**Request for Proposals
for
A Consultant to Develop Comprehensive Safety Action Plan**

East-West Gateway Council of Governments (the Council) is seeking proposals from a consultant or a team of consultants to develop a comprehensive safety action plan for the St. Louis region.

Submittals are due no later than 1:00 p.m. local time on September 11, 2023 to the following address:

"Solicitation # 2023RFP1-SS4APLAN"
c/o Ms. Stacia Alvarez
Director of Administration
East-West Gateway Council of Governments

The Council is seeking submittals from a consultant or team of consultants (the Consultant) to develop a Comprehensive Safety Action Plan (Action Plan) for the St. Louis region. The St. Louis region includes the city of St. Louis and the following counties: Madison, Monroe, and St. Clair in Illinois and Franklin, Jefferson, St. Charles, and St. Louis in Missouri (together the Region).

As the federally-designated metropolitan planning organization (MPO) for the Region, the Council develops a [Long-Range Transportation Plan \(LRTP\)](#) that includes a guiding principles for the Region's transportation system. One of these guiding principles is providing a safe transportation system for all users. Additionally, the Council's transportation planning process includes Regional Safety Performance Targets that are used to measure and track the performance of the Region's transportation system in the area of safety.

The Council was awarded a grant from the U.S. Department of Transportation (DOT) through the Safe Streets and Roads for All (SS4A) grant program. This grant will support the Council's efforts to develop the Action Plan for the Region.

The Council's goals with creation and implementation of the Action Plan is to aid the Region in meeting the Regional Safety Performance Targets, eliminate roadway deaths on the Region's transportation system, and create healthy, safe, and equitable mobility for transportation system users. From 2016 to 2020, 1,522 lives were lost on roadways in the Region. Unfortunately, the trend is not moving in the right direction towards zero deaths. In addition, equity issues are evident in traffic crashes. While 32% of people live in underserved communities, 43% of all fatalities occur in these neighborhoods. The Action Plan will allow for the Council to center planning efforts around the people most impacted by traffic crashes.

Additionally, the Region crosses two states and includes 8 counties (including the city of St. Louis) and 193 municipalities and a guiding statement and action-based plan is crucial to systematic change across the Region. Given the diversity of roadways, land uses, roadway users, and the varying types of crashes that occur, an Action Plan that provides contextual strategies for the urban, suburban, and rural communities is needed to advance Vision Zero concepts. Collaboration will allow for more unified messaging and actionable strategies, implementation, and involvement across the Region.

The Council is seeking a consultant or team of consultants (the Consultant) to develop the Action Plan. The Action Plan developed by the Consultant must be informed by an inclusive engagement process, and a regional Task Force, representative of the diversity in the Region, will provide project oversight. The Consultant will develop a series of high injury networks at regional and county levels to identify where the majority of the fatal and serious injury crashes are occurring, focusing on all modes, vulnerable users, and underserved communities. The Consultant will also develop prioritized strategies that are shaped by a data-informed process, best practices, and public input, providing the Region and local communities shared future outcomes. In addition, the Action Plan must meet the requirements set forth by DOT that will allow local governments from across the Region to apply for grant funding to implement identified projects and strategies, most notable through the SS4A discretionary grant program.

The tasks described below provide a generalized scope of work for the project. A responding firm's submittal must, at a minimum, address the tasks described below. Please note that the tasks described below reflect the minimum number of components required for the Action Plan. Each responding firm is encouraged to identify other key elements of work that it expects may be an important part of the project, and describe its approach to addressing those elements.

A. Tasks

Task #1 – Project Management / Administration

The Consultant must oversee all aspects of the project. The Consultant must meet regularly with the Council throughout the project period. At the beginning of the project, the Consultant and the Council will hold an in-person kick-off meeting to discuss the Consultant's approach to the project, recommendations for the project, and to finalize the project schedule. The Consultant must hold bi-weekly check-in meeting with Council staff; these can be conducted virtually or as conference calls. Additionally, the Consultant will be responsible for in-person meetings with the Task Force, the Council's Executive Advisory Committee (EAC), and the Council's Board of Directors (BOD); these meetings are described in Task 2, 3, and 6. Note that the Council's EAC meets on the 2nd to last Tuesday of each month (at 2:00 p.m.) and the Board meets on the last Wednesday of each month (at 10:00 a.m.).

Each submittal must include a proposed project schedule. The final project schedule will be approved by the Council, and the Consultant must adhere to the approved schedule. Please refer to Part B of this Section II for more information regarding the time constraints associated with the project and the requirements for the project schedule that must be submitted.

The Consultant must also submit regular invoices and progress reports to the Council and provide the Council with the information that it needs to complete its reports to the funding agencies. The Consultant will need to be available to answer any follow-up questions regarding its work or the information provided in its reports.

Task 1 Deliverables:

- ❖ *Project schedule, in agreed upon format*
- ❖ *Invoices, in approved format*
- ❖ *Progress reports, in approved format*
- ❖ *Other information, as needed*

Task #2 – Stakeholder Engagement

It is essential that this project include meaningful engagement and collaboration with informed stakeholders (e.g., local government staff, including planners, engineers, public works, law enforcement personnel, advocacy groups, and other safety stakeholders). A systematic plan for gathering informed stakeholder input at each step of the process is critical. This input will be analyzed and incorporated throughout the development of the Action Plan. Task 2 includes the development, in coordination with

Council staff, of a strategic, detailed engagement plan that will be used to engage and educate the stakeholders and receive their input.

A major component of the stakeholder engagement process should include introducing and reinforcing local implementation of zero death safety concepts, including the Safe System approach and best practices in the context of Complete Streets principles to the stakeholders. Additionally, a Task Force will be developed in coordination with Council staff. This Task Force will be made up of key transportation officials and representatives of each element of the Safe System approach, and will convene at key milestones to review project findings, develop and refine strategies, vet the draft Action Plan framework, etc. The Consultant must hold a minimum of three, in-person Task Force meetings. The Consultant can propose additional meetings, as well as identify other key milestones that need to be addressed by the Task Force. These additional meetings may be conducted in person or virtually and the Consultant's proposal must clearly indicate if the firm is proposing additional meetings and the format.

Another component of the Action Plan is to develop a unified message (i.e., what is Vision Zero and why the St. Louis region needs Vision Zero) and to share that message to the broader community through social media and the Council's website. This task includes creating a brand or identity that will be recognizable (i.e., the logo design). In addition, the Consultant will be responsible for developing website and social media content for Council staff to publish on the Council's website/social media accounts, and that is easy for Council staff to reproduce for future messaging purposes. The Consultant must also prepare stakeholder meeting reports, in an agreed upon format. The Consultant must provide the logistics and preparation required for all project meetings. Logistics and preparations include, but are not limited to, securing meeting facilities, preparing and distributing meeting notifications, and preparing meeting materials (i.e., agendas, presentations, informational hand-outs, etc.).

The Consultant's proposal must include ideas for methods and appropriate tools for conducting the stakeholder engagement process and should outline the process and schedule for the engagement plan.

Task 2 Deliverables:

- ❖ *Stakeholder engagement plan*
- ❖ *Stakeholder meeting reports*
- ❖ *Task Force meetings and materials*
- ❖ *Logo design and branding*
- ❖ *Website and social media content (i.e. educational graphics)*
- ❖ *Presentations and materials*

Task #3 – Existing Conditions Analysis

Vision Zero is a data-driven approach. Gathering, analyzing, utilizing, and sharing formal data on injury crashes is fundamental to the success of Vision Zero. The Consultant will perform an existing conditions analysis (with equity considerations) to help inform the development of the Action Plan implementation strategies. The existing conditions analysis will identify historical trends in fatal and serious injury crashes across the Region, such as contributing factors, crash types, demographic and roadway characteristics, etc.

The existing conditions analysis will include a review of current best practices, transportation laws, policies, plans, guidelines, and/or standards, both regionally and nationally. This task will require familiarity with safety and zero death initiatives, including but not limited to:

- A. DOT's Safe System approach
- B. Federal Highway Administration's (FHWA) Safe Transportation for Every Pedestrian (STEP) Initiative
- C. Show-Me Zero – Missouri's Strategic Highway Safety Plan
- D. Driving Zero Fatalities to a Reality – Illinois's Strategic Highway Safety Plan
- E. Local Strategic Highway Safety Plans for each of the eight counties in the St. Louis region
- F. The Council's Bicycle and Pedestrian Crash Analysis
- G. Vision Zero (Vision Zero Network)
- H. Toward Zero Deaths (National Strategy on Highway Safety)
- I. Road to Zero (National Safety Council and Road to Zero Coalition)

The Consultant will aggregate data for crashes involving fatalities and serious injuries, for all modes, in the Region. The Consultant will need to identify the data required to fulfill the scope of services. Data categories that should be collected include:

- A. Historical trends that provide a baseline level of crashes
- B. Crash data

The data analysis will be included in the Action Plan, and the Consultant will also need to develop graphics and maps to clearly explain the findings to general public.

The main component of the Action Plan is the development of High Injury Networks (HINs) (i.e., the mapping of corridors and intersections) that show where the highest concentration of fatal and serious injury crashes are occurring in the Region. The HINs will address location-specific safety issues for:

- 1. All modes, for all roads except Interstates
- 2. Vulnerable populations (i.e., people walking or biking, including children and disabled individuals)
- 3. Underserved communities
- 4. Top contributing crash factor(s), which is to be determined based on data (e.g., distracted driving, speeding, unbuckled, etc.)
- 5. Interstate collision hot spots

To help inform strategies, the Consultant may work with the Council to identify additional safety issues to be included in the HIN analysis.

The Consultant will work closely with Council staff to determine the methodology used to develop the HINs. In addition, the HINs will be updated by Council staff in the future, so the methodology used to

recreate them must be provided by the Consultant, including datasets, data cleaning and preparation, data aggregation, high injury network criteria/thresholds, etc.

In addition to the regional HINs, the Consultant will develop high crash segments on a county-wide level for the city of St. Louis and each of the counties in the Region (8 total). For each of these jurisdictions, the Consultant will create a geospatial map identifying a prioritized list of high crash segments for all modes (e.g., 20-30 segments for each county, but the number will ultimately depend on the data analysis), and provide a table/data package indicating street name, segment limits, length, ownership (i.e., state, county, local), percent of total crashes, number of each mode involved in crash, contributing factors, crash type, etc. for each high crash segment identified. The intention of the development of the county-wide high crash segments is to enable both counties and municipalities to apply for SS4A implementation grants and implement the strategies that support the Action Plan, as well as implement safety improvements through Federal-aid Highway Program funding in general. This county-level analysis will not include Interstates.

A crash risk assessment (i.e., systemic safety needs) will be developed as part of the existing conditions analysis. This is more of a proactive approach, identifying specific roadway characteristics of locations where severe crashes frequently occur. The assessment can include high-risk road features, specific safety needs of relevant road users, analysis of the built environment, demographics, etc.

The Consultant will attend, in person, 1 EAC meeting and 1 Board meeting to share information with these groups about Vision Zero concepts, the HINs, and the results of the existing conditions analysis.

Task 3 Deliverables:

- ❖ *Documentation of national best practices and the region's existing safety policies, programs, and practices*
- ❖ *Graphics, maps, and data from crash analysis, showing regional safety trends over time, current trends, and public safety concerns*
- ❖ *Region-wide HINs (including, but not limited to: all modes, vulnerable populations, underserved communities, top contributing crash factor(s), Interstate collision hot spots, etc.)*
- ❖ *Methodology for developing HINs*
- ❖ *Eight county-wide geospatial maps with table/data package, identifying a prioritized list of high crash segments*
- ❖ *Crash risk assessment*
- ❖ *Presentation/meeting materials for EAC and BOD*
- ❖ *In-person presentations – 2 total – 1 EAC and 1 BOD*

Task #4 – Implementation Strategy

The Consultant will create a guiding statement through engagement with the Task Force, as well as a goal and timeline for eliminating roadway fatality and serious injury crashes. The Consultant will identify a comprehensive set of contextual projects and strategies (with equity considerations), both near- and long-term timeframes, to reach zero roadway fatalities and serious injuries and address systemic safety issues, including identification of SS4A supplemental planning activities and/or

implantation projects that can be applied for in future SS4A funding rounds. The responsible party for each project or strategy should also be identified.

The strategies should, at a minimum, focus on the following: the [DOT Safe System approach](#), low-cost treatments over a wide geographic area, equitable investment of safety needs in underserved communities, project bundling opportunities, and educational/outreach strategies, specifically in underserved communities. Through the best practices review in Task 3, the Consultant will also evaluate the implementation of any new or revised policies, guidelines, and/or standards to better advance Vision Zero in the St. Louis region.

Part of the implementation strategy should also include guidelines for county and local governments to adopt the Action Plan and apply for SS4A supplemental planning activities or implementation grants. This should be developed as a supplemental document that can be distributed to local governments. This document should include solutions to barriers, such as, but not limited to local match, for underserved communities applying for SS4A.

Task 4 Deliverables:

- ❖ *Statement, goal, and recommended phasing /timeline for eliminating roadway fatality and serious injury crashes*
- ❖ *Near-term and long-term contextual projects and strategies, including recommendations for new or revised laws, policies, guidelines, and/or standards*
- ❖ *SS4A supplemental planning activities and/or implementation projects that can be applied for in the FY 2024, FY 2025, and FY 2026 SS4A funding round*
- ❖ *Identification of responsible parties for each strategy or project*
- ❖ *Supplemental document that explains, summarizes, and simplifies the SS4A supplemental planning activities and implementation grant application process for the Council's partners*

Task #5 – Measuring Progress / Reporting

The Consultant will develop a technical memo that describes the methods that the Council can use to measure progress over time after the Action Plan is completed. These methods should include, at a minimum, annual reporting on progress toward reducing roadway fatalities and serious injuries. Additionally, the reporting mechanism must allow the Council to share the data or information with stakeholders and the general public. The Consultant will develop strategies the Council can use to publicly report on the Region's progress toward reducing roadway fatalities and serious injuries.

Task 5 Deliverables:

- ❖ *Technical memo documenting methods to measure progress and strategies for public reporting*

Task #6 – Comprehensive Safety Action Plan

The final Action Plan should, at minimum, include all of the elements outlined in Tasks 2 through 5, and should comply with the components identified in the Notice of Funding Opportunity (NOFO) for the [SS4A Discretionary Grant Opportunity \(Page 4, Table 1\)](#). The document should be easily

accessible and readable with graphics, charts, and visuals. The Consultant will provide 65 printed/bound copies of the draft Action Plan and 95 printed/bound copies of the final Action Plan. The Council anticipates that these printed materials will be in color and 8.5 x 11" size.

