Page 1 of 5

As part of the final stages of the procurement process for the above-captioned project, the Council must make a final determination regarding your firm's responsibility. The Council is not permitted to award a contract to a firm, including the firm's subcontractors / joint venture partners, that the Council determines is not responsible. Section II, Part A, Sub-Part 2, #2 of the solicitation documents for this project provides a definition of a "responsible firm" and also describes the factors that the Council uses to make its firm responsibility determination.

In order to make this determination, the Council needs additional information. This Questionnaire includes the following forms:

- (1) Financial & Technical Resources
- (2) Legal Proceedings, Integrity & Business Ethics

Each form must be completed in its entirety. Please type the information into the forms using Adobe Reader or other compatible Adobe product. The forms in this Questionnaire may contain rules, which means that the boxes / spaces will auto fill depending on your answers to the questions.

You are NOT permitted to substitute your own format or information for the forms included in this Questionnaire.

If you need additional space to provide the information requested in this Questionnaire, please use the form titled "Additional Information." You may also attach additional sheets, as needed, in order to provide the requested information.

An authorized representative of the your firm **must sign and date** the certification provided below. **A typed signature is not acceptable.**

Please note that, if your firm's Questionnaire does not include the information necessary for the Council to make its determination regarding your firm's responsibility, then the Council may find that your firm is not responsible and is, therefore, ineligible to be awarded a contract for the project.

Also note that the requirements regarding firm responsibility apply equally to your firm's subcontractors / joint venture partners; therefore, prior to engaging a subcontractor or joint venture partner, it is your firm's responsibility to ensure that the subcontractor / joint venture partner will meet the Council's firm responsibility requirements. The Council may require that your firm's subcontractors also complete this Questionnaire.

If you have issues using this form or if you have questions about the information requested in this Questionnaire or the documentation that needs to be submitted to the Council, please contact:
