

**Respiratory Masks IFB  
Solicitation # 2024IFB2-MASKS  
Q & A – Addendum # 1  
March 28, 2024**

---

*Below is a list of questions that the Council has received regarding the above captioned solicitation. The Council's answers are noted below (in **bold, italic text**). Note that the questions may have been modified for clarity or to correct grammatical, syntax, and other errors. The information in this Q & A – Addendum document will have precedence over any information contained in the solicitation documents.*

1. There are two types of FM54 Masks. Is the invitation for bid requiring the FM54 APR Assembly (manufacturer's part number 72850) or the FM54 Twinport Specialist Responder Kit (manufacturer's part number 70501-697)?

***The specifications are for the FM54 Twinport Specialist Responder Kit (manufacturer's part number 70501-697), which must include the FM54 Twinport air purifying respirator, CBRNCF50 filter, CTCF50 P100 filter, clear protective outsert, sunlight protective outsert, universal mask carrier, and storage face form.***

2. There are two types of voice projection units. Is the invitation for bid requiring the Voice Projection Unit with Microphone Assembly (manufacturer's part number 71601-11) or the Voice Projection Unit Gen II with Microphone Assembly (manufacturer's part number 602651)?

***The specifications are for the Voice Projection Unit Gen II with Microphone Assembly (manufacturer's part number 602651). This should include the Avon 4-Pin "Y" cable mask adapter with 18" cable (manufacturer's part number 606748).***

3. Section C(2) of Attachment A indicates that delivery must occur by August 15, 2024. While the masks can be delivered in that time frame, there is a backorder from the manufacturer on the voice projection units with a current lead time of October 2024. Will this cause any issues with the procurement?

***Please note the manufacturer's back order issue in Section D(4) of Attachment A. EWGCOG can work with the awarded vendor on issues pertaining to the manufacturing delay.***