The Consultant will present the draft Action Plan to the Council's EAC and Board. The draft Action Plan must be ready to present to the Council's EAC and Board no later than May 2024. The final Action Plan will be presented to the Council's EAC and Board for approval no later than June 2024. The Council anticipates that staff will present the final Action Plan to the EAC and Board; however, if significant changes are made to the Action Plan after the draft is presented, then the Consultant will be expected to attend these meetings in person to explain the changes.

Task 6 Deliverables:

- ❖ *Draft Action Plan*
- ❖ *Final Action Plan*
- ❖ *Presentation/meetings materials for EAC and BOD*
- ❖ *In-person presentations (2 total – 1 EAC and 1 Board; 2 tentative – 1 EAC and 1 Board)*
- ❖ *Printed copies of the draft and final plan*

B. Project Schedule

It is anticipated that the work for this project will begin in November 2023 and must be completed no later than June 30, 2024. The draft Action Plan must be ready to present to the Council's EAC and Board no later than their May meetings and the final Action Plan will be presented to the Council's EAC and Board for approval no later than their June 2024 meetings for approval.

It is anticipated that the NOFO for the next round (i.e., FY 2024 round) of SS4A funding will open in Spring 2024. The FY 2023 SS4A round opened in Spring 2023 and the deadline was July 10, 2023, thus the FY 2024 deadline can be expected in July 2024. It is imperative that the Region's Action Plan be completed and approved by the Council's Board in June so that the local jurisdictions in the Region are eligible to apply for this funding. The Consultant will be expected to monitor DOT's schedule for the next round of funding and work closely with Council staff to ensure that the Region's Action Plan is completed and approved in sufficient time to maintain the local's eligibility to apply.

Each firm responding to this RFP must include in its submittal a recommended project schedule that, at a minimum, shows the estimated completion date for each of the tasks and sub-tasks and dates when the work products will be delivered to the Council. **Submittals that do not contain a project schedule may be deemed non-responsive and rejected.**

A. Formatting & Other Requirements

Submittals must conform to the following parameters*:

Page #	No more than 25 pages, exclusive of the required attachments
Page Size	8.5" X 11"
Page Orientation	Portrait, Landscape, or Both
Margins	1"
Font Size	Not less than 11 point font
Font Type	No requirement

*The submittal requirements listed above **do not** apply to work samples OR to the Attachments (forms).

Each responding firm must provide both printed and electronic copies of its submittal, including attachments and work samples. In addition to the parameters noted above, the submittal must adhere to the requirements described below for both the print and electronic versions.

Print Version – Submittal w/ Attachments A through G included*

# of Copies	6
Tabbing	Divide with tabs, organized in accordance with the outline provided in Part B below
Binding	No binder clips, paper clips, etc. (can use spiral binding, comb binding, etc.)

*Note that the work samples may **NOT** be included as part of the printed submittal but must be submitted as separate documents. **Attachments A through G are required in BOTH printed and electronic format.**

Print Version – Work Samples*

# of Copies	2
Tabbing	Not required
Binding	No binder clips, paper clips, etc. (can use spiral binding, comb binding, etc.)

*Note that the work samples may **NOT** be included as part of the printed submittal but must be submitted as separate documents.

Electronic Versions

Submittal + Attachments	1 copy in *.pdf format
Attachment A	1 copy in *.xls or *.xlsx format
Work Samples	1 copy of each sample (3 total) in *.pdf format, unless URL is provided in lieu of a *.pdf
Storage Format	1 external storage device (e.g. USB flash drive)

Several attachments require a signature and **both** the print and electronic versions of these attachments **must include a signature**. A list of these attachments is provided below.

B	Form #2 – Statement of Past Performance AND Form #3 – Firm Responsibility Certification
D	Contract Terms & Conditions Comments
E	RFP Minimum Requirements Checklist
F	D/S/W/MBE Participation Form
G	Letter of Intent to Perform as a D/S/W/MBE

Additional information about the submittal requirements can be found in *Appendix 5 – FAQs – Submittal Requirements*.

B. Content

All of the items listed below must be addressed and included in each submittal. ***If all of these items are not provided in a firm’s submittal, then the Council may deem the firm’s submittal non-responsive and may not evaluate the submittal.***

The Council reserves the right to waive minor errors, omissions, or technicalities as determined to be in the best interest of the Council and that do not impede the Council’s ability to evaluate a responding firm’s quality of work, experience, or capability to perform the requested work.

In addition to the items noted below, each firm should ensure that its submittal provides any information that will be relevant to the evaluation process (see Section IV and *Appendix 1 – Evaluation Criteria & Factors (“Appendix 1”)*).

Sub-Part 1 – Approach & Qualifications

1. Letter of Interest. This letter must summarize the firm’s approach to the project and describe how the firm is particularly qualified to complete the work described in Section II. The letter must:
 - (a) commit the submittal for a minimum of 90 calendar days,
 - (b) include the name, phone number, and e-mail address of the person who the Council should contact in the event that questions arise regarding the firm’s submittal, and
 - (c) be signed by a firm principal.

2. Project Approach. The general scope of work for the project has been developed by the Council's staff and is provided in Section II. Each firm's submittal must include further detail about the specific methodology or approach that the firm intends to use to complete the project. Specifically, the description should, at a minimum, address each task listed in Section II and the following:
 - (a) The firm's approach, including project management, and how this approach will benefit the Council and allow the Council to accomplish its goals for the project.
 - (b) Any unique methods that the firm may employ to complete the project and why these methods are particularly well-suited to the project.
 - (c) A proposed project schedule (see Section II, Part C).

3. Qualifications. Each submittal must indicate the qualifications of the responding firm as it relates to the services requested in this RFP. The qualifications should be described in a brief narrative regarding the firm's capabilities to carry out the project, including special assets, areas of expertise, analytical tools, or data sources to which the firm has access. The qualification summary must also include the following:
 - (a) *Experience Summaries* – For each key person that will be assigned to the project, the submittal must include an experience summary. The summary should clearly identify the key person's prior experience on similar projects, in similar roles, and outline the responsibilities the person will have in the context of the Council's project. An experience summary must be provided for the following key personnel, as applicable:
 - ❖ Account management personnel
 - ❖ Project management
 - ❖ Personnel with specialized experience needed to complete the work*Full resumes should be included as an attachment to the submittal.*
 - (b) *Team Organization Chart* – A graphic representation of the team members that will be assigned to the project. The chart must show:
 - (i) the hierarchy of the team structure (i.e. who reports to who for purposes of the project);
 - (ii) the name and title of each individual show in the organization chart;
 - (iii) the firm for which each key person works; and
 - (iv) the role the key person will have during the project (e.g. Project Manager).
 - (c) *Addresses* – The address of the office in which each key person currently works.

Changes to Key Personnel – By responding to this RFP, a firm agrees that the key personnel that the firm identifies in its submittal will be available for the entirety of the project, throughout the term of the contract, as long as that individual is employed by the responding firm or unless the Council agrees to a change in key personnel.

- (d) *Time Availability for Key Personnel* – Each submittal must include the *Time Availability for Key Personnel Form* that is included in this solicitation.
- (e) *Prior Work Experience and Past Performance* – Each submittal must include information about the responding firm’s / consultant team’s prior work experience / past performance. The firm must provide information about **no less than 3 projects**. The projects that the firm uses to document its prior work experience / past performance must:
- ❖ demonstrate that the responding firm has completed a project similar in type, scope, and magnitude to the project described in this RFP,
 - ❖ demonstrate that the responding firm’s proposed key staff persons have performed work for / played roles in the firm’s prior projects that are similar to the work / roles that the firm is proposing for these key persons for the Council’s project, and
 - ❖ have been undertaken by the firm within the previous 7 years.

