’ individual scores and the firms’ price proposals.

The Council will note each firm’s rank on a Firm Selection Form according to the final firm ranking determined during this step of the evaluation process (e.g. 1, 2, 3).

At its option, the Council may proceed from Step 2 to Step 4 and not conduct Step 3 of the evaluation process.

C. Step 3 – Reference Checks (Optional)

The Council may elect to contact the references of the top-ranked firms, the short-listed firms, or the firm selected for a contract award. The reference check process, if conducted, will proceed as follows:

1. Reference Check Forms. Each reference will be sent a reference check form via e-mail. The reference will be provided the option to provide a reference in one of two ways: (a) complete the form and return it via e-mail or fax; or (b) complete the form over the phone.
2. Deadline. Each reference will be provided a deadline by which he / she must return the completed reference check form or provide a reference over the phone. In the event that a firm’s reference does not meet the deadline, the Council may, at its option, contact the responding firm to obtain an alternate reference.

3. Results. No points will be assigned to a firm based upon the reference checks. The reference check forms will be provided to the selection committee to use during Step 5 of the evaluation process. Even if no interviews are conducted, the Council may determine that reference checks will be conducted and the reference check results may be used by the Council or the selection committee to determine the final firm ranking (see Steps 2 and 5) and may be used during Step 6.

D. Step 4 – Interviews (Optional)
--

At its option, the Council may invite the short-listed firms to attend an oral interview. The Council will notify each short-listed firm that it has been selected for an interview. The selection committee will use the information obtained during the interview process to develop the final firm ranking during Step 5 of the evaluation process.

E. Step 5 – Post-Interview Evaluation (Optional)

If interviews are conducted, then, at the conclusion of Steps 1 through 4 of the evaluation process, each interviewed firm will be scored and ranked, as follows:

1. Scoring. A selection committee will review the information obtained by the Council during Steps 1 through 4 of the evaluation process and will award points to each interviewed firm based on the evaluation criteria described in Appendix 1.
2. Ranking. After each evaluator has independently scored each interviewed firm, the selection committee will determine, by consensus, the final firm ranking (e.g. 1, 2, 3) using the steps below.
 - (a) *Price Proposal Review.* The evaluators, along with the Council’s procurement staff, will review each interviewed firm’s submittal, interview, and any information obtained by the Council during other steps of the evaluation process and will review the firm’s price proposals in light of the information obtained during the interview or other steps in the evaluation process. Points will not be assigned during this review. Rather a firm’s proposed price will be compared to its technical proposal, as supplemented by the information presented during the firm’s interview, to determine which proposal represents the best value to the Council. During this review, price will be given equal weight to the technical evaluation (i.e. criteria (a) – (e)), as supplemented by the information presented during the firm’s interview.
 - (b) *Final Firm Ranking.* The evaluators will discuss each interviewed firm’s submittal, interview, price proposal, any additional information obtained by the Council, and the individual evaluator scores. Based on this assessment, the selection committee will determine, by consensus, the final firm ranking (e.g. 1, 2, 3). This firm ranking will indicate the firms that will be considered for a contract award.

In the event that the selection committee, cannot reach a decision about the final rank for each interviewed firm, the Council’s procurement staff will assign an overall rank to

each interviewed firm based upon an examination of the evaluators' individual scores and the firms' price proposals.

The final rank for each firm that was not interviewed will be the rank assigned to that firm during the Step 2 short-listing process. The Council will note each firm's rank on a Firm Selection Form according to the final firm ranking determined during this step of the evaluation process (e.g. 1, 2, 3).

F. Step 6 – Selection & Contract Award

The final selection and contract award process will proceed as described below. The award process is considered open and on-going until all final negotiations have concluded.

1. Selection. After the conclusion of the evaluation process, the Council will recommend a contract award to the firm that was selected. The Council will make this recommendation to the Council's Board of Directors, which will indicate the firm selected for the contract award, the not-to-exceed contract price, and, if applicable, an alternate firm / firms that may be awarded the contract if the Council cannot successfully negotiate a contract with the selected firm. If the Board of Directors approves the selection recommendation and contract price, then the Council can begin negotiations with the selected firm.
2. Contract Award.
 - (a) *Firm Notifications.* Once the Board of Directors has approved the selection recommendation and amount of funding for the contract, the Council will notify the selected firm that it has been awarded the contract. The Council may notify the unsuccessful firms of the results at any time after the Board of Directors has approved the selection recommendation and contract funding. The Council may, at its option, elect to notify unsuccessful firms only after all negotiations have been concluded and a contract has been executed.
 - (b) *Negotiations.* The Council may negotiate the contract terms with the firm awarded the contract and, at its option, refine the firm's scope of work. As part of the negotiation process, the Council may elect to conduct oral discussions, request clarifications, and request presentations concerning the firm's project approach and its ability to meet the contract's requirements. During contract negotiations, the Council may discuss the firm's price proposal. The final contact price will be determined after considering changes needed due to: scope refinement, good cause, or ensuring the reasonableness and necessity of the proposed cost. The final contract price will not exceed the amount of funding approved by the Council's Board of Directors. If the Council cannot successfully negotiate a contract with the selected firm, then the Council may formally, and in writing, end all negotiations with the selected firm and may elect to:
 - (i) proceed to negotiate with the next available firm in the order of selection ranking until a contract is successfully reached or negotiations with all ranked firms end; or

- (ii) close the procurement process without conducting any negotiations with other firms.
- (c) *Final Responsibility Determination.* At the conclusion of the evaluation and selection process, after a firm has been selected, and the Council's Board has approved the selection decision, the Council will make a final responsibility determination for the firm that is selected for a contract award. The selected firm may be required to complete and submit a Firm Responsibility Questionnaire. A copy of this questionnaire is provided in *Appendix 4 – Firm Responsibility Questionnaire*. The Council may make its final determination regarding the selected firm's responsibility based upon any one or combination of: the firm's submittal, reference evaluations, the questionnaire, a review of the firm's financial situation, and any other information the Council requests or determines is relevant to its determination. See Step 1, Sub-Part 2, #2 for the definition of a "responsible" firm. The factors that the Council may use to make its final determination are described in Appendix 1. If the Council cannot determine that the firm is responsible, then the Council may formally, and in writing, end all negotiations with the selected firm and may elect to:
 - (i) make a contract award to the next available firm in the order of selection ranking and proceed to contract negotiations with that firm; or
 - (ii) close the procurement process without making a contract award to any other firms.

