of Governments

Dear Mr. Vanderhoof:

The Federal Highway Administration (FHWA) approves the East-West Gateway Council of Governments (EWGCOG) Illinois Transportation Improvement Program amendments to the FY 2024-2027 (EWGCOG) Transportation Improvement Program, and the FY 2021-2024 Statewide Transportation Improvement Program (STIP) as submitted with your letter dated February 2, 2024.

Based on the FHWA Illinois Division's ongoing Federal oversight of the planning activities at the EWGCOG Metropolitan Planning Organization, we find that the transportation planning process of this region substantially meets the planning requirements described in 23 CFR 450. We can now consider project authorization requests related to this STIP amendment.

Dear Mr. Hall:

Enclosed for your approval and use in accordance with paragraph 23 CFR 450.326 are copies of an amendment to the FY 2020-2024 Transportation Improvement Program for the East-West Gateway Council of Governments (EWGC). The Board of the MPO approved this amendment on January 31, 2024.

We consider the estimate of costs included in this Transportation Improvement Program to be realistic. We concur with the fiscal consistency analysis included in the TIP. The total cost of the TIPs remains consistent with the amount of funds expected to be available to this area during the TIP time period. The Department, on behalf of the Governor of Illinois, concurs with the projects listed in this TIP.

The State of Illinois would also like to amend its FY 2021-24 Statewide Transportation Improvement Program (STIP) to incorporate these amendments to the EWG FY 2024-2027 TIP.

Sincerely,

RE: FY 2024-2027 Transportation Improvement Program Amendment

Dear Mr. Caldwell:

At its October 24, 2023 meeting, the East-West Gateway Council of Governments' Board of Directors amended the Council's FY 2024-2027 Transportation Improvement Program (TIP). The Board approved the addition of 80 IDOT projects to the TIP.

The enclosed memo and project summary detail the approved amendment. This projects are not regionally significant, exempt (40 CFR 93.126, 93.127), and regionally significant with regarding to air quality. The regionally significant projects are included in the current Air Quality Conformity Determination so no new conformity is needed. At your request, minutes confirming the action will be forwarded to your office.

We request that the State Transportation Improvement Program be adjusted to reflect this change so that the projects can proceed toward implementation. If you have any questions concerning the amendment, please contact us.

Sincerely,

Rachael Pawlak  
Senior Manager

### **Missouri Modified Projects**

Metro has requested to modify four projects currently programmed in the FY 2024-2027 TIP. Metro recently was awarded nearly \$196 million in Rail Vehicle Replacement Program (RVRP) funds. These funds were awarded by the Federal Transit Administration following a nationwide project solicitation. The RVRP funding is supplementing existing Metro light rail vehicle replacement projects and will increase the number of light rail vehicles being replaced in its fleet.

This memo outlines the requested changes as summarized above and detailed in the attachment. These projects are exempt (40 CFR 93.126, 40 CFR 93.127) or not regionally significant with respect to air quality in accordance with federal regulations.