Additionally, for **each** project that the firm uses as an example of its prior work experience / past performance, the firm must submit **both** of the following:

- (i) *Prior Work Experience / Past Performance Form* – the responding firm’s submittal must include a *Prior Work Experience / Past Performance Form* for each project that the firm is using as an example of its prior work experience / past performance (**minimum of 3**). This form provides information about the firm’s prior project, client information that the Council may use during Step 3 of the evaluation and selection process, and information about the firm’s work sample.
- (ii) *Work Sample(s)* – the responding firm must provide 1 electronic copy of a work sample for each project (**minimum of 3**).

Sub-Part 2 – Project Price

The Council intends to award a single, firm fixed price contract for the services described in this RFP. Each firm responding to this RFP must provide **both** a printed and an electronic version of its price proposal. Each firm must submit its price proposal using *Attachment A – Price Proposal* (Attachment A). Attachment A is available in *.xlsx format on the Council’s website at www.ewgateway.org/about-us/what-we-do/doing-business-with-ewg/contracting-opportunities/. This spreadsheet may only be modified as noted in the file.

*The Council reserves the right to reject, as non-responsive, a firm that does **not** submit:*

- ❖ *Attachment A in the required format*
- ❖ *All of the information requested in Attachment A*
- ❖ *The assumptions that form the basis of the price proposal*
- ❖ *A price for each component of the project, including any optional services (if applicable)*
- ❖ *Pricing information for subcontractors*

The Council reserves the right to select any portion of the proposed services, only the optional services, or any combination of the offered / optional services and the final project costs will be determined based upon the services selected. In order to ensure that the project costs are reasonable and necessary for the performance of the project work, the Council also reserves the right to: (1) question elements of cost and request additional information regarding the basis for the costs; (2) negotiate, and accept or reject, costs or elements of costs; (3) negotiate fixed fee; and (4) require additional documentation regarding the fully burdened hourly rates or overhead rate that the responding firm / its subcontractors propose to use for this project. A firm that refuses to provide information regarding its proposed fixed fee rate or documentation regarding its proposed fully burdened hourly rates or overhead rate may be deemed ineligible for a contract award.

Sub-Part 3 – Firm Information

*****A signed version of this Attachment should be provided in electronic format (*.pdf format) on your firm's external storage device. A printed version is required.***

Each responding firm must provide in its submittal *Attachment B – Firm Information* (Attachment B). This information will be used during Step 1 of the evaluation process and may be provided to the selection committee during other stages of the evaluation process. ***A submittal that does not include a completed and properly signed Attachment B may result in the Council determining that the responding firm is not responsible and, therefore, ineligible to move on to other steps of the procurement process or be awarded a contract for the project.***

Attachment B includes the following forms:

- #1 – Corporate Profile
- #2 – Statement of Past Performance
- #3 – Firm Responsibility Certification

Each form in Attachment B must be completed in its entirety. A responding firm is **not** permitted to substitute its own format or information for the forms included in Attachment B.

Responding firms should be aware that the Council may deem a firm's submittal non-responsive and reject the submittal for: (1) failure to sign Attachment B, Forms #2 and #3; (2) failure to provide all of the information requested in Attachment B; or (3) failure to provide sufficient information for the Council to make an initial responsibility determination. The Council reserves the right to waive minor errors, omissions, or technicalities in Attachment B as determined to be in the best interest of the Council.

Additional instructions are provided in Attachment B.

Sub-Part 4 – Other Forms & Certifications

****These Attachments should be provided in electronic format (*.pdf format) on your firm's external storage device. A printed version is required. The electronic version must include a signature where required.**

1. Affirmative Action Checklist. Each responding firm must complete and submit *Attachment C – Affirmative Action Checklist*.
2. Contract Terms & Conditions. The draft contract terms and conditions are provided in Appendix 2. These terms will govern the project and may change if circumstances warrant it; however, any terms required by state or federal rules, regulations, or statutes or by the Council's agreement with a funding agency, are non-negotiable and are not subject to change. Each responding firm must review the terms and complete, sign, and submit *Attachment D – Contract Terms & Conditions Comments*, which will notify the Council of the firm's questions or concerns about the contract terms and conditions.

Please note that certain appendices referred to in Appendix 2 (e.g. Appendix I (Scope of Work) and Appendix II (Milestone Payment Schedule)) will not be included in Appendix 2 because these appendices are developed by the Council and the Consultant during contract negotiations.

3. RFP Checklist. Each responding firm must complete, sign, and submit *Attachment E – RFP Minimum Requirements Checklist*.
4. D/S/W/MBE Participation. The Council encourages D/S/W/MBE participation. D/S/W/MBE includes: disadvantaged, small, women-owned, and minority business enterprises. Please refer to Section VII for more information about what constitutes a certified D/S/W/MBE. In order to document the D/S/W/MBE participation for the project, each responding firm must submit **ONE** of the following, as applicable:
 - (a) *No D/S/W/MBE Participation* – If the D/S/W/MBE participation for the project is 0%, the submittal must include a statement that there is no D/S/W/MBE participation for the project.

OR

 - (b) *Some D/S/W/MBE Participation* – If the responding firm is a D/S/W/MBE or intends to hire / has hired a D/S/W/MBE to perform work for the project, then the submittal must include **each** of the following:
 - (i) *Attachment F – D/S/W/MBE Participation Form*.
 - (ii) *Attachment G – Letter of Intent to Perform as a D/S/W/MBE* for **each** certified D/S/W/MBE.

The Council's selection of a firm to provide the services described in this RFP will be conducted in accordance with the Council's purchasing policies and procedures. Unless otherwise noted in this RFP, the Council will open and review each submittal that the Council received by the deadline described in Section IX, Part C. Each submittal will be evaluated according to the steps and criteria listed in this Section IV.

Upon successful selection approval, the Council will make the contract award to a responsible firm which provided a submittal that is most advantageous to the Council. The Council reserves the right to select a firm other than the one that offered the lowest proposed price or to select a firm other than the one with the highest rank (i.e. #1) if doing so would be in the best interest of the Council. The Council also reserves the right to make a selection for the project based solely on the information contained in the submittal and without conducting any discussions with any firm. If the Council decides to conduct discussions, it will proceed as described below. The Council reserves the right to select any consultant team, individual consultant, or combination of consultants that it determines is in its best interest.

Discussions and Clarifications

At its option, and if the Council determines that it is in its best interest, the Council may conduct additional discussions with any firm at any time prior to making a final selection. These discussions may pertain, but are not limited to: clarifying information contained in the firm's submittal or provided by the firm to the Council, clarifying information contained in the solicitation documents, obtaining additional information from the firm, negotiating the scope of work / submittal, permitting a firm to modify its submittal, etc. As part of this process, the Council may elect to conduct oral discussions, request more information, and request presentations concerning the firm's project approach and its ability to meet the project's requirements, including the budget. In general, the Council will conduct these discussions with a firm that is in the "competitive range." Competitive range means that the firm has a reasonable chance of being selected for the contract award, when relevant factors are considered (e.g. price, other evaluation / selection factors); however, the Council may choose to conduct these discussions with all firms that provided a submittal or only those firms that were deemed responsible and that provided a responsive submittal.

If these discussions lead the Council to determine that the solicitation documents were unclear or otherwise deficient and need to be modified, then the Council will follow the procedures described in Section V, Part I.