A. Modifications of the Solicitation Documents

During the procurement process (including the evaluation and selection process), if the Council determines that this RFP is unclear, information is missing, or is otherwise deficient, the Council may decide to modify the solicitation documents by issuing an Addendum. In the event the solicitation documents are modified, the Council will determine how the evaluation and selection process will proceed (i.e. revert back to Step 2) and will explain this process in the Addendum document. The Council will notify the appropriate firms (e.g. the highest ranked, those in the competitive range) and provide instructions on how to provide a modified submittal. The Council is not required to notify any firms that had a submittal that was deemed non-responsive or any firms that were not deemed responsible. *The Council is under no obligation to modify the solicitation documents or provide any particular firm an opportunity to change its submittal. At all times, the Council will make its decisions based upon what is in the Council's best interest.*

B. Withdrawing a Submittal

A responding firm may withdraw or modify its submittal up to date and time noted in Section IX, Part C. A responding firm that wishes to withdraw or modify its submittal must provide a written notice (signed and on company letterhead) to the Council's designated point of contact identified in Section IX, Part A. Except as noted in Section V, Part A, once the deadline specified in Section IX, Part C has passed, a responding firm will not be permitted to withdraw or modify its submittal, unless the Council determines that it is in the Council's best interest to permit a firm to do so.

C. No Obligation to Award Contract or Pay for Cost to Develop Submittal

This RFP does not commit the Council to award a contract, to pay for any costs incurred in the preparation of a submittal, or to procure or contract for any particular goods or services.

D. Cancellation of this Request

The Council reserves the right to accept or reject any or all of the submittals received as a result of this RFP. The Council may also cancel this RFP, in whole or in part, at any time including, but not limited to, after the Council's Board of Directors has authorized the Executive Director to enter into a contract. The Council will make these determinations based upon what is in the Council's best interest.

E. Unauthorized Communications

After the release of this RFP, a responding firm's contact regarding this RFP or the subject of this RFP must be limited to the person identified in Section IX, Part A. Unless the person contacted is the person identified in Section IX, Part A, any communication (whether oral or written) about this RFP or the subject of this RFP with any person or organization listed below is prohibited and may result in the responding firm's disqualification from the procurement process.

1. Members of the evaluation team or selection committee.
2. A Council staff member.
3. A member of the Council's Board of Directors or other committees.
4. The staff persons or personnel of an organization that will benefit from the project / RFP, including the city of O'Fallon, Illinois.

The restrictions noted here apply equally to any of the responding firm's subcontractors or joint venture partners.

F. Gratuities, Favors, Gifts Prohibited

A responding firm is prohibited from offering any gratuity, favor, gift, or anything of monetary value to any officer, employee, agent, director, or Board or committee member of the Council for the purpose of influencing a favorable disposition toward the firm's selection for contract award or otherwise affecting the procurement process. *The restrictions noted here apply equally to any of the responding firm's subcontractors or joint venture partners.*

G. Non-Endorsement

If a firm is selected for contract award, the firm shall not issue any news releases or other statements pertaining to the award or the agreement that state or imply the Council's endorsement of the firm's services.

H. Public Records & Information

Responding firms should be aware that any information submitted in response to this RFP might be subject to disclosure under the Missouri Sunshine Act or the Federal Freedom of Information Act. The Council will handle all requests for information related to this RFP in accordance with applicable federal and state statutes. The Council will not disclose any information submitted in response to this RFP *prior* to the selection and retention of a consultant unless the firm provides the Council with written authorization or the Council is compelled to disclose the information by law or judicial decree.

I. Contract Type

The Council anticipates awarding a single, firm fixed price contract paid based upon milestone completion / delivery of products or actual cost reimbursement plus fixed fee contract. ***The payments issued by the Council under the contract will be for only completed milestones, and, except as stated in Appendix 2, Paragraph 10, Part (c)(vi), payments for partial milestones completed or percent work completed are not authorized.***

J. Project Funding

The Council anticipates funding the project using the following sources:

U.S. DOT, through IDOT, Federal SPR Funds	80%
City of O’Fallon, IL, Local funds	20%

The Consultant shall not discriminate on grounds of the race, color, national origin, religion, sex, disability, or age of any individual in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR Subtitle A, Part 21.5 including employment practices.

These nondiscrimination requirements apply to all solicitations either by competitive bidding or negotiation made by the Consultant for work to be performed under a subcontract, including procurement of materials or equipment. The Consultant shall notify each potential subcontractor or supplier of these requirements relative to nondiscrimination on grounds of the race, color, religion, sex, disability, age, national origin, or ancestry of any individual.

A. D/S/W/MBE Participation for the Council's Project

The Council has adopted a Disadvantaged Business Enterprise (DBE) Program to ensure that DBEs have an equal opportunity to participate in Council projects. Additionally, the Council encourages participation from small (S), women-owned (W), and minority owned (M) business enterprises (collectively S/W/MBEs). D/S/W/MBEs are encouraged to provide a submittal as prime contractors for this project. Non-disadvantaged firms are encouraged to use D/S/W/MBEs as subcontractors or form joint ventures on the project.

In accordance with the Council's DBE Program and U.S. Department of Transportation (DOT) regulations found at 49 CFR Part 26, responding firms must make every good faith effort to utilize DBEs for the project when possible. More information about the DBE goal and what constitutes good faith efforts are described in Parts D and E of this Section VII.

B. Definitions

1. Disadvantaged Business. The term "Disadvantaged Business" means a small business concern:
 - (a) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals, or, in the case of any publicly owned business, at least 51 percent of the stock is owned by one or more socially and economically disadvantaged individuals; and
 - (b) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

2. Presumption of Disadvantage. Members of the following named groups will be presumed to be both socially and economically disadvantaged by the Council:
 - (a) Black Americans,
 - (b) Hispanic Americans,
 - (c) Native Americans,
 - (d) Asian Pacific Americans,
 - (e) Asian Indian Americans,
 - (f) women (regardless of race, ethnicity or origin), and
 - (g) persons certified as socially and economically disadvantaged by the Small Business Administration (SBA) under the SBA Section 8(a) program.

3. Women's Business Enterprise & Minority Business Enterprise. The terms "Women's Business Enterprise" and a "Minority Business Enterprise" have the meanings set forth by the Missouri Office of Equal Opportunity (MoOEO), found at: <https://apps1.mo.gov/MWBCertifiedFirms/>.

- 4. Small Business Enterprise. The term “Small Business Enterprise” is defined in accordance with the SBA’s definition, as follows:
 - (a) *“... a small business concern is one that is independently owned and operated, is organized for profit, and is not dominant in its field. Depending on the industry, size standard eligibility is based on the average number of employees for the preceding twelve months or on sales volume averaged over a three-year period.”*
 - (b) The Council will use the SBE size standards provided in 13 CFR Part 121 (as it may be amended from time-to-time) to determine a small business enterprise’s eligibility.

C. Certifications

Any firm that wishes to participate as a D, S, W, or MBE for the Council’s project must first be currently certified and registered. The certification / registration requirements are described below.

- 1. DBE. In order to be considered a DBE, a firm must be certified and must be registered as a DBE through the Unified Certification Process (UCP) used by the State of Illinois. Illinois’ UCP directory is maintained by the Illinois Department of Transportation (IDOT). The UCP directory can be found at the following URL:
 - (a) [Illinois UCP Directory](#)

- 2. W/MBE. In order to be considered a WBE or MBE, a firm must be certified and must be registered with MoOEO, must be registered as a female-owned or minority-owned DBE through Missouri’s UCP, , or must demonstrate WBE status through its certification with the federal System for Award Management (SAM). The directories / SAM site can be found at the following URLs:
 - (a) [MoOEO W/MBE Directory](#)
 - (b) [MRCC Directory](#)
 - (c) [Federal System for Award Management](#)

- 3. SBE. In order to be considered an SBE, a firm must meet the definition of a small business, as indicated above, and be registered as an SBE through Missouri’s UCP or through the federal System for Award Management (SAM).
 - (a) [MRCC Directory](#)
 - (b) [Federal System for Award Management](#)

A D/S/W/MBE may include in its submittal a copy of its MoDOT, IDOT, or SAM certification, as applicable.

D. D/S/W/MBE Goal

The Council has set a fair share goal of the work specified in this solicitation to be performed by DBEs as prime contractors or through subcontract or joint venture projects.

DBE Goal	10.95%
-----------------	---------------

In accordance with the Council’s DBE Program and U.S. Department of Transportation (DOT) regulations found at 49 CFR Part 26, responding firms must make every good faith effort to utilize DBEs for the project when possible. More information about what constitutes good faith efforts is described in Section VII, Part E.

DBEs are encouraged to provide a submittal as prime contractor for this project. Price alone will not be an acceptable basis for rejecting a DBE submittal as prime contractors or subcontractors on the project unless it is determined that a reasonable price cannot be obtained from a DBE.

The participation of DBEs may only be counted toward meeting the goal if the DBE **is certified Illinois’ UCP as described in Section VII, Part C.** Prime consultants that intend to hire DBEs are strongly encouraged to check the appropriate DBE directory to ensure that the DBE has the proper certification.

The participation of DBEs that are not certified and registered through the Illinois UCP **cannot** be counted towards meeting the DBE goal. Similarly, participation by SBEs, WBEs, or MBEs, that are not **also** certified and registered as DBEs through the Illinois UCP **cannot** be counted towards meeting the DBE goal.

Any work that a DBE subcontracts out to a non-DBE **cannot** be counted towards meeting the DBE goal. A DBE is required to disclose its intent to subcontract out work. This disclosure should be made on Attachment F.

E. Good Faith Efforts

In accordance with the Council’s DBE Program and DOT regulations found at 49 CFR Part 26 (see Appendix A), responding firms must make every good faith effort to utilize DBEs for the project when possible. Prior to any contract award, a consultant will be required to **submit evidence** of its good faith efforts to meet the DBE goal. A contract cannot be awarded to a firm that has not or cannot demonstrate good faith efforts to obtain DBE participation on the project.

A responding firm can demonstrate good faith efforts in one of two ways. First, the responding firm can meet the stated DBE goal through commitments from certified DBEs (see Attachment G). Second, and in the instance where a responding firm does not meet the stated DBE goal, the firm can submit evidence that documents that it took all necessary and reasonable steps to achieve the DBE goal and

these steps, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DBE participation, even if the firm was not fully successful.

Steps that consultants should take to meet the DBE goal include, but are not limited to:

1. Identifying components of the project that can be performed by DBEs and breaking out these components of the project into economically feasible units to facilitate DBE participation.
2. Conducting research to identify DBEs that can perform the work, this research may include, but is not limited to:
 - (a) Reviewing the appropriate DBE directory to identify certified DBEs that are qualified to perform the services described in this solicitation;
 - (b) Attending pre-submittal and business matchmaking meetings and events;
 - (c) Advertising or issuing/posting written notices regarding the firm seeking services (e.g. Notices of Sources Sought, request for proposal/qualifications, e-mails to firms listed in the appropriate DBE directory).
3. Contacting the qualified DBEs by phone, e-mail, fax, or in-person to encourage participation in the project – this contact should occur as early in the procurement process as practicable to allow DBEs enough time to respond to the firm and submit a timely offer for a subcontract.
4. In a timely manner, providing interested DBEs with adequate information about the project and the contract requirements to assist the DBEs submit an offer for a subcontract.
5. Providing DBEs the contact information for a person at the consultant’s firm that the DBE can contact with questions about the project.
6. Promptly responding to DBEs that have contacted the consultant to express interest in the project.
7. Negotiating in good faith with interested DBEs. Evidence of good faith negotiating includes, but is not limited to: the names, addresses, and telephone numbers of DBEs that were considered, a description of the information provided regarding the project and scope of work selected for subcontracting, and evidence as to why an agreement could not be reached for DBEs to perform the work.
8. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities.
9. If applicable, making efforts to assist interested DBEs in obtaining:
 - (a) bonding, lines of credit, or insurance that may be required for the project / contract award, and
 - (b) necessary equipment, supplies, materials, or related assistance or services.
10. Effectively using the services of available minority/women community organizations; minority/women contractors’ groups; local, State, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in recruitment and place of DBEs.

