

**Respiratory Equipment Masks IFB
Solicitation # 2023IFB1-MASKS
Q & A – Addendum #1
March 6, 2023**

*Below is a list of questions that the Council has received regarding the above captioned solicitation. The Council's answers are noted below (in **bold, italic text**). Note that the questions may have been modified for clarity or to correct grammatical, syntax, and other errors. The information in this Q & A – Addendum document will have precedence over any information contained in the solicitation documents.*

1. On Attachment A, Line 5 it states, "Masks must include a vision correction system supporting +8 to -10 diopter, as well as quick attach outserts including clear, sunlight, blue blocker, laser, mirrored and shade-5 breaching." Do these seven accessory components need to be included in our response price? If they are to be included, our firm offers two different laser outserts, one green and one orange. Which would the recipient agency prefer?

The recipient agency has re-evaluated its needs and these accessory components are not required to be included in the response price, and therefore no outserts are needed.