A. Step 1 – Responsiveness / Firm Responsibility

During Step 1 of the evaluation process, the Council will review a submittal to ensure that it meets all of the minimum RFP requirements and will make an initial determination regarding the responding firm's responsibility. Each factor is described in more detail below.

Sub-Part 1 – Responsiveness

A submittal that does not meet the minimum RFP requirements may be rejected as non-responsive and may not continue to future steps of the evaluation and selection process.

The Council's procurement staff will review each submittal that is received by the required due date and time in order to determine if the submittal meets the minimum requirements described in the solicitation documents.

Firms are not assigned points during this stage of the evaluation process; rather this stage of the process is based on the assignment of "yes/no/ waived" for each minimum requirement. A submittal that does not meet the minimum requirements described in Section III and does not receive a waiver for not providing the required information, may be rejected as non-responsive and the firm may be deemed ineligible to move on to other stages of the evaluation process or be considered for a contract award. *The Council reserves the right to waive minor errors, omissions, or technicalities as determined to be in the best interest of the Council and that do not impede the Council's ability to evaluate a responding firm's quality of work, experience, or capability to perform the requested work.*

Sub-Part 2 – Firm Responsibility

The Council will not award a contract for the project to a firm that the Council's determines is not responsible. The Council's responsibility review will be conducted as described below. The definition of a "responsible" firm is provided in Sub-Part 2, #2. The factors that the Council may consider when making its determination are provided in *Appendix 1 – Evaluation Criteria & Factors* ("Appendix 1").

1. Initial Responsibility Review.

For each responsive submittal, the Council will conduct an initial review of the firm's responsibility. The Council will make this initial determination based upon the responding firm's submittal, Attachment B, Forms #2 and #3, and any other information the Council requests or determines is relevant to its determination. During the initial responsibility determination, no points are assigned, rather, the Council reviews the submittal and assigns either a "yes" or a "no" to indicate whether the firm has been deemed initially responsible and eligible to move on to the next step of the evaluation process.

The Council will notify the selection committee about any issues or areas of concern that are found during the initial responsibility review.

A submittal that does not include the information necessary for the Council to make its initial determination regarding firm responsibility may result in the Council determining that the responding firm is not responsible and, therefore, ineligible to move on to other steps of the procurement process or be awarded a contract for the project.

2. Definition. A “responsible” firm is one that:
- (a) does not have any corporate, legal, or financial barriers to successful performance,
 - (b) has, or has the ability to obtain, the financial and resource capacity to successfully complete the work described in this RFP within the estimated performance period,
 - (c) has a satisfactory performance record, and
 - (d) is not currently suspended or debarred or is not currently being considered for suspension or debarment.

B. Step 2 – Submittal Evaluation

The Council will evaluate each submittal that is deemed to be responsive and that was submitted by a firm that the Council deemed initially responsible. The Step 2 evaluation will be conducted using the process described below.

Sub-Part 1 – Screening Process (Optional)

The Council may determine that it will conduct a screening process for the submittals received for this solicitation. If the Council conducts a screening process, then each submittal that was deemed eligible to proceed beyond Step 1 of the evaluation process will be evaluated by a screening committee. Each firm will be assigned either a “Pass” or a “Fail” rating for the criteria described in Appendix 1.

If the Council chooses **not** to conduct a screening process, then the submittal evaluation process will begin with Sub-Part 2.

- 1. Rating. The evaluators that are members of the screening committee will review each submittal and assign a Pass or Fail rating based on the criteria described in Appendix 1.
- 2. Committee Rating. After each evaluator has independently evaluated each submittal, the evaluators will discuss each firm’s submittal, any additional information obtained by the Council, and the individual evaluator “Pass” / “Fail” ratings. The screening committee will determine, by consensus, whether each firm is assigned a “Pass” rating or a “Fail” rating. A firm must receive a “Pass” for each evaluation factor in order to receive a “Pass” for the evaluation criterion. A firm must receive a “Pass” rating for each of the criterion in order to receive an overall “Pass” rating for the screening process and move on to the scoring process described in Sub-Part 2. A firm that receives a “Fail” rating for any factor / criterion must be assigned an overall “Fail” rating, will not move on to other steps of the evaluation process, and will not be selected for contract award. In the event that the screening committee, cannot reach a decision about the “Pass” / “Fail” rating for each firm, the Council’s procurement staff will assign a “Pass” / “Fail” rating to each firm based upon an examination of the evaluators’ individual ratings.

Sub-Part 2 – Scoring & Ranking Process

If the Council conducted a screening process, then each submittal that received an overall “Pass” rating during the screening process described in Sub-Part 1 will be evaluated and scored based on the criteria described in Appendix 1.

If the Council did **not** conduct a screening process, then each submittal that was deemed eligible to proceed beyond Step 1 will be evaluated and scored based on the criteria described in Appendix 1. The submittal evaluation will be conducted as follows:

1. **Scoring.** The evaluators that are members of the selection committee will review each submittal and award points based on the evaluation criteria described in Appendix 1.
2. **Ranking.** After each evaluator has independently scored each submittal, the selection committee will determine, by consensus, the firm ranking (e.g. 1, 2, 3) using one of the methods described below.
 - (a) **Interviews Conducted (Optional).** If interviews are to be conducted, then, at the conclusion of the Step 2 scoring, the evaluators will complete the price proposal review and create the firm ranking and interview short-list as follows:
 - (i) **Price Proposal Review.** The evaluators, along with the Council’s procurement staff, will review the information contained in the firm’s submittal and price proposals. Points will not be assigned during the price proposal review. Rather a firm’s proposed price will be compared to its technical proposal to determine which proposal is potentially the best value to the Council. During this review, price will be given equal weight to the technical evaluation (i.e. criteria (a) – (e)). Note that a price proposal review will be conducted for only those firms that are being seriously considered for the contract award, which, in general, are those firms that received high marks on the technical and D/S/W/MBE evaluation.
 - (ii) **Short-Listing.** The evaluators will discuss each firm’s submittal, price proposal (as applicable), any additional information obtained by the Council, and the individual evaluator scores. Based on this assessment, the selection committee will determine, by consensus, the firm ranking (e.g. 1, 2, 3). In the event that the selection committee, cannot reach a decision about the rank for each firm, the Council’s procurement staff will assign an overall rank to each firm based upon an examination of the evaluators’ individual scores and the firms’ price proposals. The Council will create the interview short-list from the highest ranked firms.

The short-listed firms will continue to Step 4 of the evaluation process. Those firms that are not short-listed will not be invited for interviews or selected for contract award. The Council is in no way required to create a short-list or to select a certain minimum or maximum number of firms for a short-list.

(b) *No Interviews Conducted.* If interviews are not to be conducted, then, at the conclusion of the Step 2 scoring, the evaluators will complete the price proposal review and the final firm ranking as follows:

- (i) **Price Proposal Review.** The evaluators, along with the Council’s procurement staff, will review the information contained in the firm’s submittal, price proposal, and any information obtained by the Council during other steps of the evaluation process. Points will not be assigned during the price proposal review. Rather a firm’s proposed price will be compared to its technical proposal to determine which proposal represents the best value to the Council. During this review, price will be given equal weight to the technical evaluation (i.e. criteria (a) – (e)). Note that a price proposal review will be conducted for only those firms that are being seriously considered for the contract award, which, in general, are those firms that received high marks on the technical and D/S/W/MBE evaluation.
- (ii) **Final Firm Ranking.** The evaluators will discuss each firm’s submittal, price proposal, any additional information obtained by the Council, and the individual evaluator scores. Based on this assessment, the selection committee will determine, by consensus, the final firm ranking (e.g. 1, 2, 3). This firm ranking will indicate the firms that will be considered for a contract award.