Examples of what does **not** constitute good faith efforts include, but are not limited to:

1. Not choosing a DBE because the DBE is not the firm's preferred subcontractor.
2. The fact that the firm may incur some additional costs in finding and using DBEs, as long as the costs are reasonable.
3. Using illegitimate reasons for rejecting offers for a subcontract or failing to solicit offers for a subcontract. Examples of illegitimate reasons include, but are not limited to: the firm's standing within its industry, membership in specific groups, organizations, or associations and political or social considerations (e.g. union vs. non-union status).
4. Rejecting a DBE because the DBE's offer for the subcontract work is not the lowest priced offer. Note that the responding firm is not required to accept unreasonable offers in order to satisfy the DBE goal.

For each step of this process, the Council strongly encourages responding firms to document (in writing) the steps it took and the results (e.g. copies of e-mails and other correspondence). A responding firm that is selected for contract award and that does not meet the DBE goal will be required to submit this documentation as evidence of its good faith efforts to meet the goal. Additionally, the firm will be required to provide a written explanation of why it was unable to obtain the level of DBE participation required for the project. For example, the firm must demonstrate (through evidence) that there were no DBEs available to perform the work either because there are no certified DBEs that perform the work or because the certified DBEs were unavailable due to scheduling conflicts, workload, etc. The Council will direct the firm as to format and type of information that needs to be submitted in order to document these good faith efforts.

F. Documenting D/S/W/MBE Participation

As described in Section III, Sub-Part 4, #4, each firm responding to this solicitation must complete and submit Attachments F and G to document the level of D/S/W/MBE participation. Unless the Council determines that it is warranted, the firm selected for contract award **will not** be permitted to deviate from the participation percentages indicated in Attachments F and G.

In the course of this RFP and the evaluation and selection process, a responding firm (bidder or offeror whose direct economic interest would be affected by the award of the contract) may file a protest when, in the firm's opinion, actions were taken by the Council's staff or the selection committee which could unfairly affect the outcome of the evaluation and selection process.

All protests should be in writing and directed to:

Executive Director
East-West Gateway Council of Governments
1 S. Memorial Drive, Suite 1600
St. Louis, MO 63102

Protests should be made immediately upon the occurrence of the incident in question, but no later than three days after the responding firm received notification of the outcome of the evaluation and selection process. The protest should clearly state the grounds for the protest.

Upon receipt of the protest, the Executive Director will review the actual procedures followed during the evaluation and selection process and the documentation available. If it is determined that the action(s) unfairly changed the outcome of the evaluation and selection process, negotiations with the selected firm will cease until the matter is resolved.

A. Inquiry Submission & Deadline

Inquiries regarding this RFP must be submitted no later than 1:00 p.m. local time on January 3, 2023. The Council will not accept any inquiries after this date and time. Inquiries include questions about or requests for clarification of the information contained in this RFP or about the project in general. All inquiries must be submitted to:

Cameron DeWitt
Contracts & Grants Coordinator
East-West Gateway Council of Governments
1 S. Memorial Drive, Suite 1600
St. Louis, MO 63102
(314) 421-4220 ext. 214
cameron.dewitt@ewgateway.org

Before submitting a question, firms are encouraged to review Appendix 5 – FAQs – Submittal Requirements.

B. Q & A – Addendums Posted On-Line

In order to ensure that all firms receive the same information about this RFP or the project, the Council will post its response to any inquiry on its website at www.ewgateway.org/about-us/what-we-do/doing-business-with-ewg/contracting-opportunities/. Each firm should visit the Council’s website periodically to check for any additional information. If a firm wishes to have a printed copy of the information mailed to it, then the firm must mail or e-mail a written request to the person identified in Section IX, Part A. This request must be received no later than 1:00 p.m. local time on January 3, 2023.

C. Submission Date, Time & Address

Submittals are due no later than 1:00 p.m. local time on January 10, 2023 to the following address:

“Solicitation # 2022RFP10-ILGRTSTREETS”
c/o Mr. Cameron DeWitt
Contracts & Grants Coordinator
East-West Gateway Council of Governments
1 S. Memorial Drive, Suite 1600
St. Louis, MO 63102-2451

A submittal will **not** be accepted if it is:

- ❖ Faxed
- ❖ E-mailed

Section III contains the formatting, content, and other requirements for a submittal. ***Unless otherwise due to extenuating circumstances and approved by the Council in advance, any submittals received after the date and time listed above will be rejected and returned unopened.***

All submittals, including any attachments, appendices, and work samples, that are received in response to this RFP will become the exclusive property of the Council and will not be returned to the responding firm unless otherwise noted in this RFP or the Council determines that returning the submitted materials is warranted.

D. Mandatory, Virtual Pre-Submittal Meeting

A mandatory, virtual pre-submittal meeting is scheduled at 10:00 a.m. on Monday, December 19, 2022. The intent of the meeting is to provide submitting firms the opportunity to ask questions and meet staff so that firms can obtain a greater understanding of the goals and expectations of the project.

Firms can participate in the virtual Pre-Submittal Meeting by computer or phone as indicated below:

Computer:

<https://meet.goto.com/426130597>

Phone:

Number: +1 (224) 501-3412

Access Code: 426-130-597

A representative of the prime firm must participate in the meeting; ideally, the project manager that will be assigned to the project will participate in the meeting. Attendance / participation by other team members is optional.

Submittals from firms that did not attend the pre-submittal meeting, will not be evaluated and will be returned unopened.

E. Interviews

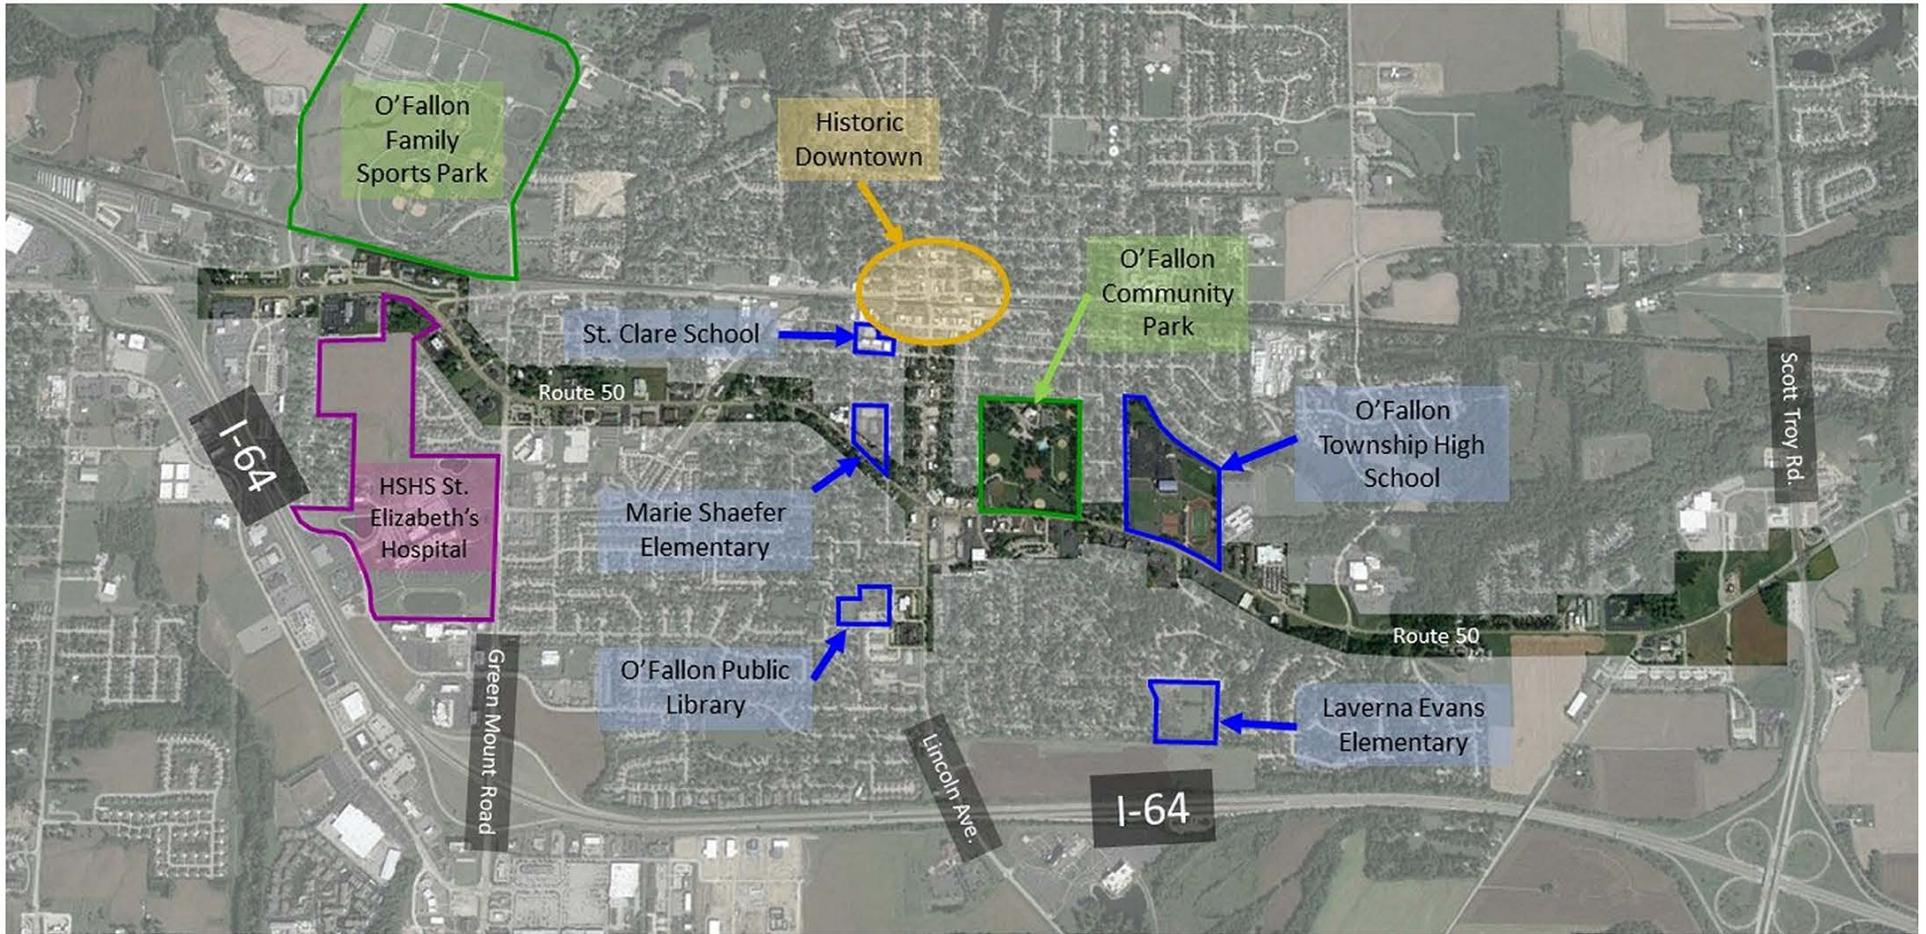

Interviews, if conducted, are tentatively scheduled for the week of January 30, 2023. It is anticipated that each firm selected for an interview will be notified of the interview no later than Friday, January 27, 2023.

F. Solicitation Schedule

Below is a tentative schedule for this solicitation. This schedule may be modified, as needed.

Description	Time (Local)	Date
Pre-submittal meeting	1:00 p.m.	12/19/22
Deadline for questions	1:00 p.m.	01/03/23
Submittals due	1:00 p.m.	01/10/23
Selection Committee review / firm short-listing*	n/a	01/26/23
Interview notices sent*	n/a	01/27/23
Interviews* / firm selected for contract award	n/a	02/10/23
Board meeting / contract award approval	n/a	02/22/23
Selection notifications sent	n/a	02/23/23

**Note that short-listing and interviews are optional and may not be conducted.*

Time Availability for Key Personnel

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

For each key person that will be assigned to the project, please provide the information requested below. The information regarding current or anticipated projects should reflect only those projects that will be or likely will be occurring during the estimated performance period of the project (see Section II of the solicitation documents). The key personnel listed below should be the same persons identified in Section III, Part B, Sub-Part 1, #3 of the solicitation documents.

Responding Firm _____

Name & Title	Project Role	Firm	List of Current or Anticipated Projects	% of Time Committed to Other Projects	% of Time Committed to the Council's Project

Attach as many of these forms as needed to capture all of your firm's key personnel.

<https://www.ewgateway.org/contracting-opportunities/rfp-2022rfp10-ilgtrstreets>
 Attachments for Illustrative Purposes
 To find editable versions of the attachments visit:

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

INSTRUCTIONS:

A responding firm must provide in its submittal a fully completed Prior Work Experience / Past Performance form for **each** of the past projects that it is using as examples of prior work - for either itself or for one of its subcontractors / joint venture partners. The minimum number of past projects that is required is described in Section III, Part B, Sub-Part 1, #3(e) of the solicitation documents.

All of the requested information must be provided. Please type the information into the forms using Adobe Reader or other compatible Adobe product. This form may contain rules, which means that many of the boxes / spaces will auto fill depending on your answers to the questions. If you have any issues with the form please contact the Council's staff person designated in Section IX, Part A of the solicitation documents.

You are NOT permitted to substitute your own format or information for this form.

If you need additional space to provide the information requested in this form, please use the form titled "Additional Information."

The Council and the selection committee will use the information contained in this form during the evaluation and selection process to assess your firm's work experience and past performance. For additional information, refer to Section IV of the solicitation documents.

The Council may contact your firm to obtain additional information based on your firm's answers to the questions on this form.

Note that the Council understands that, due to confidentiality agreements, some of the information requested on this form may be considered confidential; therefore, the Council does not expect firms to provide any confidential information in response to the requirements described in Section III, Part B, #3(e) of the solicitation documents. However, to the extent possible, firms should avoid using project descriptions from those clients that restrict information sharing. If this cannot be avoided, then a responding firm must provide as much non-confidential information as possible. The information provided must allow the Council to determine that the firm's projects meets the requirements described in Section III, Part B, Sub-Part 1, #3(e) of the solicitation documents and that the firm has a history of successful past performance. Responding firms should be aware that if the Council is not provided sufficient information, then the firm's submittal may be deemed non-responsive and rejected or the Council may determine that the firm is not responsible and, therefore, ineligible to be awarded a contract for the project.

Prior Work Experience / Past Performance

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

Firm Name _____

My firm is proposing to perform work for the Council's project as: the prime firm. a subcontractor. a joint venture partner.

If your firm is proposing to perform work as a subcontractor or joint venture partner, provide the name of the prime firm / other partner:

A. Project Information

Name _____

Location (City, State, Zip) _____

Year(s) project work performed _____ Select the budget range for this project _____ Project role Prime Sub

Provide a brief description of the project and the services that your firm provided for the project.

Name of work sample provided _____

For the work sample, identify the key person(s) your firm has proposed for the Council's project who contributed to the work sample and describe the person's role in the development of the work sample. *Example - John Smith is the project manager proposed for the Council's project. Smith also served as the project manager for the project described above and was the primary author of the work sample.*

B. Client Information

POC Name & Title _____

Organization Name _____ Organization Type _____

Phone Number _____ E-mail _____

C. Performance

1. How many projects has your firm completed for this client in the previous 3 years? _____
2. Was the project completion date extended for any reason? If yes, provide an explanation in "Additional Information". Yes No
3. Was the project budget adjusted for any reason? If yes, provide an explanation in "Additional Information". Yes No
4. Did your firm have issues with client communication, community outreach, or similar? Yes No
5. Did your firm receive any complaints from the client regarding quality of work products? Yes No

Any schedule or budget deviations or performance issues must be explained using the "Additional Information" section of this form. Failure to explain issues could lead to your firm being deemed non-responsive or a finding of non-responsibility.

Prior Work Experience / Past Performance

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

Additional Information

Use this page to provide information that explains any schedule or budget deviations and any of the performance issues you noted on this form. If you cannot provide all of the required information, use this page to provide an explanation. You may attach as many of these sheets that you need to provide the required information.

Please make sure that you indicate the question for which you are providing additional information (i.e. Project schedule, Performance question #1, #2, etc.)

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

Firm Name _____

My firm is proposing to perform work for the Council's project as: the prime firm. a subcontractor. a joint venture partner.

If your firm is proposing to perform work as a subcontractor or joint venture partner, provide the name of the prime firm / other partner:

A responding firm must provide in its submittal a fully completed Attachment B - Firm Information for itself and for **each** of its subcontractors / joint venture partners. This Attachment B includes the following forms:

- (1) Corporate Profile
- (2) Statement of Past Performance
- (3) Firm Responsibility Certification

Each form in this Attachment B must be completed in its entirety. Please type the information into the forms using Adobe Reader or other compatible Adobe product. The forms in this Attachment B contain rules, which means that many of the boxes / spaces will auto fill depending on your answers to the questions. If you have any issues with the forms please contact the Council's staff person designated in Section IX, Part A of the solicitation documents.

You are NOT permitted to substitute your own format or information for the forms included in this Attachment B.

If you need additional space to provide the information requested in this Attachment B, please use the form titled "Additional Information."

An authorized representative of your firm **must sign and date** the certification provided on Forms #2 and #3. **A typed signature is not acceptable.** The Council will use the information contained in this Attachment B during the evaluation and selection process. For additional information, refer to Section IV of the solicitation documents.

The Council may contact your firm to obtain additional information based on your firm's answers to the questions on this Attachment B.

If your firm is selected for a contract award, your firm and each of its subcontractors / joint venture partners may be required to complete, sign, and return the *Firm Responsibility Information - Detailed Questionnaire*, so that the Council can make a firm responsibility determination in accordance with Section IV, Part F of the solicitation documents. A copy of this questionnaire is provided in Appendix 4 of the solicitation documents.

Your firm should be aware that the Council may deem your firm's submittal non-responsive and reject the submittal for:

- (1) Failure to sign both Attachment B, Forms #2 and #3,**
- (2) Failure to provide all of the information requested in this Attachment B,**
- (3) Failure to provide a signed Attachment B for each subcontractor / joint venture partner, or**
- (4) Failure to provide sufficient information for the Council to make an initial responsibility determination.**

The Council reserves the right to waive minor errors, omissions, or technicalities in this Attachment B as determined to be in the best interest of the Council.

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

#1 - Corporate Profile

Your firm must provide the information requested below about its corporate structure, history, etc. If you need additional space to provide the information use the form titled "Additional Information."

A. Firm Information

Firm Name _____

Business Address (Street, City, State & Zip) _____

Provide a brief description of your firm's core business (e.g. the types of services provided, the types of clients served).

B. Corporate Formation

In which State was your firm organized or incorporated? _____ Is your firm a public company? a private company?

Type of Ownership _____ Year Established / Incorporated _____

Does your firm have a former name / year established? Yes No Does your firm have a parent company or a subsidiary? Yes No

If your firm has a former name / year established, a parent company, or a subsidiary, in the space provided below, please describe your firm's former name, year established, parent company name and location, or subsidiary name and location, as applicable.

C. FEIN / Unique Entity Identifier (UEI) / U.S. System for Award Management (SAM) Registration

FEIN _____ UEI _____ No UEI Is your firm registered with SAM? Yes CAGE Code _____ No

D. Business Registration

Is your firm registered to do business in Missouri? Yes No Is your firm registered to do business in Illinois? Yes No N/A

Firms must be properly registered to do business prior to beginning work for the project. If the IL business registration "N/A" box is checked, then only a MO business registration is required for the project.

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

#2 - Statement of Past Performance (pg. 1 of 2)

Firm Name _____

The following questions ask your firm to provide information about its past performance on the Council's projects, projects for other governmental entities, or in general. Your firm must indicate whether or not it has successfully completed past projects.

As described in Section IV of the solicitation documents, the Council will evaluate a responsive firm's past performance. As part of this evaluation, the Council will review the answers your firm provides on this Attachment B, Form #2 - Statement of Past Performance.

Your firm must answer each of the questions below and an authorized representative of your firm **must sign and date** the form. **A typed signature is not acceptable.**

The Council reserves the right to request additional information from your firm regarding the answers to the questions below.

A. Council Projects

1. Is your firm currently delinquent or past due on any monies owed to the Council? Yes No
2. In the previous 3 years, has your firm performed work for the Council? Yes No
 - (a) If "Yes," answer each of the following questions.
 - (i) How many projects has your firm completed for the Council in the previous 3 years? _____
 - (ii) Did your firm meet each project deadline, milestone, etc.? Yes No N/A
 - (iii) Did your firm complete each project on time? Yes No N/A
 - (iv) Did your firm complete each project within budget? Yes No N/A
 - (v) Did your firm have issues with client communication, community outreach, or similar? Yes No N/A
 - (vi) Did your firm receive any complaints from the Council regarding quality of work products? Yes No N/A
 - (vii) Were any of your firm's contracts terminated for any performance issues? Yes No N/A
 - (viii) Is your firm currently in breach or default of a Council contract? Yes No N/A

Firms that owe the Council monies or that are currently in breach or default of a Council contract may be deemed ineligible for a contract award.

B. Other Governmental Entity Projects

1. In the previous 3 years, has your firm performed work for any local, state, or federal governmental entity? Yes No
 - (a) If "Yes," answer each of the following questions.
 - (i) How many projects has your firm completed for a governmental entity in the previous 3 years? _____
 - (ii) Did your firm meet each project deadline, milestone, etc.? Yes No N/A
 - (iii) Did your firm complete each project on time? Yes No N/A
 - (iv) Did your firm complete each project within budget? Yes No N/A
 - (v) Did your firm have issues with client communication, community outreach, or similar? Yes No N/A
 - (vi) Did your firm receive any complaints from the entity regarding quality of work products? Yes No N/A
 - (vii) Were any of your firm's contracts terminated for any performance issues? Yes No N/A
 - (viii) Is your firm currently in breach or default of a contract with a governmental entity based upon a failure to perform? Yes No N/A
 - (ix) Provide the name of the **3 most recent and relevant** projects identified in sub-part (B)(1)(a)(i) and the name of the governmental entity.

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

#2 - Statement of Past Performance (pg. 2 of 2)

Firm Name _____

C. Other Projects

1. If your firm has **not** performed work for the Council or any local, state, or federal entity, answer the following questions with respect to your firm's projects that were completed within the previous 3 years and that are similar in size and scope to the Council's project.

- (a) Did your firm meet each project deadline, milestone, etc.? Yes No N/A
- (b) Did your firm complete each project on time? Yes No N/A
- (c) Did your firm complete each project within budget? Yes No N/A
- (d) Did your firm have issues with client communication, community outreach, or similar? Yes No N/A
- (e) Did your firm receive any complaints from the client regarding quality of work products? Yes No N/A
- (f) Were any of your firm's contracts terminated for any performance issues? Yes No N/A
- (g) Is your firm currently in breach or default of a contract with a client based upon a failure to perform? Yes No N/A

(h) Provide the name of **3 most recent and relevant** projects completed by your firm and the name of the client.

D. All Projects

1. In the previous 3 years, has your firm ever had a client (e.g. person / entity contracting with your firm) that:

- (a) sued to compel performance? Yes No
- (b) sued to recover damages based upon the alleged failure of your firm to perform as required by the contract? Yes No
- (c) called upon a surety to perform the work? Yes No

Please provide any additional information that explains any performance issues or any other information that you believe will help the Council evaluate your firm's past performance. If you need more space, use the form titled "Additional Information."

CERTIFICATION

By signing below, I certify that I am authorized to sign this Statement of Past Performance on behalf of my firm and that the information contained on this form is accurate and complete to the best of my knowledge.

Name & Title of Authorized Official _____

Signature of Authorized Official _____

Date _____

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

#3 - Firm Responsibility Certification (pg. 1 of 2)

Firm Name _____

As described in Section IV, Part A, Sub-Part 2 of the solicitation documents, the Council will not award a contract for the project to a firm that the Council's determines is not responsible. For each responsive submittal, the Council will conduct an initial review of the firm's responsibility. As part of this initial responsibility determination, the Council will review the answers your firm provides in its submittal and on this Attachment B, Form #3 - Firm Responsibility Certification. More information regarding the Council's responsibility determination can be found in Section IV, Part A, Sub-Part 2 of the solicitation documents.