In the event that the selection committee, cannot reach a decision about the final rank for each firm, the Council’s procurement staff will assign an overall rank to each firm based upon an examination of the evaluators’ individual scores and the firms’ price proposals.

The Council will note each firm’s rank on a Firm Selection Form according to the final firm ranking determined during this step of the evaluation process (e.g. 1, 2, 3).

At its option, the Council may proceed from Step 2 to Step 4 and not conduct Step 3 of the evaluation process.

C. Step 3 – Reference Checks (Optional)

The Council may elect to contact the references of the top-ranked firms, the short-listed firms, or the firm selected for a contract award. The reference check process, if conducted, will proceed as follows:

1. Reference Check Forms. Each reference will be sent a reference check form via e-mail. The reference will be provided the option to provide a reference in one of two ways: (a) complete the form and return it via e-mail or fax; or (b) complete the form over the phone.
2. Deadline. Each reference will be provided a deadline by which he / she must return the completed reference check form or provide a reference over the phone. In the event that a firm’s reference does not meet the deadline, the Council may, at its option, contact the responding firm to obtain an alternate reference.

3. Results. No points will be assigned to a firm based upon the reference checks. The reference check forms will be provided to the selection committee to use during Step 5 of the evaluation process. Even if no interviews are conducted, the Council may determine that reference checks will be conducted and the reference check results may be used by the Council or the selection committee to determine the final firm ranking (see Steps 2 and 5) and may be used during Step 6.

D. Step 4 – Interviews (Optional)
--

At its option, the Council may invite the short-listed firms to attend an oral interview. The Council will notify each short-listed firm that it has been selected for an interview. The selection committee will use the information obtained during the interview process to develop the final firm ranking during Step 5 of the evaluation process.

E. Step 5 – Post-Interview Evaluation (Optional)

If interviews are conducted, then, at the conclusion of Steps 1 through 4 of the evaluation process, each interviewed firm will be scored and ranked, as follows:

1. Scoring. A selection committee will review the information obtained by the Council during Steps 1 through 4 of the evaluation process and will award points to each interviewed firm based on the evaluation criteria described in Appendix 1.
2. Ranking. After each evaluator has independently scored each interviewed firm, the selection committee will determine, by consensus, the final firm ranking (e.g. 1, 2, 3) using the steps below.
 - (a) *Price Proposal Review.* The evaluators, along with the Council’s procurement staff, will review each interviewed firm’s submittal, interview, and any information obtained by the Council during other steps of the evaluation process and will review the firm’s price proposals in light of the information obtained during the interview or other steps in the evaluation process. Points will not be assigned during this review. Rather a firm’s proposed price will be compared to its technical proposal, as supplemented by the information presented during the firm’s interview, to determine which proposal represents the best value to the Council. During this review, price will be given equal weight to the technical evaluation (i.e. criteria (a) – (e)), as supplemented by the information presented during the firm’s interview.
 - (b) *Final Firm Ranking.* The evaluators will discuss each interviewed firm’s submittal, interview, price proposal, any additional information obtained by the Council, and the individual evaluator scores. Based on this assessment, the selection committee will determine, by consensus, the final firm ranking (e.g. 1, 2, 3). This firm ranking will indicate the firms that will be considered for a contract award.

In the event that the selection committee, cannot reach a decision about the final rank for each interviewed firm, the Council’s procurement staff will assign an overall rank to

each interviewed firm based upon an examination of the evaluators' individual scores and the firms' price proposals.

The final rank for each firm that was not interviewed will be the rank assigned to that firm during the Step 2 short-listing process. The Council will note each firm's rank on a Firm Selection Form according to the final firm ranking determined during this step of the evaluation process (e.g. 1, 2, 3).

F. Step 6 – Selection & Contract Award

The final selection and contract award process will proceed as described below. The award process is considered open and on-going until all final negotiations have concluded.

1. Selection. After the conclusion of the evaluation process, the Council will recommend a contract award to the firm that was selected. The Council will make this recommendation to the Council's Board of Directors, which will indicate the firm selected for the contract award, the not-to-exceed contract price, and, if applicable, an alternate firm / firms that may be awarded the contract if the Council cannot successfully negotiate a contract with the selected firm. If the Board of Directors approves the selection recommendation and contract price, then the Council can begin negotiations with the selected firm.
2. Contract Award.
 - (a) *Firm Notifications.* Once the Board of Directors has approved the selection recommendation and amount of funding for the contract, the Council will notify the selected firm that it has been awarded the contract. The Council may notify the unsuccessful firms of the results at any time after the Board of Directors has approved the selection recommendation and contract funding. The Council may, at its option, elect to notify unsuccessful firms only after all negotiations have been concluded and a contract has been executed.
 - (b) *Negotiations.* The Council may negotiate the contract terms with the firm awarded the contract and, at its option, refine the firm's scope of work. As part of the negotiation process, the Council may elect to conduct oral discussions, request clarifications, and request presentations concerning the firm's project approach and its ability to meet the contract's requirements. During contract negotiations, the Council may discuss the firm's price proposal. The final contract price will be determined after considering changes needed due to: scope refinement, good cause, or ensuring the reasonableness and necessity of the proposed cost. The final contract price will not exceed the amount of funding approved by the Council's Board of Directors. If the Council cannot successfully negotiate a contract with the selected firm, then the Council may formally, and in writing, end all negotiations with the selected firm and may elect to:
 - (i) proceed to negotiate with the next available firm in the order of selection ranking until a contract is successfully reached or negotiations with all ranked firms end; or

- (ii) close the procurement process without conducting any negotiations with other firms.
- (c) *Final Responsibility Determination.* At the conclusion of the evaluation and selection process, after a firm has been selected, and the Council's Board has approved the selection decision, the Council will make a final responsibility determination for the firm that is selected for a contract award. The selected firm may be required to complete and submit a Firm Responsibility Questionnaire. A copy of this questionnaire is provided in *Appendix 4 – Firm Responsibility Questionnaire*. The Council may make its final determination regarding the selected firm's responsibility based upon any one or combination of: the firm's submittal, reference evaluations, the questionnaire, a review of the firm's financial situation, and any other information the Council requests or determines is relevant to its determination. See Step 1, Sub-Part 2, #2 for the definition of a "responsible" firm. The factors that the Council may use to make its final determination are described in Appendix 1. If the Council cannot determine that the firm is responsible, then the Council may formally, and in writing, end all negotiations with the selected firm and may elect to:
 - (i) make a contract award to the next available firm in the order of selection ranking and proceed to contract negotiations with that firm; or
 - (ii) close the procurement process without making a contract award to any other firms.

A. Modifications of the Solicitation Documents

During the procurement process (including the evaluation and selection process), if the Council determines that this RFP is unclear, information is missing, or is otherwise deficient, the Council may decide to modify the solicitation documents by issuing an Addendum. In the event the solicitation documents are modified, the Council will determine how the evaluation and selection process will proceed (i.e. revert back to Step 2) and will explain this process in the Addendum document. The Council will notify the appropriate firms (e.g. the highest ranked, those in the competitive range) and provide instructions on how to provide a modified submittal. The Council is not required to notify any firms that had a submittal that was deemed non-responsive or any firms that were not deemed responsible. *The Council is under no obligation to modify the solicitation documents or provide any particular firm an opportunity to change its submittal. At all times, the Council will make its decisions based upon what is in the Council's best interest.*

B. Withdrawing a Submittal

A responding firm may withdraw or modify its submittal up to date and time noted in Section IX, Part C. A responding firm that wishes to withdraw or modify its submittal must provide a written notice (signed and on company letterhead) to the Council's designated point of contact identified in Section IX, Part A. Except as noted in Section V, Part A, once the deadline specified in Section IX, Part C has passed, a responding firm will not be permitted to withdraw or modify its submittal, unless the Council determines that it is in the Council's best interest to permit a firm to do so.