Your firm must answer each of the questions below and an authorized representative of your firm **must sign and date** the certification. **A typed signature is not acceptable.**

If your firm is selected for a contract award, your firm, and each of its subcontractors / joint venture partners may be required to complete, sign, and return the *Firm Responsibility Information - Detailed Questionnaire*, so that the Council can make a firm responsibility determination in accordance with Section IV, Part F of the solicitation documents. A copy of this questionnaire is provided in Appendix 4 to the solicitation documents. A firm selected for a contract award for this project (including subcontractors / joint venture partners) may be deemed not responsible or ineligible for contract award if the firm fails to complete the questionnaire, as requested, or if the firm's questionnaire reveals any unexplained, material misstatements on this Attachment B, Form #3 - Firm Responsibility Certification.

The Council reserves the right to request additional information from your firm regarding the answers to the questions below.

1. Did you review the Firm Responsibility Questionnaire provided in Appendix 4 to the solicitation documents? Yes No
2. Based on your review of the Firm Responsibility Questionnaire, does your firm have any issues or deficiencies that may lead the Council to making a finding of non-responsibility? Yes No
If "Yes," use the form titled "Additional Information" to disclose the issues or deficiencies.
3. Is your firm able and willing to provide the documentation necessary to demonstrate that it has, or has the ability to obtain, the financial, technical, and administrative capacity and resources to successfully complete the Council's project within the estimated performance period? Yes No
If "No," use the form titled "Additional Information" to explain.
4. Does your firm's insurance coverage meet the minimum requirements described in the *Draft Contract Terms & Conditions, Paragraph 5*? Yes No
If "No," use the form titled "Additional Information" to explain.
5. Based on your review of the the Council's Conflicts of Interest Policy and the Conflicts of Interest Questionnaire & Disclosure Statement (see Appendix 3), will your firm need to disclose:
 - (a) a conflict of interest with respect to this procurement action (e.g. access to non-public information that provides or may appear to provide your firm with an unfair competitive advantage)? Yes No
 - (b) a conflict of interest with respect to the contract that will be awarded for this project (e.g. an interest that will impair or may appear to impair your firm's ability to objectively perform work for the Council's project)? Yes No

If "Yes," use the form titled "Additional Information" to briefly describe the nature of the conflict. If selected for a contract award, your firm will be required to fully disclose any conflict on the Conflicts of Interest Questionnaire & Disclosure Statement.

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

#3 - Firm Responsibility Certification (pg. 2 of 2)

Firm Name _____

6. Within the previous 3 years has your firm, any affiliate, any predecessor company or entity, owner, director, officer, partner, principal, or proprietor been subject to any of the following:
- (a) a government suspension or debarment? Yes No
 - (b) a governmental entity's rejection (including pending actions) of any bid or disapproval of any proposed subcontract for lack of responsibility? Yes No
 - (c) a governmental entity's denial or revocation of prequalification? Yes No
 - (d) a voluntary exclusion agreement? Yes No
 - (e) a finding of non-responsibility for any reason by a federal or state governmental entity / agency? Yes No
 - (f) had one or more public transactions (federal, state, or local) terminated for cause or default? Yes No
 - (g) an indictment for, or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) for, fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property? Yes No
 - (h) a civil judgment rendered against it for commission of any of the offenses enumerated in Question 6, Part (g)? Yes No
 - (i) a conviction of the commission of any of the offenses enumerated in Question 6, Part (g)? Yes No
 - (j) a grant of immunity with respect to the commission of any of the offenses enumerated in Question 6, Part (g)? Yes No
- If "Yes" to any of (a) through (j), use the form titled "Additional Information" to explain.*
7. Is your firm, any affiliate, any predecessor company or entity, owner, director, officer, partner, principal, or proprietor currently subject to any pending actions as enumerated in Question 6, Parts (a) through (j)? Yes No
- If "Yes," use the form titled "Additional Information" to explain.*

ATTACHMENT D Contract Terms & Conditions Comments

FY 2023 IL Great Streets - # 2022RFP10-ILGRTSTREETS

Use this form to notify the Council about any concerns you may have about the draft contract terms and conditions. The draft contract terms and conditions can be found as Appendix 2 on the Council's website at www.ewgateway.org/about-us/what-we-do/doing-business-with-ewg/contracting-opportunities/. These concerns can include, but are not limited to: questions, comments, or requests for changes.

If the draft contract terms and conditions are acceptable and you do not have any questions, comments, or requests for changes, please check the "No" box.

If you have any questions, comments, or request for changes please check the "Yes" box and use the space provided below to explain your concerns. Please make sure that you reference the applicable contract Paragraph and Part number.

This form must be signed and returned to the Council with your submittal.

It is the responsibility of each responding firm to review the draft contract terms and conditions. The Council may not consider a firm's requests for changes to the contract if the firm's concerns are not noted on this form. It is within the Council's sole discretion to consider requests for contract changes that the selected consultant did not include on this form.

It is within the Council's discretion to decide whether or not to change any contract terms and conditions, even if concerns are noted on this form. Any terms that are required by state or federal rules, regulations, or statutes or by the Council's agreement with a funding agency are not negotiable and are not subject to change.

No - The firm does not have any questions, comments, or requests for changes.

Yes - The firm has a question, comment, or request for a change as noted below.

Total		<input style="width: 95%; height: 30px;" type="text"/>	<input style="width: 95%; height: 30px;" type="text"/>

In general, any work performed by a firm that is not a D/S/W/MBE cannot be counted toward the D/S/W/MBE participation for the project. This includes work that a D/S/W/MBE subcontracts to a non-D/S/W/MBE. A D/S/W/MBE that has been included as part of the project team must disclose its intent to subcontract a portion of its work to a non-D/S/W/MBE.

Will any of the D/S/W/MBEs listed above subcontract out any of its work to a non-D/S/W/MBE? Yes No

If "Yes," please provide a description of the work that will be subcontracted to a non-D/S/W/MBE and the estimated percentage of work to be subcontracted.

The undersigned submits the above list of D/S/W/MBEs that will be used to accomplish, at least in part, the work described in the solicitation documents.