C. No Obligation to Award Contract or Pay for Cost to Develop Submittal

This RFP does not commit the Council to award a contract, to pay for any costs incurred in the preparation of a submittal, or to procure or contract for any particular goods or services.

D. Cancellation of this Request

The Council reserves the right to accept or reject any or all of the submittals received as a result of this RFP. The Council may also cancel this RFP, in whole or in part, at any time including, but not limited to, after the Council's Board of Directors has authorized the Executive Director to enter into a contract. The Council will make these determinations based upon what is in the Council's best interest.

E. Unauthorized Communications

After the release of this RFP, a responding firm's contact regarding this RFP or the subject of this RFP must be limited to the person identified in Section IX, Part A. Unless the person contacted is the person identified in Section IX, Part A, any communication (whether oral or written) about this RFP or the subject of this RFP with any person or organization listed below is prohibited and may result in the responding firm's disqualification from the procurement process.

1. Members of the evaluation team or selection committee.
2. A Council staff member.
3. A member of the Council's Board of Directors or other committees.
4. The staff persons or personnel of an organization that will benefit from the project / RFP, including the jurisdiction described in Section I.

The restrictions noted here apply equally to any of the responding firm's subcontractors or joint venture partners.

F. Gratuities, Favors, Gifts Prohibited

A responding firm is prohibited from offering any gratuity, favor, gift, or anything of monetary value to any officer, employee, agent, director, or Board or committee member of the Council for the purpose of influencing a favorable disposition toward the firm's selection for contract award or otherwise affecting the procurement process. *The restrictions noted here apply equally to any of the responding firm's subcontractors or joint venture partners.*

G. Non-Endorsement

If a firm is selected for contract award, the firm shall not issue any news releases or other statements pertaining to the award or the agreement that state or imply the Council's endorsement of the firm's services.

H. Public Records & Information

Responding firms should be aware that any information submitted in response to this RFP might be subject to disclosure under the Missouri Sunshine Act or the Federal Freedom of Information Act. The Council will handle all requests for information related to this RFP in accordance with applicable federal and state statutes. The Council will not disclose any information submitted in response to this RFP *prior* to the selection and retention of a consultant unless the firm provides the Council with written authorization or the Council is compelled to disclose the information by law or judicial decree.

I. Contract Type

The Council anticipates awarding a single, firm fixed price contract paid based upon milestone completion / delivery of products or actual cost reimbursement plus fixed fee contract. ***The payments issued by the Council under the contract will be for only completed milestones, and, except as stated in Appendix 2, Paragraph 10, Part (c)(vi), payments for partial milestones completed or percent work completed are not authorized.***

J. Project Funding

The Council anticipates funding the project using the following sources:

U.S. DOT, through FHWA, Federal Funds	80%
The Council, Local funds	20%

The Consultant shall not discriminate on grounds of the race, color, national origin, religion, sex, disability, or age of any individual in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR Subtitle A, Part 21.5 including employment practices.

These nondiscrimination requirements apply to all solicitations either by competitive bidding or negotiation made by the Consultant for work to be performed under a subcontract, including procurement of materials or equipment. The Consultant shall notify each potential subcontractor or supplier of these requirements relative to nondiscrimination on grounds of the race, color, religion, sex, disability, age, national origin, or ancestry of any individual.

A. D/S/W/MBE Participation for the Council's Project

The Council has adopted a Disadvantaged Business Enterprise (DBE) Program to ensure that DBEs have an equal opportunity to participate in Council projects. Additionally, the Council encourages participation from small (S), women-owned (W), and minority owned (M) business enterprises (collectively S/W/MBEs). D/S/W/MBEs are encouraged to provide a submittal as prime contractors for this project. Non-disadvantaged firms are encouraged to use D/S/W/MBEs as subcontractors or form joint ventures on the project.

All DBE and SBE participation will be governed by the Council's DBE Program and W/MBE participation will be governed by applicable policies, requirements, and regulations of the Council's funding agencies. Responding firms are also required to comply with the federal requirements described in Section VII, Part D.

B. Definitions

1. Disadvantaged Business. The term "Disadvantaged Business" means a small business concern:
 - (a) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals, or, in the case of any publicly owned business, at least 51 percent of the stock is owned by one or more socially and economically disadvantaged individuals; and
 - (b) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

2. Presumption of Disadvantage. Members of the following named groups will be presumed to be both socially and economically disadvantaged by the Council:
 - (a) Black Americans,
 - (b) Hispanic Americans,
 - (c) Native Americans,
 - (d) Asian Pacific Americans,
 - (e) Asian Indian Americans,
 - (f) women (regardless of race, ethnicity or origin), and
 - (g) persons certified as socially and economically disadvantaged by the Small Business Administration (SBA) under the SBA Section 8(a) program.

3. Women's Business Enterprise & Minority Business Enterprise. The terms "Women's Business Enterprise" and a "Minority Business Enterprise" have the meanings set forth by the Missouri Office of Equal Opportunity (MoOEO), found at: <https://apps1.mo.gov/MWBCertifiedFirms/>.

4. Small Business Enterprise. The term “Small Business Enterprise” is defined in accordance with the SBA’s definition, as follows:
 - (a) *“... a small business concern is one that is independently owned and operated, is organized for profit, and is not dominant in its field. Depending on the industry, size standard eligibility is based on the average number of employees for the preceding twelve months or on sales volume averaged over a three-year period.”*
 - (b) The Council will use the SBE size standards provided in 13 CFR Part 121 (as it may be amended from time-to-time) to determine a small business enterprise’s eligibility.

C. Certifications

Any firm that wishes to participate as a D, S, W, or MBE for the Council’s project must first be currently certified and registered. The certification / registration requirements are described below.

1. DBE. In order to be considered a DBE, a firm must be certified and must be registered as a DBE through the Unified Certification Process (UCP) used by the State of Missouri or used by the State of Illinois. Missouri’s UCP directory is maintained by the Missouri Department of Transportation (MoDOT) and Illinois’ UCP directory is maintained by the Illinois Department of Transportation (IDOT). The UCP directories can be found at the following URLs:
 - (a) [Missouri Regional Certification Committee \(MRCC\) Directory](#)
 - (b) [Illinois UCP Directory](#)
2. W/MBE. In order to be considered a WBE or MBE, a firm must be certified and must be registered with MoOEO, must be registered as a female-owned or minority-owned DBE through Missouri’s UCP, or must demonstrate WBE status through its certification with the federal System for Award Management (SAM). The directories / SAM site can be found at the following URLs:
 - (a) [MoOEO W/MBE Directory](#)
 - (b) [MRCC Directory](#)
 - (c) [Federal System for Award Management](#)
3. SBE. In order to be considered an SBE, a firm must meet the definition of a small business, as indicated above, and be registered as an SBE through Missouri’s UCP or through the federal System for Award Management (SAM).
 - (a) [MRCC Directory](#)
 - (b) [Federal System for Award Management](#)

A D/S/W/MBE may include in its submittal a copy of its MoDOT, IDOT, MoOEO, or SAM certification, as applicable.

D. Other Federal Requirements

Federal regulations require that responding firms take affirmative steps to ensure that S/W/MBE and labor surplus area firms have an equal opportunity to participate in and are used, when possible, on projects that are wholly or partially funded with DOT grant funds. These affirmative steps include:

1. placing qualified S/W/MBEs on solicitation lists for subcontracts or joint ventures;
2. assuring that S/W/MBEs are solicited whenever they are potential sources of work or supplies;
3. dividing total project requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by S/W/MBEs;
4. establishing delivery schedules, where the solicitation documents permit, which encourage participation by S/W/MBEs; and
5. using the services and assistance, as appropriate, of the SBA and the Minority Business Development Agency of the Department of Commerce.

E. Documenting D/S/W/MBE Participation

As described in Section III, Sub-Part 4, #4, each firm responding to this solicitation must complete and submit Attachments F and G to document the level of D/S/W/MBE participation. Unless the Council determines that it is warranted, the firm selected for contract award **will not** be permitted to deviate from the participation percentages indicated in Attachments F and G.

In the course of this RFP and the evaluation and selection process, a responding firm (bidder or offeror whose direct economic interest would be affected by the award of the contract) may file a protest when, in the firm's opinion, actions were taken by the Council's staff or the selection committee which could unfairly affect the outcome of the evaluation and selection process.

All protests should be in writing and directed to:

Executive Director
East-West Gateway Council of Governments
1 S. Memorial Drive, Suite 1600
St. Louis, MO 63102

Protests should be made immediately upon the occurrence of the incident in question, but no later than three days after the responding firm received notification of the outcome of the evaluation and selection process. The protest should clearly state the grounds for the protest.

Upon receipt of the protest, the Executive Director will review the actual procedures followed during the evaluation and selection process and the documentation available. If it is determined that the action(s) unfairly changed the outcome of the evaluation and selection process, negotiations with the selected firm will cease until the matter is resolved.

A. Inquiry Submission & Deadline

Inquiries regarding this RFP must be submitted no later than 1:00 p.m. local time on September 6, 2023. The Council will not accept any inquiries after this date and time. Inquiries include questions about or requests for clarification of the information contained in this RFP or about the project in general. All inquiries must be submitted to:

Stacia Alvarez
Director of Administration
East-West Gateway Council of Governments
1 S. Memorial Drive, Suite 1600
St. Louis, MO 63102
(314) 421-4220 ext. 214
staci.alvarez@ewgateway.org

Before submitting a question, firms are encouraged to review Appendix 5 – FAQs – Submittal Requirements.

B. Q & A – Addendums Posted On-Line

In order to ensure that all firms receive the same information about this RFP or the project, the Council will post its response to any inquiry on its website at www.ewgateway.org/about-us/what-we-do/doing-business-with-ewg/contracting-opportunities/. Each firm should visit the Council’s website periodically to check for any additional information. If a firm wishes to have a printed copy of the information mailed to it, then the firm must mail or e-mail a written request to the person identified in Section IX, Part A. This request must be received no later than 1:00 p.m. local time on September 6, 2023.

C. Submission Date, Time & Address

Submittals are due no later than 1:00 p.m. local time on September 11, 2023 to the following address:

“Solicitation # 2023RFP1-SS4APLAN”
c/o Ms. Stacia Alvarez
Director of Administration
East-West Gateway Council of Governments
1 S. Memorial Drive, Suite 1600
St. Louis, MO 63102-2451

A submittal will **not** be accepted if it is:

- ❖ Faxed

Section III contains the formatting, content, and other requirements for a submittal. ***Unless otherwise due to extenuating circumstances and approved by the Council in advance, any submittals received after the date and time listed above will be rejected and returned unopened.***

All submittals, including any attachments, appendices, and work samples, that are received in response to this RFP will become the exclusive property of the Council and will not be returned to the responding firm unless otherwise noted in this RFP or the Council determines that returning the submitted materials is warranted.

D. Optional, Virtual Pre-Submittal Meeting

An optional, virtual pre-submittal meeting is scheduled for 10:00 a.m. on Friday, August 25, 2023. The intent of the meeting is to provide submitting firms the opportunity to ask questions and meet staff so that firms can obtain a greater understanding of the goals and expectations of the project.

Firms can participate in the virtual pre-submittal meeting by computer or phone as indicated below.

Computer:

<https://meet.goto.com/122894429>

Phone:

Number: +1 (408) 650-3123

Access Code: 122-894-429

Firms are strongly encouraged to attend this virtual meeting. A representative of the prime firm should participate in the meeting; ideally, the project manager that will be assigned to the project will participate in the meeting.

E. Interviews

Interviews, if conducted, are tentatively scheduled for the week of October 2, 2023. It is anticipated that each firm selected for an interview will be notified of the interview no later than Monday, September 25, 2023.

Time Availability for Key Personnel

St. Louis Comprehensive Safety Action Plan - # 2023RFP1-SS4APLAN

For each key person that will be assigned to the project, please provide the information requested below. The information regarding current or anticipated projects should reflect only those projects that will be or likely will be occurring during the estimated performance period of the project (see Section II of the solicitation documents). The key personnel listed below should be the same persons identified in Section III, Part B, Sub-Part 1, #3 of the solicitation documents.

Responding Firm _____

Name & Title	Project Role	Firm	List of Current or Anticipated Projects	% of Time Committed to Other Projects	% of Time Committed to the Council's Project

Attach as many of these forms as needed to capture all of your firm's key personnel.

St. Louis Comprehensive Safety Action Plan - # 2023RFP1-SS4APLAN

INSTRUCTIONS:

A responding firm must provide in its submittal a fully completed Prior Work Experience / Past Performance form for **each** of the past projects that it is using as examples of prior work - for either itself or for one of its subcontractors / joint venture partners. The minimum number of past projects that is required is described in Section III, Part B, Sub-Part 1, #3(e) of the solicitation documents.

All of the requested information must be provided. Please type the information into the forms using Adobe Reader or other compatible Adobe product. This form may contain rules, which means that many of the boxes / spaces will auto fill depending on your answers to the questions. If you have any issues with the form please contact the Council's staff person designated in Section IX, Part A of the solicitation documents.

You are NOT permitted to substitute your own format or information for this form.

If you need additional space to provide the information requested in this form, please use the form titled "Additional Information."

The Council and the selection committee will use the information contained in this form during the evaluation and selection process to assess your firm's work experience and past performance. For additional information, refer to Section IV of the solicitation documents.

The Council may contact your firm to obtain additional information based on your firm's answers to the questions on this form.

Note that the Council understands that, due to confidentiality agreements, some of the information requested on this form may be considered confidential; therefore, the Council does not expect firms to provide any confidential information in response to the requirements described in Section III, Part B, #3(e) of the solicitation documents. However, to the extent possible, firms should avoid using project descriptions from those clients that restrict information sharing. If this cannot be avoided, then a responding firm must provide as much non-confidential information as possible. The information provided must allow the Council to determine that the firm's projects meets the requirements described in Section III, Part B, Sub-Part 1, #3(e) of the solicitation documents and that the firm has a history of successful past performance. Responding firms should be aware that if the Council is not provided sufficient information, then the firm's submittal may be deemed non-responsive and rejected or the Council may determine that the firm is not responsible and, therefore, ineligible to be awarded a contract for the project.
